Board of Health.

The regular monthly meeting of the THE EXAMS. -Mr. John Oswald, school difficult matter to glean from their excited correspondents. I believe it would add to board of health was held in the council and somewhat contradictory accounts. It your already large list of subscribers if chamber last Monday evening. The

SANITARY INSPECTOR'S REPORT.

The report from Sanitary Inspector Douglas was then read explaining that owing to the backwardness of the spring sanitary matters in the way of spring cleaning was somewhat later than other seasons, but with tine weather hoped to also drew the attention of the board to a deep excavation on the side of the street where Mr. Thos. Fee and Capt. Crandell had their brick yard. Water remaining in this place was liable to create disease and asked what was to be done in the matter. He reported four houses placarded for contagious cases, two of which he would take down this week. He also referred to a dead horse which had been left on the unused street near the old burying ground and asked if the board would object to its

Mr. Mills thought as the street was not used and there were no houses adjacent it would do no harm to bury the animal

Mr. Stewart thought it would be all right to do so, and thought the inspector should see to it.

Inspector Douglas wanted his instructions from the board, so that complaints could not not be made against him. Chairman Walters said it might not be the right thing to do. They had a dump

should be used for this purpose. Mr. Mills thought there was risk to the public health to attempt to remove it.

Chairman Walters said it could be It was decided to leave it to the discre-

tion of the sanitary inspector.-The report was then adopted.

THE M. H. O. REPORTS.

Medical Health Officer McAlpine made price of beef cattle. They expect this to be a paying season for stock. Horses are still very cheap, from \$5.00 up.

MOUNTED POLICE.—The patrol gang of North West mounted police is back to Estevan for the summer and will make things a little lively in the sporting line, From The U.S.—There has been a great number of American settlers coming.

Officers and members of Court No. 1674, I.O.F., beg hereby to extend to you our sincere and hearty sympathy. While we recognize that He doeth all things well, we at the same time are fully aware that whom the Lord loveth He chasteneth, and also realizing that "sympathy healeth sorrow," we wish you to know that you great number of American settlers coming.

A Good Citizen.—We are sorry to learn.

Medical Health Officer McAlpine made a verbal report to the effect that there was only four houses placarded for contagious in our town..... Our genial tailor, Mr. J. C. McLean, is doing a rushing business this spring. Call and get your spring suit.

River Jottings.—Mr. J. R. Phillips is school and found the floor wet in the basement, and thought there should be a concrete floor. One of the tans were

Mr. Walters thought that the wet floor was occasioned by the water leaking. At the last meeting of the board of education line at present..... Local gardeners are We are gladdened by the thought, how- way in which the leader of the Epworth the question of drainage had come up and was being attended to.

THE SOUTH WARD.

Mr Fleury read a report from the south ward committee to the effect that they had ever lead you and your children by His on Saturday. Although only here a short from the caretaker that during the spring PERSONAL.—Mrs. D.S. Willock, of spirit, and that His blessing may actime she made many friends, who will the drain became frozen and the water backed up into the cellar where it remained for about a day, but they did week by it being reported that thirty men that Mr. Maunder's case be left to the council for settlement, and that they be also requested to have the holes on George

On motion the report was adopted. THE DUMP GROUND.

Mr. Mills had inspected the dump ground and found it in good condition with the exception of a few old barrels,

which should be burned. A SMALL ACCOUNT.

Dr. McAlpine pointed out that there finishing their seeding Fall wheat was a mistaken idea as to Mr. Higinbotham's account, as it was the old BUILDING.—Mr. John Flett, S. Pogue Henry Dawson, is doing a rushing since August last and urged that it be and Wm. Fell are making preparations business. The ring of the anvil is heard account which had been before the board

Mr. Walters said that the account had not been vouched for and hence the delay. He also referred to the decision SEEDING.—Seeding is being rapidly done our old friend, H. H. Copeland, on com- at a previous meeting to divide the
