KERR & CO., Opp. Post Office, Lindsay

ROBINSON AND EWART

For the 24th!

The question is this: "If you are going to go to that picnic, how are you going to take your feet?"

We say: "Take 'em in Oxfords."

Oxfords are cool. They are low priced. They are good lookers. And when you get 'em of us, you're getting the newest possible goods.

Nothing but good shoes, either, at Robinson & Ewart's. Take your feet along in low shoes for the 24th—Robinson & Ewart Oxfords.

74 Kent Street.

THE LOCAL BUDGET. HAPPENINGS ABOUT TOWN IN BRIEF.

Little Local Lines

-To RENT—A square piano, tuned lately, \$2.00 a month. O. BIGELOW.—16-tf. -Mr. D. J. Markham, shoe merchant, town, has assigned to J. H. Sootheran. -Dr. Ryerson of Toronto will be at the Benson house, Lindsay, for consultation on Saturday, June 6th.—21-2. -Seventy young stockers were shipped last week by Mr. P. B. McIlhargy to H. P. Kennedy of Peterboro. They are for a Nebraska ranch. -The division court office will be moved from the court house to the new premises, Smyth's block, about the second week in June. The location is very central. -Robt. Patterson of Bobcaygeon has purchased the old Grantham property in the east ward, and with his family has taken up his residence in town. The property comprises seven and a half acres, with a dwelling. -Alderman Ingle is making an extensive shipment of sash, doors, frames, etc., to the upper lake. It comprises all the necessary fixtures for three new houses that are being erected near Caesarea this spring. -Mr. M. H. Sisson, shoe merchant, has added an addition to the rear of his store, to be used as a repair department. It will be in charge of Mr. Geo. Robinson, late of the West End stores, who is a very capable workman. Ordered work attended to promptly. -The members of Westminster lodge No. 30, S.O.E., will attend divine service at St. Andrew's on Sabbath morning next, when the pastor, Rev. J. W. Macmillan, B.A., will preach a sermon appropriate to the occasion. All Englishmen are invited to meet with the brethren at the lodge rooms over Blackwell's store at ten o'clock and join with them in the service. -20 dozen men's neck ties made in bows, knots, puffs, four-in-hand and Lombards at 25c. each. DUNDAS & FLAVELLE BROS.

Little Local Lines

-Marriage licenses issued by Mr. THOS BEALL at his residence, Albert-st., also at G. W. BEALL'S store, Kent-st.—5-tf. -Cannington lacrosse club play the Lindsay's here on June 2nd. The return match will take place a week later. -It will make you dollars if you feed your calves Cottonseed Meal or Oil Cake. It makes them healthy and they grow like mushrooms. You can get it at the OAK FRONT GROCERY.—16-tf. -Mr. L. Gillanders of Argyle visited Lindsay last week and placed the contract for all the necessary sash, doors, frames, etc., for an up-to-date residence. Alderman Ingle's name was attached to the successful tender. -According to the figures given in the Christian Guardian, the Bay of Quinte conference of the Methodist church has 49 churches in debt to an amount over \$500 each; 54 churches under that amount, and 57 entirely free of debt. -By the death of Mary Ann Kennedy of Stouffville, who left property valued at \$26,737, the Church of England synod gets two houses and some 16 acres of land worth \$8,000, and John Smyth of Maple Lake, Haliburton county, is left \$5,000. -For up-to-date millinery Miss Mitchell is not surpassed. She has given special attention to buying and manufacture. A large staff is now working overtime to keep pace with the heavy volume of business. She invites your patronage. -Messrs. Staples and Hopkins of Huntsville, Muskoka, are the inventors of a life preserver that weighs but ten ounces, and can be worn under the clothing if desired without inconvenience. If it is what is claimed it will fill a long felt want, and should prove a money-maker for its inventors. Miss Bannon is prepared with the usual large stock to supply her patrons with all the latest devices in the millinery art. A call will be sufficient to convince the public that her prices are reasonable and her stock up-to-date. Call; no trouble to show.—19.

The house is in a tangle— There's a trap in every angle— There's confusion with the soapuds, the kids and yellow pup: They are cleaning house like thunder— In, over, 'round and under— And you have to eat your breakfast and your dinner standing up.

-Tuesday was Empire Day, and the event was celebrated in the public schools in town. The forenoon was devoted to a study of the British Empire, and to Canada as a part of the Empire. In the afternoon addresses were given by members of the Board of Education and the resident clergy. Patriotic songs were rendered by the children, many of whose parents were present. The day was very pleasantly and profitably spent.

-Mr. Samuel McGill of the east ward refutes the rumour that he has accepted the local inspectorship of the Scugog waters. He states that the salary is altogether inadequate to the services demanded, and when it comes to cutting up the "water-melon" if his allegiance to the party in the past does not entitle him to a decent share of the dainty fruit then he don't want any of it.

