To Correspondents.

We do not insert communications unless accompanied by the name of the writer, not necessarily for publication but as a guarantee of good faith. We have received a communication from Reaboro this week which we must decline for the above reason.

Accidents.

The young man Frank Berry, who got so badly injured last week by the runaway of the team he was driving, we are glad to learn is improving, but not out of danger yet.

Richard Healy, of the North Ward, on Monday night was out during the big thunder storm, the electrical current having toned up his nerves he thought to try his physical strength with a friend, an accidental fall on his shoulder caused a dislocation, and we hear he is likely to be under the doctors care for some time.

Robt. Thurston, of the East Ward, on Monday last while assisting in uncoupling cars and removing the stakes from the same, received the full force of a heavy blow of a sledge on the middle finger of his right hand. The result was a complete "smash" nail, flesh, bone and all. It was painful, but he will soon recover.

On Wednesday last a young man named Thomas Teevins, employed on the water-works construction gang, met with a serious accident. He was engaged caulking pipes opposite the Collegiate Institute where a quicksand bed had been pierced by the ditchers, and just as he stood up-right after finishing a joint the bank caved in upon him, pressing his leg against the iron pipe with such force as to break it midway between the knee and thigh. He was quickly rescued from his dangerous position by his fellow workmen and conveyed home, where Dr. Burrows set the wounded limb and made him as comfortable as possible.

Baptist Church.

July 30th, Rev. A. W. Stone. Subject "Morning, "Fallow Fields." Evening "Slavery rather than Freedom."

Sale of Debentures.

A special meeting of the town council was held on Monday evening last to take into consideration an offer made by a Montreal broker for \$21,700 of town debentures. After some discussion on the matter, the sale was made at considerably above par.

Drowning Accident.

On Monday afternoon, as a number of young lads were playing on the lower wharf a boy named Michaud, about six years of age, was shoved into the water by his companions, who, we learn, instead of helping the poor child out laughed at his efforts to cling to the wharf until he was exhausted, when he sank and was drowned.

Garden Party.

A garden party and musical concert under the auspices of the Bethel Methodist church, will be held at Mr. S. Stinson s. sr., residence Manvers, on Tuesday, evening, August 2nd. A big supper will be served from 6 to 8 p.m. An excellent program will be given consisting of vocal and instrumental music by some of the very best talent. The Rev. Newton Hill will deliver an address. All are cordially invited. Tickets 25cts, children 10cts.

A New Firm.

From the Ottawa news column of the Empire of Saturday last we clip the following:—"James Park, of Toronto; Charles Blackwell, of Lindsay; Andrew Park, Toronto; Susan Blackwell, of Lindsay; Margaret Thompson Park, of Toronto, and Thomas Blackwell, of Lindsay, are seeking incorporation as Park, Blackwell & Co., limited, to engage in pork packing in Toronto. The capital stock is placed at \$50,000." We heartily wish our Lindsay friends every success in their new venture.

Terrible Storm.

On Monday evening last a terrible storm of thunder, lightning and rain passed over this section and did a large amount of damage, particularly in the rural districts. Our townspeople were startled in the midst of the storm by an alarm of fire, when it was discovered that the stable of a Mr. Bonnett was in flames, caused by lightning. The building and contents were destroyed. No insurance.

At Reaboro six sheep belonging to Mr. Thos. Hickson took shelter under a large poplar tree near Mr. John Calvert's gate, when the lightning struck the tree and killed the sheep.

An immense elm tree in Mr. I. W. Reid's field was also struck. The bottom of the tree was nearly four feet in diameter and was split into four pieces and now lies upon the field.

Board of Education

A special meeting of the board of education was held on Tuesday evening. Present Chairman McNeillie; Messrs. Stewart, Flavelle, J. Kennedy, Anderson, Macmurchy and Col. Deacon.

The secretary read the resignation of Miss Marty, of her position on the Collegiate Institute staff, which was accepted with expressions of regret by the board. Miss Marty has decided to attend a session at Queen's College Kingston, with a view of obtaining the degree of B.A. from that institution. The board embodied in a resolution in unqualified terms its appreciation of that lady's splendid services whilst on the staff of the institute.

The chairman was instructed to consult with High School Inspectors Seath and Hodgson as to a successor to Miss Marty in her department.

The board adjourned.

Personals.

—Mr. James Call, of Woodville, is visiting friends in town at present.

—Mrs. and Miss Whiteside, are spending a few weeks holidays among Woodville friends.

—Mr. Albert Morgan, of Orillia, is spending a few weeks holidays in town with friends.

—We notice that Mr. R. Smith Agent of the Rainy River District has returned. He reports the crops looking well, and things generally flourishing.

—Mr. Chas. James, who has been visiting relatives in town for the past few days left on Saturday evening last for his home in Sargent, Nebraska.

—The Rev. R. Johnstone, intends taking a few well earned holidays during the month of August, which he intends spending in the western part of the Province.

—Among the Canadian visitors who have registered their names at the office of the High Commissioner for Canada, in London, we notice the names of Mr. and Mrs. G. W. Beall, of Lindsay.

—Capt. Thos. Donnelly and Mr. Edward Adams, of Kingston, inspector of hulls and boilers, were in town for a few days last week on official business. They examined ten vessels in this district.

