

COUNTY OF VICTORIA

RETURN OF CONVICTIONS.

Made to me by the Justices of the Peace for the said County, and filed in my office, for the quarter ending, Thursday, the 13th day of June, 1899, in pursuance of the Revised Statutes, Ontario, Chap. 76, Sec. 1, Chap. 77, Sec. 8, and Criminal Code, Sec. 902.

Table with columns: Name of Prosecutor, Name of Defendant, Nature of the Charge, Date of Conviction, Name of Convicting Justice, Amount of penalty, fine or damages, Time when to be paid to said Justice, Time when paid, and If not paid why not, and general observation, if any.

I hereby certify that the foregoing is a correct schedule of the Returns of Convictions for the County, made to me by the Justices of the Peace for the quarter ending June 1st, 1899.

A. P. DEVLIN, Clerk of the Peace, County of Victoria.

Office of the Clerk of the Peace, County of Victoria, June 17th, 1899.

now in session assembled, humbly sheweth: That your petitioners have learned that during the present session of the parliament of Canada a charter was granted to construct, equip and operate a line of railway known as the Lindsay, Bobcaygeon & Pontypool railway, commencing at a point at or near Burketon, on the Ontario & Quebec division of the Canadian Pacific Railway, and terminating at a point at or near Burketon, in the county of Durham, through the township of Ops to the town of Lindsay, in the county of Victoria, and thence north-easterly through the townships of Verulam and Harvey to the incorporated village of Bobcaygeon, in the county of Victoria, a distance between the southern and northern terminal points of about 40 miles.

Your petitioners respectfully point out that the projected line would run through a section of the country very poorly served by railway facilities—between the southern terminal point and the town of Lindsay—and that there is no railway connection now existing between the town of Lindsay and the village of Bobcaygeon, a distance of about 20 miles.

Your petitioners beg to state that there exists at the village of Bobcaygeon an excellent water power owned and utilized for the manufacture of lumber by the firm of Messrs. Boyd & Co., who have for many years carried on that important industry at a serious inconvenience and comparative loss for want of railway facilities, having had to pay water carriage to Lindsay and railway freight from thence to their several points of delivery in their many important contracts.

Your petitioners also beg respectfully to point out that there are in the vicinity, and at points north of the village of Bobcaygeon, vast beds of phosphates and minerals which require only railway facilities for shipment to ensure rapid and profitable development.

That the construction of the projected railway would give great impetus to the establishment of one of the best markets in the Midland district at the town of Lindsay for pork, coarse grains and lumbering supplies, and would encourage our own people to supply the market with these important lumbering necessities instead of importing, as has been done in the past, from the markets of the western States, and would also give still greater impetus and encouragement to the lumber and other recently established milling industries at the village of Bobcaygeon.

sources of antipyrine. The goods cost about \$78 in Canada, but are worth much more in the States. Gallagher's home is in Toronto. He claims to be a dental college student, 20 years old, and had taken this time to get money for another year in college.

On her way home Monday night, after her day's work, Mrs. Elizabeth Smith, an aged woman who lodged with Mrs. Willings at 488 Yonge-st., Toronto, while at the corner of Carlton and Shebourne-sts. was struck by an unknown wheelwoman and thrown to the pavement. The wheelwoman stopped a moment, looked at the prostrate elder woman, and then remounted and wheeled away. Mrs. Smith was carried into Dr. McNulty's office and afterwards removed in the ambulance to St. Michael's Hospital. She complained of her thigh and thought that it was broken. Although very much over-comed, it was not thought that the injured woman was seriously injured. She was quite conscious and remained so until about an hour later, when she suddenly collapsed and died in a few moments. The unfortunate woman had no relative in this country and supported herself by daywork, washing, scrubbing, etc. A warrant was issued for an inquest.

