—The following preparation is used with success for a variety of purposes, such as the cementing of iron railing tops, iron gratings for stoves, etc., and with such effect as to resist the blows of a sledge hammer. Take equal parts of sulphur and white lead, with about a sixth part of borax, and mix the three thoroughly. When about to apply it, wet it with strong sulphuric acid and place a thin layer of it between the two pieces of iron, which should then be pressed together. In five days it will be perfectly dry, all traces of the cement having vanished, and the iron will have the appearance of having been welded together.

—The military concert on Monday night was a success. About 500 people attended and were well pleased. The batalion band was in attendance and enlivened the proceedings. Mr. Don McQueen of Manilla, an old Institute boy, sang a couple of patriotic songs and was encored. Miss Ligget as usual was a great favorite and her selections received a vigorous encore to which she replied with "Bonnie Doon" to the delight of her audience. Pte. Stewart and Sergt. Williams of Toronto gave three exhibitions. The first bayonet vs. bayonet lasted 15 minutes and resulted in 5 to 4 points in favor of Pte. Stewart. The next was bayonet vs. sabre in which Sergt. Williams with the sword scored five points in as many minutes. The quarterstaff bout lasted seven minutes and was a good exhibition of the hard knocks our forefathers enjoyed. Sergt. Williams succeeded in breaking his opponent's staff twice. In this event the contestants' harness failed to protect them from some painful blows on the body.

Sturgeon Point Elections

The little red house on concession line Sturgeon Point belonging to Mr. R. Knowlson, was on Tuesday last the scene of the election of the first council for the summer resort. A fair representation was on hand and that they were a level-headed aggregation is evidenced by the unanimous choice of the following officials for the year: Reeve Mr. J. D. Flavelle; councillors, Messrs. R. Kennedy, C. H. Grantham, Geo. A. Milne and Thos. Stewart. The Point has made a good start. The new body will meet in a week in their first session. If Lindsay could get a council like—but comparisons are odious and it will do to wait the record down there.

Obituary

ELIZA GARDINER.

Miss Eliza Garden, daughter of Mr. Wm. Garden of Bobcaygeon, died at Edmonton, N.W.T., on Tuesday, 20th inst., where she was engaged teaching. After a long and painful illness Mrs. Johnston Ellis departed this life at the residence of her sister, Mrs. Dr. W. C. Jeffers, Wellington-st. The deceased lady was a daughter of the late John Williams. Twenty-three years ago, at the age of twenty-six, she was married to her now sorrowing husband. Four daughters also mourn a kind mother. As the end approached, Mrs. Ellis suffered little, but experienced great elevation of soul, saying at one time. "God is good, He has taken away all pain and raised me up to Heaven.' She was a life-long member of the Methodist church and an active supporter of every religious and charitable cause. The funeral will be conducted to Riverside by Rev. Thos. Manning, B.A., her pastor, this (Thursday) afternoon, at 2.30 o'clock.

An Important Case

Playter vs. Innes.—This case, tried before a jury at Whitby county court on Tuesday, 13th inst., is of considerable importance to farmers and threshers. The plaintiff, a hired man, brings action against his employer, the defendant, claiming $800 for injuries received by him in consequence of his coming into contact with the coupling on the tumbling shaft of a thresher, which coupling the plaintiff alleged was not a "safety coupling." The case occupied the entire first day of the court, the jury bringing in an unanimous verdict in favor of the defendant. F. M. Yarnold of Port Perry and J. B. Bow of Whitby acted for plaintiff; D. R. Anderson of Lindsay for defendant. Farmers and others using the old-fashioned horse-power for cutting feed or threshing grain should see to it that the couplings on the tumbling shaft are safe and that no bolts project above the rim.

Chapter of Accidents.

—Yesterday Wm. Myles had the thumb and index finger of his right hand badly lacerated while working at the slab saw in Parkin's mill. The wounded members were dressed by Dr. McAlpine.

—G. T. R. brakeman, J. Braniff, while coupling cars at Madoc junction, on Tuesday afternoon, had the fingers of his left hand badly jammed. He was taken to Belleville where the injured hand was dressed after which he returned to his home at Lindsay.

—John Rear, who resides in the south word, met with a serious accident yesterday afternoon. The bridge gang, to which he belongs were unloading timber at the Cambray station, when one of the pieces bounded back and struck Rear, breaking his right leg below the knee. He was brought to Lindsay and the injured limb set by Drs. Jeffers and Simpson. It will be a month or two before he will be able to resume work.

Stock Notes

—Mr. Isaac Moynes of Fenelon is a successful breeder of high class hogs. He recently sold a sow to Mr. Chas. E. Hepburn of Palestine, another to Mr. C. T. Hadder of Lindsay and a hog pig to Mr. Jyhn McKenzie of Hartley. Progressive stock raisers deserve every encouragement.

Examination Papers

To the Editor of the Watchman-Warder.

SIR:—As teachers and others often apply to me for sets of examination papers while the examinations are going on, expecting to have the same handed to them forthwith, a thing I cannot undertake to do, I beg to say that I shall be happy to supply such persons with what they require, so far as I am able, at the close of the examinations, if they will let me know exactly what they want before the examinations commence. J. H. KNIGHT, P.S. Inspector.

Church Notes

—Next Sunday, in the Baptist church the pastor, Rev. L. S. Hughson, will preach a sermon concerning the work among Roman Catholics in Quebec.

—The 45th regiment attended divine servics at Cambridge-st. church last Sunday evening. The pastor Rev. T. Manning, B.A. preached an eloquent and timely sermon.

—Rev. F. B. Stratton of Little Britain preached to the local A.F. and A.M. lodge and a number who came from a distance on Sunday morning in the Cambridge-st. Methodist church. The brethren presented a splendid appearance as headed by the Citizens' Band they marched to the place of worship nearly 100 strong. The preachers text was "Ye are God's building," Cor. 3, 9. His sermon was exceedingly appropriate, and was well received by the brethren and the large number of their friends who were also present.
