A BIG DROP

Keep your eye on this space from week to week; it will pay you.

In prices is usually accompanied by a falling off in value. The prices we ask for our goods represent the honest value of the best the market affords. Paying less than we ask is getting quantity at the expense of quality.

GROCERIES

Another lot of Tables with Powder at 50c. Another lot of Clothes Driers with Powder at 60c. We have sold hundreds of tins of this powder and have not had a single complaint. 1 lb. tins of Jubilee Coffee and a Silver-Plated Spoon for 35c. Jubilee Blend Black Tea—To introduce this Tea we are giving a handsome Cup and Saucer with every lb. for one week only. Price 50c per lb.

BOOTS AND SHOES

See our Men's \$1.25 Boot—glove grain, standard screw, solid leather insole; positively the best boot in the market for the money. Bal. or cong. Girls' Button School Boots—pointed toe, stylish, light, strong—only \$1.15. The biggest snap we have is in Men's Working Boots at 90c.

The JUBILEE WHEEL is

THE "ANTELOPE"

It is an English wheel. It is the only English wheel sold at popular prices. It is the only narrow tread roadster. It is the wheel with the red double crown and gold rims. It is a wheel whose reputation rests on excellence throughout and not an any hobby. It has its good points better shown by comparison with the best makes than by advertising.

The Victoria Hospital.

The proposed Victoria hospital has been so favorably received and will supply a need that appeals so powerfully to public sympathy and support that we are confident the county council will not hesitate to give it the necessary "send off," as they have been urged to do. As will have appeared from the reports in THE WATCHMAN, the council is asked to vote the sum of \$2,000 on the strict understanding that it is not to be used until the promoters—who are men of the highest respectability, and whose efforts in this behalf are disinterested and self-denying—have obtained the \$8,000 to make up the \$10,000 required to carry out the hospital plan. It is a noble and beneficent scheme, and we cannot believe that the county council will hesitate in doing their part, properly hedging the contribution, as desired, with proper safeguards. We do not imagine that any form of memorial in honor of the queen would be more gratifying to her majesty than one designed to alleviate human suffering and to help those in sickness and acute distress. We do not advance her majesty's approval or the memorial idea as the main reason for embarking upon the enterprise, but as this is the occasion of a world wide celebration it has been deemed proper to have the leading local memorial of the auspicious event take this beneficent form. It appeals to the loyalty, the imagination and sympathy of the people, and should succeed. We think that on geographical grounds Lindsay would be a most convenient site for a hospital, which would supply the needs not only of the county and of Haliburton but of other portions of the district. We need not take up space in advancing arguments in favor of the scheme. All who have given any consideration will at once admit that it is needed and that it will be a great and general benefit. Its benefits will not be confined to one place—to one town or township, but will be far-reaching.

LOCAL NEWS-LETTERS

LITTLE BRITAIN.
Special to the Watchman.
MARRIAGE LICENSES.—J. B. Weldon issuer of marriage licenses, Little Britain.—12th.

PERSONAL.—Mr. Stone of Greenbank was in the village over Sabbath, the guest of his son Philip. Dr. Parker of Stirling was in town on Monday visiting his brother at the drug store. Rumor says with a view to the removal of the latter from this place to our village. Mr. T. H. Morton, our genial pot master, returned home from Newmarket on Sabbath evening, wli her he had been sent to attend the Christian conference which was in session there last week. He reports having enjoyed himself immensely. From his sober appearance we opine his stay among the black coats has had a salutary effect upon him. Rev. Mr. Garbutt, who attended the same conference, reached home on Monday. Mrs. T. Broad, who left here some months ago in a precarious state of health, returned on Saturday last, accompanied by her daughter, very greatly improved. Their purpose spending the summer in Canada. Mrs. Carnovsky of Kingston, who has been spending some time at the parsonage, returned to the city on Monday night. Mrs. W. H. Pogue took advantage of the excursion to Toronto on Tuesday last to visit the city on business, and returned with quite an addition of choice goods. Dr. Vrooman and family took their leave of Little Britain last Thursday. Very many regrets were expressed. We are pleased to note that his successor, Dr. Hall, is winning his way to the homes and hearts of the people, and will no doubt make his practice a success. He moved in the old stand the same day that Dr. Vrooman left it.

NARROW ESCAPE.—What might have been a most fearful calamity was almost miraculously averted one day last week, and no one can tell how Mr. Archie Glenn was raising a large barn, and while endeavoring to place the pulpit plate in position, the post and brace fell—striking three men below—Mr. Metcalf was rendered unconscious for a time, while Messrs Robert Henderson and Lapp each received a heavy blow upon the arm. While the man above was holding on to the post, the brace preceded it, striking Mr. Lapp's arm, changing his position sufficiently to prevent a fatal blow from the post which could no longer be held. The wonder is no one was killed.

FARWELL.—Rev. A. R. Delve farewelled last Sunday. During his stay here he won the esteem and confidence

of all classes, old and young, by his genial social pleasant manner and suave disposition. He is destined to make friends wherever he goes. He leaves here for Wilberforce with the prayers and best wishes of hosts of friends.