-A woollen mill is usually thought of as very noisy and not very clean, but in the latter respect Messrs. Horn Bros' mill is an exception to the rule. An ordinary visitor is struck with its uniform clean and tidy condition. The official eye is also gratified, for two inspectors recently paid the proprietors the highest compliments, one of them declaring it is the best-kept woollen mill in Canada.

-Mr. J. A. Culverwell, the active promoter of the Burleigh Falls power scheme, arrived in town Saturday. He has closed several additional contracts for power, among them being the Victoria flour mills and the Kylie carriage works. Mr. Culverwell claims that Toronto capitalists are taking a deep interest in the scheme, and he expects to have everything running by the latter part of September.

-The Victoria Creamery is kept hustling these days. The increased supply of milk has made it compulsory that the separator should operate every day. The receipt of milk on Monday reached the 8,000 pound mark, while the regular daily receipts run between 4,500 and 5,000 lbs. Mr. Jacobs has undertaken to handle the buttermilk and pasteurized cream, and has put a rig and pasteurizer on the street. This trade is only in its infancy, and the outlook for a heavy business in this line is already assured by the daily increasing sales.

-"Scenes from Scotland and Ireland" was the theme of a lecture given under the auspices of the Y.M.C.A. in their rooms by Col. S. Hughes, M.P., on Thursday evening last. From an instructive and entertaining standpoint, this lecture is simply par excellence. The gallant Colonel gave an introduction a few views of local scenery, depicting our beautiful waterways, islands and lakes. Then came "Auld Scotia" with historical lochs, vales, glens and castles, replete with romance, verse and song, told in a charming manner, interspersed with personal reminiscences, often humorous, by the genial lecturer. A often humorous, by the genial lecturer. A often humorous, by the genial lecturer. A often humorous, by the genial lecturer.

-In some unaccountable way we spoke of Mate Hamilton in our reference to the crew of the Esturion a couple of weeks ago. However it happened it was not because we are not perfectly well acquainted with the genial "Jimmy" Johnston, who has for two years been the second officer of the boat. Nor was it because we did not know that he is the most skilled pilot on this section of the Trent waters. He knows the routes from Lakefield to Rosedale like a book, since he was for years in charge of the government yacht "Empire" with Mr. Rogers, chief engineer of this section of the Trent canal. Capt. Diamant is fortunate in having Mate Johnston at his right hand.

-Our makes and styles of boys' suits beat everything. What about your idea of a \$4.00 suit for \$3.00. Have a look at them anyway. DUNDAS & FLAVELLE BROS.

Our Clothing the Finest.

We've looked through every Canadian makers ready-to-wear Clothing stock. If there's anything going that's extra value we get a slice of it. When in town make for our Clothing store at once and have a look through. We have the finest and best line of Clothing in the County of Victoria. We buy only reliable makes. If you can't be suited here you had better give up.

BOY'S CLOTHES ! YOUTHS' CLOTHES ! MEN'S CLOTHES !

Dundas & Flavelle Bros.

Little Local Lines

-The monthly meeting of the Church of England Temperance Society will be held in St. Paul's Sabbath school on Monday evening at 8 o'clock. Everybody invited and welcomed. -At Whitby on Monday the grand jury returned a true bill against the boy Edward Elliott for the murder of William Murray of Beaverton. Elliott was arraigned and pleaded not guilty. -Mr. Bert Weese was leading a horse on the street last Tuesday that has lived two years more than ten decades, that is to say he is 42 years old, but was quite nimble and of good carriage. -A test fire alarm was given one day last week at the Central school, Port Hope. None of the teachers or scholars knew anything about it and the building was emptied of every scholar and teacher in the most orderly manner in forty-five seconds. -The breaking of one of the disks of the twin engine in the Crewe saw mill on Monday rendered it necessary to shut down until Thursday. The shingle mill is running night and day. The Noyce's Creek and Squaw River drives have reached open water. -The East Victoria Teachers' Association meets in convention in the north ward school, Lindsay, this afternoon and tomorrow (Friday). On Thursday evening Rev. Dr. Burns of Hamilton will lecture in the assembly hall of the Collegiate. Subject: "Ideal Government." The public are invited. -Mr. Joseph Brown's trim little yacht Retta, which was built over and lengthened to 30 feet during the past winter, made her trial trip last week to Washburn's Island, and proved very speedy. On the home run the distance from O'Connell's point to Lindsay, over eight miles, was covered in one hour. When the machinery gets running smoothly the Retta will make ten miles an hour with ease. -The annual meeting of the West Victoria Farmers' Institute will be held in the council chamber, Lindsay, on Tuesday, June 6th, at 2 p.m., for the transacting of general business, electing of officers for current year, etc. A. B. Shuttleworth, B.A., Sc., Ph. D., professor of chemistry in the Ontario Agricultural College, will be present and address the meeting on "Forest Influences, Soil and Fertilizer." Every farmer in the district should be present to hear this address. -Col. S. Hughes, M.P., will lecture under the auspices of the Women's Christian Temperance Society of Lindsay on June 9th. The subject of the lecture is "England, Scotland and far-away Australia," illustrated by handsome stereoscopic views. The Academy should be secured for this lecture, so that all may attend. It will be very instructive and interesting. The majority of the views were taken by Mr. Hughes himself during his recent trip to the lands mentioned.

