#### British Masons to Send Aid.

LONDON, July 18.—The Prince of Wales will take the initiative in the Grand Lodge of Freemasons for the granting of a substantial sum to the sufferers by fire at St. John's, Newfoundland, from the charitable fund at the disposition of the Grand Lodge.

#### BURNT RIVER.

A wind storm passed over this place on Friday last, doing a large amount of damage. Several barns were blown down, while others were unroofed, and fences demolished. Mr. J. Suddaby had a lot of fences blown down, and some apple trees broken off. Mr. R. English and several others had also several apple trees destroyed.

There will be an Orange sermon preached in the Methodist church on Sunday the 24th.

Mr. Ed. Conkell is able to be about, but still weak.

#### Balfour Speaks.

LONDON, July 17.—Mr. Balfour, in a speech at Glossop, said that to the various disasters to the conservative cause that have recently occurred must be added the fact that the Separatists seem certain to obtain a majority in parliament, but he did not think that this misfortune would bring serious evil to the cause of the Union.

The ejection of the present government was in great measure due to the circulation of gross calumnies.

The fact that the Gladstonians had not secured the majority they expected showed that Home Rule was not acceptable to the mass of the nation.

He did not regard the present situation with alarm, except as regards foreign affairs. He had much misgiving as to the course that would be taken in Egypt and in other parts of Africa.

He had no fear in regard to the Home Rule Bill for Ireland, "which," he said, is not likely to be passed in our time."

He held that the Unionists would be strong enough to control the legislative folly of their successors.

#### Two Grand Trunk Trains Collide Near St. Catharines With Frightful Results.

St. CATHARINES, Ont., July 18.—A frightful railway collision occurred on the Grand Trunk Railway here at 10.40 this morning between the regular mail train on the Welland division from Port Dalhousie in charge of Conductor Boyle and a special in charge of Conductor Packham, running to Port Dalhousie to convey the passengers on the Express of India, St. Vincent de Paul Society picnic from Toronto to Niagara Falls. Both trains were fortunately running light.

The collision occurred near what is known as the Black Bridge, crossing the raceway, near the concession leading from the Lincoln Pulp Mills to the Hartzell-road, and just outside the city limits of St. Catharines. A short

wooden bridge crosses the water-power raceway, and the engine on the boat train had just crossed it when the trains met.

Conductor Boyle's train left the St. Catharines station on its regular time. The boat train, which was late, should have waited at Merritton until Boyle's train arrived, but instead of doing so Conductor Packham started down to Port Dalhousie. At the spot where the collision occurred there is a slight bend in the road, and when the engineers saw each other it was impossible to check the speed of the trains. The motors came together with a terrible crash. They were completely demolished and thrown over on the right bank. The smoking car of the boat train turned upside down and alighted on the bottom of the roadway, while the coach next to the smoker shot over the bank without its trucks and hangs there suspended in mid-air. No one was seriously hurt in this car.

The news of the wreck soon spread and the hands from the Lincoln Paper Mill, spoke factory and other establishments flocked to the scene. All went to work with a will. It was thought at first that some passengers had been carried down with the smoker and were buried under the wreck, but when the water was run out of the raceway and the car raised no bodies were found.

#### The Inter-County Bridges.

The Review of Tuesday last says:—The joint committees of the Counties of Peterborough and Victoria on bridges held a session at the court house yesterday. Peterborough was represented by Warden Forster and Messrs. Casement, Maloney, Burnham, Sanderson and Anderson, and Victoria by the warden of the county, Dr. Cornwall, Reeve of Emily, Mr. Hopkins, Reeve of Ops, and Mr. Switzer, Reeve of Mariposa. Victoria offered to contribute three-tenths of the cost of the Pigeon Creek Bridge and seven-tenths of the Bobcaygeon bridges. Peterboro declined this, and offered to contribute one-half to the Pigeon Creek and one quarter to the Bobcaygeon bridges, which was declined by Victoria. No agreement was reached. If the matter goes to arbitration, as is provided for by the act of the Legislature, and the long fight is continued, more costs will be saddled on the counties, which both must desire to avoid. Under the circumstances a further effort should be made to come to an amicable agreement, and if Victoria would agree to pay one-third of the cost of the Pigeon Creek Bridge and three-fourths of the cost of the Bobcaygeon bridges it would be worthy of consideration. What thinks Victoria?

Chili will distribute \$75,000 in gold among the families of the sailors belonging to the S.S. Baltimore who were killed some time ago.