ANNIVERSARY.—The anniversary of the Little Britain Sabbath school will take place next Sabbath. The sermons are to be preached by the Rev. W. J. Metherell, of Prince Albert. On Monday evening there will be a platform meeting and an excellent program at 2.30. Tea from 4.30 to 7.30. In the evening addresses will be given by Revs. Meatherell, McFarlane and others. A grand time anticipated. Only 25 and 15 cents to it all.

DELIGHTED.—Quite a number took in the Salem tea last Monday, and came home delighted with everything. **PROGRESSING.**—We notice that Miss Nettie Stratton is making good progress on her new bicycle. **WELCOME.**—Rev. A. J. Terrill, B. A., our junior preacher for the coming year, arrived in town on Tuesday and has taken up quarters at the old home where so many young men have found Mrs. Wallace to be a real mother to them. We bid him welcome and wish him success.

HYMENEAL.—A noted event occurred here on Wednesday, when Miss Lottie Davidson was united in marriage to W. J. Henderson, M.B., of Cannington. The ceremony was performed in the church by Rev. F. B. Stratton in the presence of a large crowd of invited guests and others. **NEW BARN.**—Mr. A. Glenn has just completed the erection of a fine bank barn, 60x60 with hip roof. The carpenter work was executed by Mr. Thomas Shears of Oakwood and the mason work by Messrs. Wm. Jones and T. Bacon of Sunderland, and it is not overdrawing the mark to state that a better piece of mason work was never placed under any barn in this section, or any other section for that matter. These men understand their business, are hustlers and moderate in their charges.

BRAULE'S-MARIPOSA.
Special to the Watchman.
FISHING SEASON.—The one that got away and the story told of him always corresponds, both being regular whoppers. Lots of maskinonge in Scugog. But there are two men for every boat and two boats for every fish. Friday morning eight boats with trollers were noticed, all fishing within speaking distance of each other. One Junge was taken last week weighing 25 lbs. How is that for high? Fact, however. Beat it, ye fishers in Sturgeon, Balsam or Simcoe. We very much doubt your ability to do so. Score one for the weedy lake.

A PAINFUL MISHAP.—Master John Lunney is nursing a very troublesome pet in the form of a badly lacerated hand and is pretty thoroughly convinced of at least one thing—that a barbed wire fence and a big hurry are liable to form a disastrous combination. The wound though deep and painful is healing nicely and John will have the use of his hand again in a few days.

ACTUALLY A WEDDING.—In a previous news-letter we lamented the fact that our unusually wide-awake up-to-the-front neighborhood was letting June pass without having any weddings. Cupid evidently roams THE WATCHMAN and bestowed himself with a marvellous celerity, and lo! and behold you're going to have a wedding right away. It's about time the merry bells of this community had some of their rust jingled off. Much obliged to you, Sandy, for setting them going. May their joyous June tinklings come soon and often.

TOO MANY OATS.—Sunday morning last as the family of Mr. S. Culbert were returning from Zion church their horse gave a sudden and unexpected jump sideways, completely overturning the buggy and throwing the occupants out. It seems almost miraculous that none of them were at all seriously injured. The connections between the box and axle were broken and the horse returned to Zion dragging the wheels with it and smashing them against the lamp-post, thus completing the wreck of a valuable buggy. This although a heavy loss seems trifling when we think that this mishap providentially escaped the more serious or even fatal termination such accidents often have. Sunday evening on the road south of Salem a similar event occurred, which for a short time made considerable excitement. Mr. Jos. McEggar of Soons was driving a young crowd of rigs and became frightened at a collision with the fence caused a spill, a smashed buggy and a runaway. The results in this case, as in the other, although serious enough, were not as bad as they might have been, the occupants escaped with severe, though not serious, injuries. Careful, Jimmie, or they may be afraid to go driving with you any more. Mr. W. J. Hall and W. H. Rogers have also been the heroes of equine casualties during the past week. We hope there won't be any more. We know this neighborhood possesses the finest lot of horses to be found in seventeen townships and we're proud of them. But we don't like to see them tear things all to pieces as they have been doing lately. Time for a lock on the granary.

ON THE SHELF.—A frog in our throat and a saw mill in our head accompanied by two axes to the square inch throughout one's entire anatomy is not at all pleasant any time, much less so when there are

anniversaries on hand. Your correspondent can speak from experience, having been indulging lately in that ubiquitous malsdy known in local parlance as the "grip." There is just one little grain of consolation about it—every other person you meet has got it, getting it, or just over it. Misery for once has plenty of company. And to think that we have to miss Salem tea is a downright shame. We are reduced to the delicate situation of writing it up by hearsay, and being one who is convinced that you can believe only one-half of what you see and nothing of what you hear, we refrain from noting particulars lest we should get facts twisted. Everybody went to Salem last Sunday and Monday, everybody expected to see and hear and eat something good, and nobody got disappointed. Further than this we will not venture to state, but leave the residue of Salem news to the tender mercies of some worthier and better posted correspondent.

