The Rosedale Bridge.

It is not the intention of the government to grant any financial assistance to the township of Fenelon towards the construction of Rosedale bridge. This is very unfortunate. Nor does the government purpose removing the unsightly piles of stone placed from the dredge along the beautiful shores of Balsam lake and Rosedale river, to the great injury of the prospects of that delightful place as a summer resort.

It has been the rule with the government in the past, in the construction of swings in bridges, to pay the municipality concerned what it cost to make their part of a bridge correspond with that built by the government. In the Rosedale case the government has increased the height of the bridge and rendered the balance of the structure useless. The fair course to pursue in this case would be for the government to grant to Fenelon township the cost of removing the old bridge, adding two feet to the height of the piers and replacing the superstructure thereon. If Fenelon found the old piers and superstructure in such a condition of decay as to require replacing, the council of

that municipality could not look in reason for the Dominion government to pay any of the cost of new piers up to the height of the old ones, or of the new timber for the superstructure. What Fenelon is clearly entitled to is the cost of removing the old bridge, of replacing the new one, and of the extra two feet on the piers. It is hoped that the government may yet do justice to Fenelon township. The sum would be small to Canada, but is great to the Fenelon taxpayer.

Editorial Notes

THE lawn-mower—it is a good thing, push it along.

CHIEF BELL did a good thing when he scattered the Donkey Club on Sunday night.

IT is easily within the memory of many residents of Emily township when steamers ascended Pigeon river to Omeme. The steamers ceased running; the bridges across Pigeon river became fixtures, and now the government seeks to disclaim responsibility for control of the waters of Pigeon river. The people of Emily and Omeme will be curious to know how the government can justify the grant of ten thousand dollars for a bridge across Mud lake, near Bridgenorth, in Peterboro county, away up in the bogs, off the line of the canal, and at the same time decline to construct a couple of swings across Pigeon river, to cost upwards of two thousand dollars, to oblige and accommodate the people of Emily and Omeme. The logic is not easily comprehended.

THAT the Liberals should denounce an expenditure of \$37,000,000 a year before they came into office, and arrange for an outlay of about \$50,000,000 three years after they were elected, is a political curiosity not often encountered. With their promises of retrenchment in mind, their unparalleled increase in expenditure is a serious breach of faith with the electors. People like to be able to take the definite pledges of their legislators seriously and when men find it necessary or expedient to pursue a course exactly opposite and hostile to their promises, it is no wonder if the public confidence in them receives a bad jar that will make itself manifest before many years have passed away. Underlying and discrediting all the boasted achievements of the Laurier government, there is a tendency to trifle with the electors that in the long run will work the undoing of that government. In the fast Atlantic line, the increased expenditures, the stolen tariff, and even the plebiscite, the same vicious principle crops out and is gradually undermining the foundation upon which the Liberal government stands. No fair promises, good fortune or temporary success can avert the disaster that inevitably arises from this chronic trifling and insincerity.

Obituary

ETHEL BERTHA WILDER. The many friends of Mr. and Mrs. Geo. Wilder of Peel-st. heartily sympathize with them in the loss of their only child Ethel Bertha, who died on Monday morning after a protracted illness. She was a bright and winning child but never robust in health, and after a good deal of suffering succumbed to rheumatic fever at the age of nine years. The remains were taken to Severn for burial at Mrs. Wilder's former home.

WILLIAM BROWN. On Tuesday morning there died one of the oldest and most respected residents of Ops township when Mr. William Brown passed to the majority. He was born in Cavan county, Ireland, in the year 1828 and when a young man came to America and lived for a number of years in New York state. In the early days of this section he began farming near Port Hope and twenty-eight years ago moved from there to the homestead on which he died. By industry and good management he had amassed a comparative fortune and owned two hundred acres of as fine land as there is in Ops. Shortly after coming to America he was united in marriage with Eliza G. Aham who has shared his successes and sorrows since that time and now with five children survives him. One daughter died in infancy. The others are Mrs. John Flynn of Toronto, Mrs. B. Corscadden of Ops, Mrs. Newton Seymour of Inkster, North Dakota, and Messrs John and Robt. who occupy the farms cleared by their father. Mr. Brown was a sturdy member of the Orange order, a Presbyterian and a Conservative held in high esteem by all who knew him. The Watchman-Warder offers its sympathy to the bereaved family.

I have been instructed by Mr. A. W. Jewett to offer for sale by public auction the following list of articles consisting of top buggies, top carriages and spring democrats, single and double harness, saddles, etc., at his livery barns, Lindsay, on Saturday, May 27th at 11 a.m. 5 Top buggies, two-wheel car. 1 Two-seated top carriage—for 4 people. 1 Three-seated top carriage—platform gear. 1 Democrat gear, without body, three springs. 1 two wheel cart. 5 Sets double carriage harness. 1 Sett double light team harness. 6 Sets single light harness. Half dozen ladies' and gents' saddles; also one Mexican saddle. This is an excellent opportunity for any person requiring any of the above mentioned goods to secure them at a reasonable price, all useful and good. Terms cash.—19-3. W. A. JEWETT, JAMES H. LENNON, Proprietor, Auctioneer

Protection of Sheep from Dogs

The Revised Statutes of Ontario, 1887, Chapter 271, Section 9, reads as follows: 9. Any person may kill, (a) any dog which he sees pursuing, worrying or wounding any sheep or lamb; or, (b) any dog without lawful permission in any enclosed field on any farm which the owner or occupant thereof or his servant finds giving tongue and terrifying any sheep or lamb on such farm; or, (c) any dog which any person finds straying between sunset and sunrise on any farm whereon any sheep or lambs are kept; but no dog so straying which belongs to or is kept or harbored by the occupant of any premises next adjoining said farm or next adjoining that part of any highway or lane which abuts on said farm, nor any dog so straying either when securely muzzled or when accompanied by or being within reasonable call or control of any person owning or possessing or having the charge of care of said dog, shall be so killed unless there is reasonable apprehension that such dog if not killed is likely to pursue, worry, wound or terrify sheep or lambs then on the said farm. 56 V., c. 46, s. 2.