—Mr. John McDonald, who has been away for sometime looking after his lumber mill near Rat Portage has returned for a few days. We learn that he intends employing some more men and going back the latter end of this week.

—The Hon. John Dobson, Mrs. Dobson, and master Lindsey Flood left on Monday evening on a pleasure trip to Ireland, and Mr. George A. Milne left the same evening for a visit to merrie England. A large number of friends were present at the station to tender wishes for a pleasant voyage and a safe return.

BREVITIES.

—Building operations are very active in town at present.

—The latest gag out is "Now don't tickle me so." Ha!

—Huckleberries \$1.00 per basket at SOANES' Fish and Fruit Market opposite Montreal Bank.

—The summer girl is to wear suspenders with a probable preference for the popular "M braces."

—Chickens always on hand at SOANES' Fish and Fruit Market, opposite Montreal Bank.

—No elephants, but a fine assortment of trunks and valises at PERKINS & Co., 52 Kent street, Lindsay.

—There is plenty of time for the conversion of those who are going about saying that summer is a failure this year.

—Fresh White Fish, Trout, Lunge, and Bass, at SOANES' Fish and Fruit market, 5 William street opposite Montreal Bank.

—Economy is wealth, and the best way to economize is to buy your boots and shoes at PERKINS & Co's., 52 Kent st.,

—Judging from the amount of rasp berries brought in by pickers every day, the yield this year must be a very large one.

—Hello! where did you get those boots? Why at PERKINS & Co., 52 Kent street, they have the latest styles and their prices are the lowest.

—A tramp was run in the "cop" on Thursday evening last, and next morning was given an hour to shake the dust of this town from his feet.

—Mr. Wm. Fitzpatrick had a narrow escape from serious injury by the upsetting of a load of hay on which he was on, on Wednesday of last week.

—Now that the season for green fruit is here, parents would do well to keep their children away from all orchards, or other places where such things grow.

—The Granby Rubber lacrosse shoes are the best. Be sure and get a pair at PERKINS & Co's., 52, Kent street, Lindsay, first door east of Cathro & Co.

—A special train from Peterboro brought up quite a number of excursionists on Saturday last, to witness the game of ball between the Edison works and Salem teams.

—The C. P. R. has issued a handsome map "Round the World," which is being distributed to schools throughout the county by their agent, Mr. T. C. Matchett, Lindsay.

—Dr. Burrows has had his house touched up with a fresh coat of paint, and otherwise improved during the past week. No doubt a good many more will follow the doctor's footsteps.

—The mosquitoes are very annoying these nights. A good cure for their bites is soap. When bitten make a lather on the bite, and allow, it to dry. A drop of ammonia is also sure cure for the bite.

—One of our exchanges tells us of a woman who was awfully flurried on coming out of church to find her brand new hat was adorned with a tag whereon was inscribed the legend, "Reduced to \$1.75."

—The members of Graham's (Ops) and Cambray Methodist churches held their annual excursion to Bobcaygeon park on Wednesday of last week. A large crowd was present and the day was one of pleasure to all.

—Every young man over the age of 21 years, and earning \$300 a year, should examine the voters lists for their districts and see that his name is affixed therein, and if not, should immediately take the necessary steps to have it so entered.

—The moon-light excursion under the auspices of the I.O.O.F. to Sturgeon Point on Wednesday evening last was well attended, and after an enjoyable time was spent at the Point, the return home was made, reaching the wharf at about 2 a.m.

The Sons of England, of Peterboro, purpose holding a grand excursion and picnic to Sturgeon Point per steamer Crandella on Thursday, August 18th. We understand that they are arranging a choice program of athletic sports, a pleasant day may be looked forward to.

—We would advise the young men who sit around corners on the back streets at nights, to be a little more choice in their language in the future when respectable people are passing, as they are known and if such a thing is not stopped the matter will be put in the hands of the police.

—Tenders will be received at the town clerk's office up to noon on Monday Aug. 2nd, for excavating and filling a drain (the town supplying the tile) from the market building diagonally to Cambridge street to Peel about 16 1/2 rods. The lowest or any tender not necessarily accepted.

—We would call special attention of our readers to the new advertisement of Gough Bros. the wonderful cheap men, which appears on the fourth page of this issue. It is a well known fact that the Gough Bros. do all they advertise, and more, too, and that they are honest and upright in all their dealings will be disputed by nobody who has once dealt with them.

—Though we are just beginning to realize that summer has arrived, the papers are already furnishing the reports of drowning accidents from numerous causes, but always with harrowing details. Boating parties supply many of the disasters, and, as a rule, those who can swim are lost in an heroic effort to rescue those who cannot. It is as easy to learn to swim as to walk and no parent has fulfilled his duty to his child be it son or daughter who has not fitted it to take care of itself in the water with skill and confidence. If young men and women are not up in the art of swimming they can at least refrain from being reckless and foolhardy when boating in deep water. In the event of trouble there is no amount of gallantry or courage can save them so well as a few lessons in the proper management of arms and legs.

Grand Sale of Dry Goods

We have decided to sell our stock of Dry Goods Clothing and Millinery,

off and retire from the Dry Goods Business. This is not to be accomplished in a very short date, so that for the present we will interest you in