THE JUBILEE CELEBRATION

(Continued from first page.)
FOOTBALL MATCHES.
Two interesting football matches took place on the agricultural park. In the morning the Y.M.C.A. juniors met and defeated the Oakwood team after an exciting contest by one goal to none. In the evening the Y.M.C.A. seniors faced the kickers from Port Perry, but as neither sides could score the game was declared a draw.

GAMES AT THE PARK.
The agricultural park was the centre of attraction in the afternoon, and fully 3000 people congregated at that point to witness the athletic games, bicycle races and baseball match. The games proved very interesting and competent judges were especially well pleased with the work done by young McMillan, and prophesied that if given an opportunity he will develop into a star athlete. The bicycle races were perhaps the feature of the day's sports, and created no small share of enjoyment. Following are the prize winners:—
High jump—1 J. McMillan, 2 McLean.
100 yard race—1 H. Hartley, 2 Martin.
Bicycle race, (one mile novice).—1 G. Hughes, 2 N. Houghton.
Hop-step-and-jump—1 J. McMillan, 2 Carl.
120 yards hurdle race—1 J. McMillan, 2 Carl. (protested).
Throwing hammer, (16 lbs.)—1 McLean, 2 Ryley.
Bicycle races, (boys under 16)—1 Bell, 2 Sylvester, 3 Gladman.
200 yards race—1 H. Hartley, 2 J. McMillan.
Pole vault—1 Carl, 2 McLean.
Putting shot, (16 lbs.)—1 E. Lytle, 2 J. McMillan.
440 yards race—1 J. McMillan, 2 J. Martin.
Bicycle race (professional)—1 C. Greatrix, 2 R. Gordon, 3 W. E. Houghton.
Boys' 100 yards race—1 Ray, 2 A. Hartley.
Running long jump—1 J. McMillan, 2 Carl.
Relay bicycle race (3 in team) C. Sutherland, J. Martin and W. Jeffers.
Bicycle race, (3 mile club handicap)—1 J. Taylor, 2 G. Hughes, 3 N. Houghton.
Tug-of-war—1 Capt. Gray's team.

BASEBALL MATCH.
Considerable local interest was manifested in the baseball match, Lindsays vs. the Independents. The Lindsays didn't do a thing to them. They just pounded their battery out of the box and gave the base runners that tired feeling which prevented them from negotiating the home base, while their opponents were sally out of practice. The game was called at the end of the seventh innings, the score standing 20 to 4 in favor of the Lindsays.

THE SCOTCHMEN ARE IN IT.
In the evening the local camp of Sons of Scotland, in unison with their "brother Scots" throughout the British Empire, arranged a monster bon fire just west of the railway track on Victoria-ave and thousands of people assembled to witness the cheerful blaze. Mr. James Keith immortalized himself and pleased the vast assemblage by firing off innumerable rockets.

A PATHOTIC ADDRESS.
Unquestionably the most pleasing feature of the day's proceedings to those who were fortunate enough to be within hearing distance, was the able address delivered by the Rev. J. W. Macmillan, B.A., of St. Andrew's. The speech was one long to be remembered, being rich in mutual rejoicings, comparisons, national rights and liberties, and lofty sentiment. The proceedings concluded with the national anthem.

Sporting Notes.
—Mr. W. H. Simpson's trotting stallion Manager was among the three minute men at Peterboro on Tuesday, but owing to close decisions by the judges failed to land inside the money. Every heat was marked 2.31.
—Mr. Wm. Weese's thoroughbred sire Batsman was on his bad behaviour at Peterboro and was left at the post.
—The big gelding Henderson that swept the winter races only finished third at Aymer on Tuesday last. The best time was 2.20.

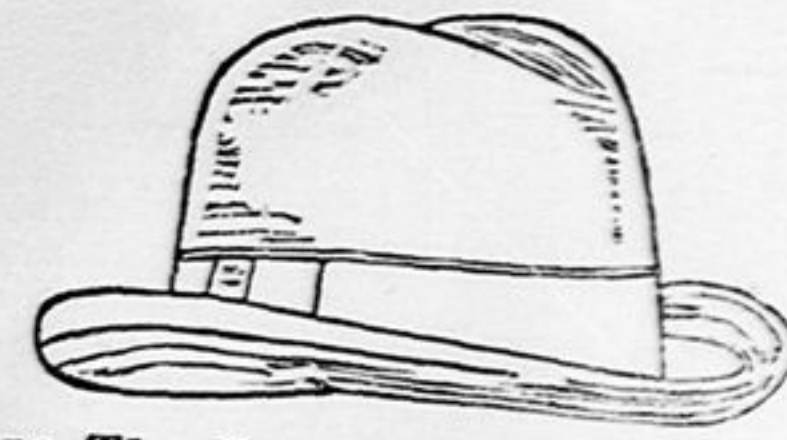

Coming.
Dr. JEBB, (formerly of New York) Eye Specialist, and inventor of the famous Recherche Optometer, the latest and most improved instrument known to modern science for pointing out every defect and disease of the eye and sight. Cures granulation and inflammation of the lids, headaches and strabismus cross-eye, etc., without medicine or operation. A cure guaranteed in every case or money refunded.