In the severe thunderstorm which visited this locality a couple of weeks ago, we have to notice an instance of the most remarkable kind of the vagaries of lightning. About 2 o'clock in the afternoon the lightning struck the dwelling of Mr. W. A. Campbell, treasurer of the township of Slatford, destroying the chimney and western gable. The whole family, six in number, were in the dining room, when with a tremendous crash the whole of the building was filled with flying splinters, bricks, mortar, misshapen stove-pipes, etc. The eldest daughter was hurled to the floor. Mrs. Campbell felt one limb from the knee downward stricken numb. Mr. Campbell and the boy Dudley were for the moment quite deaf. Fortunately the electric fluid seemed to be more in a frolic than on mischief bent, for in a short time afterwards, when the nervous shock had subsided, no one had been hurt. This seems nothing short of a miraculous deliverance, especially in the case of their little baby boy, sleeping in his cradle while the father drew over from where it stood, and ere he had re-created himself on the chair, the shock came. On clearing away the debris, a large rent was found in the floor where the cradle had stood, while all over the interior were unmistakable proofs of the lightning's powers for mischief. Mrs. Campbell and children, with other neighbors, congregated at the store which had escaped with only a fractured shelf, and the elderly storekeeper having been brought from a recumbent position to a perpendicular one, more suddenly than

he ever before remembers, while the wreck was cleared and the house again made fit for habitation.

The rate for the year was struck at one and three quarter mills. This will raise \$20,434. Pedlar's license were ordered to be granted free of charge to Edward Sluggitt and S. Nowry. The Plowman's Association got no grant. The two Agricultural Societies got \$20 each. Dr. Jeffers, gaol surgeon, had performed an operation on an indigent whose feet had been frozen. This act was commended as better than sending such cases to the hospital and \$25 extra was voted the doctor for his services.

The committee failed to give Fenelon township a grant towards rebuilding the Rosedale bridge in 1897. Mr. Thos. McQuade, member for the third division was appointed to act as a delegate from Durham and Northumberland in improving the approaches to Ops and Manvers Pigeon Creek bridge. John Bailey was instructed to have the Grass river bridge, near Victoria Road, repaired and the obstructions taken from the stream. He will also repair the Talbot river bridge on the Carden-Bexley boundary. He will also rebuild Montgomery bridge since it has been so badly injured by the freshets. Mr. W. C. Switzer will represent the county in all matters pertaining to the Pigeon creek floating bridge.

The council adjourned.

NEWS OF THE WEEK

James P. Prater was murdered at Dawson City by Arthur Goddard on May 31st. Prater's head was crushed with a hatchet, and his throat cut from ear to ear. No reason for the murder is known. Goddard, in admitting the crime, says: "I was his partner, and he was a traitor to me."

The customs officials at Lewiston, on Niagara river, think they have made a great capture, the result of which will be to break up a gang of medicine smugglers, who have annoyed the officers on the river front much annoyance of late. Saturday morning Customs Officer Basser saw a man named Gallagher, with a valise, land from a row boat at Lewiston, and placed him under arrest. The satchel was found to contain 200 ounces of phenacetine, 100 ounces of sulphonal, and 50

he ever before remembers, while the wreck was cleared and the house again made fit for habitation.

Braund's Fair

The following are a few snaps we have on sale for this week in our Tinware Department:

- 10 Quart Pails, 9c.
-14 Quart Pails, 12c.
-14 Quart Pails, 20c, 25c and 25c
-Copper Bottom, No. 9, Tea Kettle, 45c
-No. 9 Copper Bottom Wash Boilers, \$1
-Quart D per 5c
-Dish Pans, 7c
-2 Quart Cover Pails, 10c
-6 Quart Milk Pans, 7c
-8 Quart Milk Pans, 10c
-10 Quart Milk Pans, 12c
-Skimmers, 5c
-Nature Graters, 3c
-Cups, 2 for 5c
-Creamery Cans, with gauge glass and Tap, 45c
-Pudding Dishes, 5c to 9c
-Watering Cans, all sizes
-Pie Tins, 5c
-Jelly Tins, 5c
-Steel Frying Pans, 10c to 25c
-10 Quart Dish Pans, 10c
-14 Quart Dish Pans, 15c
-10 Quart Dish Pans, 20c
-Comb Case, 5c to 10c
-Long Handled Mixing Spoon, 5c
-Asbestos Mats, 5c
-Be-tinned Sauce Pans, 10c to 20c
-Callenders, 10c
-Four Sifters, 10c
-Steamers, 25c
-Lunch Baskets from 8c up
-Window Screens
-Some snaps left in Wall Paper yet. All paper TRIMMED FREE.
