And when you get 'em of us, you're getting the newest possible goods.

THE LOCAL BUDGET.

HAPPENINGS ABOUT TOWN IN BRIEF.

Little Local Lines
—Y.M.C.A. excursion to Oshawa on May 24th.
—To RENT—A square piano, tuned lately, \$2.00 a month. O. BIGELOW.—16-tf.
—Col. Sam. Hughes, M.P., lectures in Minden to-morrow (Friday) evening.
—The yacht "Solid Comfort" is floating about the lake, a menace to navigation.
—Mr. W. F. O'Boyle has been appointed secretary-treasurer of the Lindsay creamery.
—The Grand Orange Lodge of British America meets in Toronto on Tuesday, the 20th May.
—Mr. Mc. McLean, who has skated several races in this town, died of pneumonia in Toronto last week.
—At Minden, on Monday last week, James Blair's baby, a child about 14 months old, rolled out of its bed and fractured its thigh bone.
—Steamboat men report the channel in Drummond's bay badly filled in and it would be in order to assail the government with a view to getting a grant to dredge it over again.
—It will make you dollars if you feed your calves Cottonseed Meal or Oil Cake. It makes them healthy and they grow like mushrooms. You can get it at the OAK FRONT GROCERY.—16-tf.
—Miss Mitchell is busy with the summer hats. She has made special preparation for a large trade and has not been disappointed. Even during the past few cool days her large staff has been kept busy. The prettiest creations in head-wear are to be found at her parlors.
—Mr. Graham, caretaker of Sturgeon Point, has added a horse and wagon to his outfit and will rush the carting business this season. The vehicle has a fancy hand-painted box and the animal, while not youthful, departs himself quite nimble at the sight of the Esturion. While endeavoring to reconcile him to the approach of the vessel one day last week his sturdy driver with difficulty prevented him from dumping the whole outfit over one of the highest cliffs and into the lake.

Little Local Lines

—Court of Revision for Lindsay meets in the council chamber on May 26th.
—A Laxton township farmer has potatoes in blossom. The north country is all right.
—Marriage licenses issued by Mr. Thos BEALL at his residence, Albert-st., also at G. W. BEALL'S store, Kent-st.—5-tf.
—Mr. Isaac Moynes, lot 23, con. 2, Ops, has a number of fine Duroc-Jersey pigs for sale, five weeks old. See his advt. in this issue.
—His Honor Judge Harding held court at Oakwood on Monday. Messrs. Steers, Stewart, Anderson and Kenny of the town's legal talent were there.
—The Kennedy, Davis & Co., stove, barrel and heading factory will begin operations in a few weeks. The frame is up and a good deal of the machinery in position.
—Oshawa has passed a by-law licensing vendors of cigarettes and cigarette material. The by-law takes effect on August 1st, and the fee is placed at \$25. Infringements will mean a fine of from \$1 to \$50.
—Saturday morning last Mr. Samuel Reazin of the south ward had a large gash cut in the palm of his right hand by a jointer which he was working at the Sylvester Bros. foundry. The accident will lay him off work for some time.
—Summer is with us once more, and Miss Bannon is prepared with the usual large stock to supply her patrons with all the latest devices in the millinery art. A call will be sufficient to convince the public that her prices are reasonable and her stock up-to-date. Call; no trouble to show 19.
—The Delinquent for June is an exceptionally good number and combines an immense amount of authoritative and applicable advice as to what is newest and most beautiful in the world of fashion, including illustrations of bridal costumes. Every lady should purchase a copy. Only ten cents, at all newsdealers.
—Ten enquiries were received by Mr. W. B. Graham of West Ops in answer to the advt. in the Watchman-Warder of a Durham bull for sale. Mr. Bailey of Bexley was the first to apply, and he secured the animal for \$75. Mr. Graham is a thorough-going farmer and breeds good stock, and the animal sold to Mr. Bailey is fit to head any herd in the province.
—One day last week Mr. John Arnold, the West end butcher, lost a valuable two-year-old colt through accident. The animal was running in the field and ran foul of a cultivator that was standing on the headland. The handle of this implement penetrated its breast, and made a fatal wound. In the winter Mr. Arnold had a horse killed in a runaway so he appears to be in bad luck.
—The annual convention of the East Victoria Teachers' Association will be held in the north ward school, Lindsay, on Thursday and Friday, May 27th and 28th. The program will be interspersed with vocal music and exercises in calisthenics. On Thursday evening a public lecture will be delivered in the Assembly hall of the Collegiate by Rev. Dr. Burns of Hamilton. Subject: "Ideal Government." Col. Deacon will occupy the chair.