Stock Notes

-Mr. Geo. Curtis' Newsboy, accompanied by a runner, negotiated the park track in record time on Tuesday. -Mr. Jack Harmon is coming to the front as a colt trainer. The latest acquisition to his string is Mr. Robt. Chambers' bay gelding "Flying Jib" by Canadian Star. -Mr. John Anderson's handsome Canadian Star filly is being driven by Mr. J. Harmon. She is not only learning to act nice but she gives evidence of having speed to burn. -Mr. W.A. Fanning of Cambay has the bay mare Birdie C. in hand and purposes converting her to the pacing gait. If Birdie C. takes kindly to the "hobbles" she will become quite a flyer. -Mr. A. Primeau bought ten head of fine butchers cattle from Mr. W. Silverwood of Oakwood last week. On Tuesday he brought in five of them and the rest come next week. The price was 47 cents per pound. -Horsemen should purchase the "Victoria Horseman's Account Book." It is up-to-date in every respect. An outline cut on which can be noted any peculiar markings. To be had at the Watchman-Warder office. Price 50 cents. -Mr. Jas. Goslin has sold the brown stallion Victoria Chief to Mr. John Henderson of Fenelon Falls. As Fenelon Falls is the home of Mamie S. 221 and Little Hector 212, the blood of old Lapidist Chief should prove very popular in that district. -Mr. Geo. W. Curtis has had to retire the handsome sire Keswick from his route for a week owing to a slight accident. It is expected he will be O.K. next week. The young Keswicks are now coming in and the owners thereof are a contented and happy people. -Mr. Robt. Wallace purposes sending his handsome pacing gelding, sired by Fairlawn Medium, to Mr. Dennis Looe of Napanee for development. A good full half-mile track at Lindsay would keep considerable money at home, to say nothing of what it would bring in. -Mr. Thos. Bowes of Oakwood, the veteran shipper, sent nine car loads of export fat stock to Montreal by special train on Wednesday. They contained some of the finest animals ever grown in Mariposa, Ops and Fenelon. Among those who fed these were Messrs. John Dames, Fred Bros., A. McKay, D. B. Croft, Donald Cameron, J. Broad, Seth Metherell, E. Varcoe, Sinclair Bros. of Salem, Wm. Curtis, Wm. Rich, J. F. Dix, J. Medland, Rich. Hall, W. McCrimmon, Cruss Bros., R. Dale, R. Western, Johns ton Ellis, J. Glenn, J. Davey, J. Snell, Grove, G. McTaggart, J. and H. Watson, and Sinclair Bros. of Cambay. An exceptionally fine beast was a two-year-old that weighed 1540 pounds, and the finest animal from the exporter's point of view was fed by Mr. Geo. McTaggart. Mr. Bowes told us incidentally that he handed out \$10,000 on Wednesday so these feeders must have something in their inside pockets that demonstrates the soundness of the doctrine "feed to a finish."

The 45th Battalion

A general meeting of the officers of the 45th Victoria battalion was held in the council chamber, Lindsay, on Saturday, Col. Hughes, M.P., in the chair. Arrangements were made for attending Niagara camp on 20th June. The Lindsay band will become the battalion band. Bugler Parker will also have an excellent bugle band. Some of the companies are already and willing. Only the very best men will be accepted this year, and applications for enlistment are rapidly coming in. Major Sylvester's patent rifle and accoutrement holder will be supplied each tent. It is probable the battalion will proceed to Toronto by train and thence to Niagara by steamer.

New helmets will be furnished the battalion through the kindness of Mrs. William Mackenzie, whose husband is honorary colonel of the corps. The helmets are white by permission of Mrs. Mackenzie and of Major General Hutton also a "puggery" or plaited band about three inches wide of the Mackenzie tartan will be worn. The famous Seaforth Highlanders and also the 72nd Highlanders are both of the Mackenzie clan. It is not generally known that Colonel Mackenzie holds a high certificate from the old regular regiment military schools, and counts among his ancestry many a brave soldier, officer and man, of the two famous regiments named.

It only remains for the county council to come loyally to the front and furnish "leggies" to have the corps fairly well outfitted. They are a credit to the county.

SELECT AND EXCLUSIVE WASH DRESS GOODS

The almost universal acknowledgment of our leadership in WASH FABRICS has not been attained by handling ordinary goods at low prices. The low prices are here, but our efforts have been directed particularly towards collecting the most select in weave, design and color effects from the largest manufacturing centres of Cotton Goods. Our stock embraces:

- "Primitives from Belfast," beautiful goods, in spots, stripes and figures, our price 20c a yard. - "Organdies from Paris," beautiful, real sheer goods in perfect tints of Nile blue, yellow and pink, special, 20c per yard. - "Dotted Muslins from St. Gall," in pink dots, with white grounds, stripes and floral designs, being modest and subdued in tone, at 10c, 15c, 20c and 25c per yard. - "Piques from Manchester," the beautiful, heavy and rich-looking cords are here as high as 50c and low as 15c per yard. - "Ginghams from Glasgow." We don't know anything to compare with the real Scotch Ginghams for fineness and reliability as to the washing
