### MR. EDWARD BLAKE.

His Reply to the Invitation From the Irish Party.

Mr. Edward Blake sent to The Mail on Saturday the following statement regarding the invitation he has received from the leaders of the Irish party to contest an Irish seat at the approaching Imperial general elections:

"Though I would have preferred to await a final conclusion before saying anything with regard to the unanimous invitation of the Irish party to accept an Irish seat in the Imperial House of Commons, yet, in view of its publication and of the many inquiries I have received, it is perhaps better that I should make a brief statement before leaving for Murray Bay.

"On Tuesday last I cabled to the effect that I was deeply sensible of the high honour done me, but feared I was too old and too unfamiliar with the arena to be in any degree useful to the great cause, I would accept a safe seat, but that I could not attempt a doubtful or costly contest, and it would be rather difficult for me to start forthwith, and I request certain particulars, which I thought important, as to the time of leaving and the proposed seat.

"The pressure on the time of the Irish leaders is just so overwhelming, and they are called on to deal with so many matters of infinitely greater moment, that an immediate reply to my enquiries could not reasonably be expected; and I have no further information on the subject.

"This is not the time to give reasons for a decision, which I cannot help, sometimes hoping may, after all, be ineffective. I may yet be spared the pain of leaving Canada. Let me just say now that, should it be my lot to go, I can be sustained only by the belief that I go in the discharge of duty, and by the hope that I may before long return to my home and friends."

Mr. Blake left on Monday for Murray Bay, where he has a summer residence. On receiving a favourable answer to his message to the Irish leaders he will set sail at once for the Green Isle. Before sailing he will visit Toronto, but he intends to spend the months of September and October here as it is not customary for the Imperial House to meet until November. Many called on Mr. Blake on Saturday afternoon and Sunday to bid him good-bye and wish him success in the Old Land.

### Men of Ulster Will Resist.

BELFAST, June 18.—At the Ulster convention yesterday Mr. Andrews, president of the Ulster Reform Club, declared on behalf of the Liberal-Unionists that they would never elect members to a Dublin parliament and would never give their allegiance to such a body. Mr. Andrews concluded his speech amid the greatest enthusiasm, the whole convention rising and wildly waving hats and handkerchiefs. He declared "that as a last resource we are prepared to defend ourselves and we will do so."

The resolution was carried unanimously. Rev. Dr. Lynd, a Presbyterian clergyman, moved the adoption of the second resolution. He denied that Ulster men were animated by bigotry, for a parlia-

ment, when dominated by a reckless spirit of lawlessness, would be dominated by a most intolerant and arbitrary priesthood. Rev. Dr. Kane, a clergyman of the Church of Ireland, seconded the motion, which was also supported by Mr. J. D. Dunville, Mr. W. J. Doulaghan, a tenant farmer, Mr. Robert Greer and others. This resolution was also unanimously adopted.

The third, fourth and fifth resolutions were then taken up in turn, and after a number of speeches were made, in which the speakers reiterated the idea of resistance, as voiced by the previous speakers, all were adopted by unanimous votes. Captain Sharman-Crawford then proposed a vote of thanks to the Duke of Abercorn for presiding. Mr. J. J. Whyte, D. L. (Loughbucand), seconded the motion. The vote of thanks was passed and the immense crowd then arose and joined in singing "God Save the Queen." The volume of sound was tremendous.

Rev. Dr. McCutcheon, president of the Methodist College at Belfast, then pronounced the benediction and the convention ended. The proceedings occupied a little over two hours.

### NORTH-WEST NEWS.

An Insane Irishman's Frenzy—Lively Times at Edmonton.

WINNIPEG, June 19.—Patrick Casey, an insane Irishman who is under the impression the detectives are on his track, on Saturday set fire to the Canadian Pacific railway bridge not far from this city, to prevent them from following him on a train. The westbound train was proceeding on its way, smoke was seen rising from the debris, and the train was stopped before the spot was reached. As the train went forward to inspect, the man rose from a ravine and started off on the run. He was overtaken and placed under arrest. It was immediately seen that the poor fellow was demented, as Carey acknowledged doing the work of destruction and explained that he had done it to prevent detectives in pursuit from crossing the structure. Casey was brought into the city, and is now in a cell.

There is a big row at Edmonton between residents of the present town site and those who are booming the new town site across the river. The climax was reached on Friday when, acting under instructions from headquarters, the officials of the Dominion lands and crown timber officers attempted to move their building across the river. The citizens of the old town gathered in a body and forcibly took possession of the buildings, preventing their removal. An indignation meeting was held on the scene of the row and a telegram was sent to Ottawa asking that the order for removal be rescinded and demanding the dismissal of Land Agent Anderson, whom the excited citizens appear to hold responsible for the trouble.

Ex-Archbishop-General Martin left for England yesterday, in connection with the appeal in the Manitoba school case. Richard Embree, C. P. R. agent at Boissevain, who skipped out with the company's funds, has been captured near Calgary.

### J. NEELANDS,

L. D. S., M. R. C. D. S. ONT. DENTIST, Lindsay.

By the aid of the new Hydro-Carbon Gas Furnace he can make indestructible porcelain fillings and restore broken and decayed teeth to their original shape, contour and color. By this process old roots can have porcelain crowns attached; consequently THERE IS NO PAIN REQUIRED.

Gas, Vitalized Air, administered for nearly 23 years, extracting teeth for thousands of persons without a particle of pain. He uses the latest approved appliances for administering the Gas. He studied under Dr. Colton, of New York, the inventor of gas for extracting teeth, who has given it to over 160,000 persons and not a fatal case.

Mr. NEELANDS uses Ball's Local Anesthetic for extracting teeth. He is now using a new style of forceps, which he had expressly manufactured while on his last visit to New York, which removes the teeth without danger of injury to the gums or jaw, the gums healing up beautifully in a few days, and no consequent trouble. Artificial teeth inserted on all the popular bases and by the most approved styles and appliances for their retention and comfort. Numbers of persons are wearing teeth made by Mr. Neelands over 20 years and never required repairs. Prices from \$10 to \$25 for an upper or under set.

Persons from a distance will please send a post card before coming. Office, Kent Street, Lindsay