—Mr. R. Darke is building a two-story, brick, cottage on his farm a little north of the town. The corner stone was laid on Monday May 8th by Mrs. R. Darke, sr., and the last stone of the foundation by Mr. Thomas Darke on Friday May 12, in a very mechanical way. The brick and stone work is being pushed forward by the Lindsay Bros. and the carpentering work by Mr. Thomas Staples.
—An interesting crowd of people watched Mr. Racycle Lawrence in his really wonderful exhibition of trick riding at the rink on Saturday night. He used the celebrated Racycle wheel and was here in the interest of Mr. Will Goodwin, the enterprising agent. His performance was away ahead of anything of the sort seen in this town. Perhaps the most startling act was taking off the cranks and axle while balanced on a ladder. This feat is only possible on the racycle. "The crank-hanger does it."
—The Bell Telephone Company is to have a competitor in the town of Lindsay and throughout the county of Victoria. The new company, to which a charter has just been issued, is to be known as the Victoria Telephone Company, and will have its head office at Woodville. The provisional directors are: J. G. Eyres and C. E. Weeks, Woodville; Arch Campbell, Lindsay; J. J. Cave, Beaverton; W. H. Johnston, Pefferlaw. Mr. C. E. Weeks, of Woodville, solicitor for the company, was in town on Saturday, arranging certain business matters.
—The auxiliaries of the Lindsay district will hold their first annual convention of the W. M. E. in the Cambridge-st. Methodist church on Tuesday, May 30th, beginning at 9.30 a.m. There will be two sessions, morning and afternoon. Mrs. Platt, president of Bay Quinte Conference Branch, is expected to be present, and will give an address in the afternoon. Delegates from auxiliaries and Mission Bands are expected, and visitors from circuits not having an auxiliary will be welcomed and entertained by the ladies of Lindsay. A good program is provided. Both sessions are open to the public.—20-2.
—The season for doing the annual spring roadwork is at hand, and path-masters should remember that traffic seeks the shortest route to the destination it is desired to reach; this will assist them very much in deciding what road improvements are most urgent in the interest of the public. Time spent on some back road or blind line travelled only very occasionally, and that perhaps unnecessarily, is wasted, and might have been properly used in grading or graveling a central road. Roadwork on the highways of commerce where traffic can be expedited is what tells, and the good road boss will not consider whether the part of the road to be improved is in front of Mr. So-and-so's farm or not; he will have the work done where it is most needed.

Little Local Lines

—On Monday last week Mr. M. O'Halloran bought from "Honey" Tom Webster of Mariposa, nine head of very fine cattle, one heifer weighed 1400, and was as fine a young animal as ever sold in Lindsay. The other eight were steers, and averaged over 1200 each.
—The ministerial members of the annual Methodist District meeting arrived in town yesterday morning and were in session at the Cambridge-st. church all day. This morning the lay representatives joined them and the proceedings will continue until to-night. They consist chiefly in receiving reports from the different circuits preparatory to conference which will be held in Belleville early next month.
—The Misses Paton are showing some of the prettiest summer hats the ladies of Lindsay have ever been offered. They are dainty, airy creatures, correct in style and color. A large experience with a choice class of customers has enabled the Misses Paton to become experts in the fine points of ladies' headgear. The heavy orders of the spring trade are being repeated in the summer goods, and by present indications this will be a record season with these popular milliners.

—Over the coming of springtime they show much delight;
The bluebells are growing on grass-covered ground
And the scents of the lilacs are floating around,
The ploughman is working, the ice man is too;
But the man who mends sidewalks is still hidden from view.

Scorchers

will find that they can fly over the roads with greater ease by wearing one of the beautiful lines of bicycle suits, hose sweaters, caps and belts that Gough is showing, sizes 22 to 33, prices from 75c to \$5.00. Boys blouses, some nice things, showing in prints and satins from 25c to 75c.—19-2.
A Desirable Change
A great many think it is impossible to replace their former growth; these thoughts would be at once expelled from their minds should they see and investigate the Art Hair Coverings manufactured by Prof Dorcas, whose skill in this line is world renowned. Over 36,000 wear his Art Productions. They are feather-weight securely adjusted, durable, and a great protection to the head against cold, catarrh and other ailments, and give a much younger appearance. He is at the Benson House, Lindsay, Saturday, June 3. Don't miss seeing his goods. See advt. in this issue.
Steamboat Notes
—The steamer Greyhound will be placed on her route between Lindsay and Fenelon Falls about June 1st.
—The Alice Ethel has already booked a number of excursions, and will undoubtedly prove a popular excursion steamer this season. She has been thoroughly overhauled, and new hurricane deck and awning added. See advt. elsewhere.
—The popular little steamer Maple Leaf is again on her route between Cobocok and Lindsay. The steamer proved a great convenience last season to north country people, and no doubt Capt. Varcoe will receive substantial encouragement this season. The time table and schedule of fares will be found in our advertising columns.
Equine Notes
—Owing to an accident received a few weeks ago, resulting in a badly sprained shoulder, the standard-bred stallion "Keswick," 2.18 1/2, will not be able to cover his advertised route, but will make his stand at Lindsay for the season.
—Last week Mr. Mossom Boyd of Bobcaygeon arrived in town from the south, bringing with him three fine specimens of the Kentucky Saddler. They were a three-year-old stallion, a four-year-old gelding and a filly. Unfortunately the last-named animal was sick on its arrival at Lindsay, and after suffering from pneumonia till Sunday it died at Dr. Broad's stables. The Saddler is a distinct breed that was raised from a cross of trotting and pacing stock. It has five different gaits, the amble, singlefoot, pace, canter and gallop.
A HARD SUIT
That's the kind of a suit for boys—that's the kind we sell. They are all wool at \$3-35.
DUNDAS & FLAVELLE BROS.