Little Local Lines

-The first annual meeting of the stock holders of the Victoria Telephone Co. will be held at Woodville on Saturday, June 17th, at 3 p.m. The first monthly assessment of five per cent. is now due, and payable at Edwards & Co's bank, Woodville. -Percy, the eight-year-old son of Mr. Geo. Woods of the east ward, fell into the river between eight and nine o'clock on Wednesday morning and was drowned. The young lad was fishing above the Sadler and Dundas saw mill and in some way slipped into the water. It was half an hour before the body was recovered. -The Misses Paton are sparing no pains or attention to sustain the reputation they have gained as fashionable milliners. The volume of trade secured by their goods and workmanship is steadily increasing. The newest and brightest things in hat-dress are always to be found among their stock. Call on the Misses Paton and see about your summer hat. -Chief Bell goes to and fro behind a smiling visage now-a-days. Reason: One Doyle of wrestling and other fame who was gathered in here a short time ago and caused to languish in the municipal buildings pending the arrival of Uncle Sam's minions of the law has been taken over to that territory for trial, and one day this week the \$100 reward money arrived in the Chief's mail. -A team of horses hitched to a load of furniture ran away on Tuesday morning, and scattered their burden around in a lively fashion. At the corner of Peel and Cambridge-sts. they became frightened, and the driver, who was insecurely seated, was pulled to the ground and narrowly escaped injury. The team turned south at the avenue and was caught at the freight sheds. The furniture belonged to Mr. E. Daly. -The "giant" fire-cracker was very much in evidence yesterday, in the celebration of her gracious Majesty's birthday. One of these explosives was placed on the top of a "Weary Willie's" fedora, who had just stepped into a Kent-sc. barber shop, and the fuse lighted. The concussion that followed never budged the tramp, but not so with the glass in the window close by. Two large panes were shattered as effectively as if hit with a stone. In an up-town hotel a youth reclined half in slumber and the other half on something else. A practical joker conceived the idea of placing one of these giant crackers on the window-ledge close by, and touching it off. The explosion that followed was terrific. The window-shutter was wrecked, and several panes of glass ditto. The slumbering youth was on his feet in an instant and made a bee-line for the door, yelling "Murder; I'm shot." When the bill of damages was presented to the p.j., he could hardly see where the joke came in.

Little Local Lines

-The undersigned is leaving Little Britain and offers for sale either one of two good carriages, made by R. Robertson. One has only been used five times and the other about six years. Either will be sold at a bargain if taken at once. Apply to Riv. F. B. STRATTON.—20-2. -The new cheese factory at Reaboro commenced operations on Monday last. -House to rent at \$1.50 a month. Apply to O. Bigelow or J. H. Sootheran.—19-tf. -Many people were afraid to leave town yesterday owing to talk of a general railway strike. -The Peterboro Juniors defeated Lindsay's Lacrosse team, in a friendly game yesterday, by a score of five goals to one. There was a very slim attendance of spectators. -Visitors at Sturgeon Point yesterday were greatly surprised to witness the devastation in the forest foliage by worms. The corporation should purchase an "up-to-date" sprayer. -The Ontario Jockey Club races are on this week and a number of Lindsay sports are trying to beat the "book-makers." The exciting event of the meeting was the defeat of Mr. Sengram's entries for the Queen's plate, Mr. Hendrie's Butter Scotch being the winner. -The committee to whom was referred the task of forming the Ontario Lawn Tennis League and arranging the districts, have made their report, and the following comprise district No. 13:—Port Hope, Cobourg, Bowmanville, Oshawa, Whitby, Newcastle. -While Mr. Frank Dennison, tinsmith, was assisting his children in the proper celebration of the Queen's birthday, he met with a painful accident. After lighting the fuse of a large giant fire-cracker, he held it in his hand just a moment too long, and when the explosion came, two fingers of his right hand were badly lacerated. His face was also slightly scarred. He will be laid up for several days. -General Roadmaster Ferguson says that the foremen and trackmen employed in the yards at Toronto, Stratford, Hamilton, London, Chatham, Sarnia and other big places are paid better in comparison than the C.P.R. men. "Harry" must surely mean the "trackmen" in the head offices. He should have thrown in Lindsay and Belleville, if only out of respect for the old Midland. The trackmen, however, are quite willing to accept the C.P.R. schedule of wages.

Carriages for Sale

BOY'S CLOTHING -The boys say that our suits are just the stuff. If your wise you'll bring some of those boys in and get them one of our \$2.65 suits. DUNDAS & FLAVELLE BROS.
