### LOCAL NEWS-LETTERS

**GRAVENHURST.**  
Special to the Watchman.  
KILLED BY A KICK.—Friday afternoon last a German farmer named Barnemann, living a few miles from this village, was putting a horse in the stable when the animal kicked him violently just over the heart, killing him instantly.

**GLANDINE.**  
Special to the Watchman.  
WANTED AT ONCE.—A large crowd to attend the lawn social under the auspices of the Wesleyan Sabbath school on Wednesday evening, July 17th, at the residence of Mr. S. W. Davidson. An extensive programme is under way and the Glandine ladies, as cooks, are above comment, so that both the physical and intellectual requirements will be provided for, and an excellent time may be assured. Paste this date in your hat and endeavor to be present.

**CRESSWELL.**  
Special to the Watchman.  
GRIP.—We are pleased to learn that Miss Ada Broad is able to be around again after a severe attack of la grip.  
PERSONAL.—Misses Annie Mainhood and B. Davey are spending a few days at Valentia visiting friends. A number of our youthful folks attended Valentia tea last Sunday and Monday. A large number of our citizens attended sacrament, which was administered in Sonya last Sabbath morning. Miss B. Patterson, of Lindsay, spent last Sabbath at home. Mr. H. Thompson, of Lindsay C.I., is home for his holidays.  
QUERY.—Where was Eugene last Sunday? Finley must be out of it.  
NOTE.—Farmers anxiously looking for rain. Turnips likely to be a failure.

**REABORO.**  
Special to the Watchman.  
CHURCH NOTES.—Rev. J. W. Totten, of Lindsay, held a gospel service here a short time ago. At the close of it he met the society of his church, and the meeting appointed a parsonage committee. Their object is to aid the Lindsay east circuit in maintaining the annual expenditure of the parsonage, which is the property of all the appointments. Lindsay, Queen-st., Reaboro and Salem are all united and interested in this work as a circuit. The committee hopes to have their first meeting on Monday, July 15th, in the Reaboro church, at eight o'clock. They expect to do their part in this good work. The Reaboro branch of this circuit have in the past aided liberally in this cause. No doubt a good report will be given of this committee at the end of the conference year on which they have now entered.

S. S. ANNIVERSARY.—The anniversary services held here Sunday and Monday, July 7 and 8, proved to be a grand success, notwithstanding the unfavorable appearance of the weather. However, Providence favored us, as the afternoon turned out fine. A large gathering assembled on Sunday expecting to hear Mr. Totten, of Lindsay, who failed to be present. Mr. Craig, of Little Britain, delivered an eloquent sermon, speaking to the Sunday school scholars. On Monday, Mr. Bell, Mr. Greatrix, of Cannington, and Mr. Craig, our present pastor were in attendance. Mr. Mallett, of Scoug Island, also spoke to the children for a short time. Altogether a pleasant time was spent and a handsome sum realized.  
PERSONAL.—Mrs. Sanderson, of Hamilton, is at present the guest of Mrs. Jos. Mark, her sister. Miss Maggie Fletcher, of Lindsay, was the guest of Miss Lena Scott for a few days.  
IMPROVEMENTS.—Mr. W. E. Yerex, of Little Britain, has just completed an aeromotor on the barn of Mr. Jas. Casey, which no doubt will be beneficial as well as ornamental.  
WHAT WE WILL SEE.—What was supposed to be an Arabian horse was seen driving in our village on Sunday, and if it happens to return again, will be known.

**SALEM-MARIPOSA.**

HUSH-A-BYE-BABY.—Early in the evening of July 1st, as the good people were returning from their day's outing the alarm was given by Mr. Richard Wallis that he had lost two children. He immediately aroused his neighbors, some fifteen or twenty, and armed with lanterns and unlaced shoes they started out for a long night's hunt. They hunted through woods and vacant houses and neighbor's barns until about one o'clock. One young man who was in the hunt—a backstopper in the Salem baseball team for many years—found out that his place was home base, which he at once made and where he found the little ones cozily sleeping in their own beds. He quickly returned

to give the joyful news to the rest of the searching party. The first he met was J. Sparks and R. Wallis with a lantern, then John Driver and his wife, and many others. They were glad to hear the good news. Then the man with the white shirt painted red up a tree singing "Maggie, the cows are in the clover." We would advise the lady of the house to be more careful the next time the children get lost and search their bed before alarming the neighbors.

WEDDING.—On the evening of July 3rd St. James church was filled with interested spectators to witness the marriage of Lily Helena, youngest daughter of the late James Cameron, to Richard N. Mitchell of Verulam. The bride was supported by her sister Mary E. Cameron and Mr. W. Brewer acted as groomsmen. The bride was prettily attired in a costume of cream cashmere, trimmed with lace and orange blossoms. After the ceremony about 60 invited guests accompanied the bride to her home on Louisa St. where a reception was held. The

young couple left at an early hour for their future home. Their many friends wish them a long happy life and prosperity.

**NO 6 OPS.**  
Special to the Watchman.  
BARN RAISING.—On Tuesday, the 9th inst. a barn raising took place on Maple Park farm, the property of Mr. D. Walker. About one o'clock p. m. the crowd commenced to assemble, and by three p. m. a mass of humanity surrounded the immense stone wall waiting in readiness to raise the ponderous frame. Delegates came from all parts of the county and in many manners of conveyances, buggies, bicycles and the common old road cart; those who came from up the river used the conveyance of the red man and wended their way through the bulrushes of the east Cross creek and anchored their birch barks at the mouth of Sloan's drain which empties into the No. 4 canal, from whence they were transferred to the building in demerits. In the excitement one man from the Hill Head came in a hay kicker or tedder. Subsequent to placing the timbers in position to form the frame the horn sounded for supper and every man responded to the calls where a rich repast awaited the hungry multitude. Too much cannot be said in favor of the young ladies who waited on table for the prompt manner in which they served the dressing. At 6 p. m. the two captains, Messrs. T. Hawkins and D. Walker, took the stand and selected their men. Then one would think pandemonium was let loose, and nothing could be heard for hours but a constant roar like that of a distant cataract till the last rafters received its spike. Mr. Hawkins had a complete walkover, winning by 20 rafters. The frame work was done by Mr. Thos. Downey and it is needless to say that every mortice fitted its tenon and every brace was cut to fit its angle. Not a single mistake was made in any one piece, something unusual in a barn of this proportions being 70x45 and 25ft. from floor to point of rafter with a stone foundation 10ft high. The latter was built by Messrs. Williams and Trouper Kennedy, Lindsay.

**CAMBRAY.**

LAWN FESTIVAL.—Beyond a doubt the lawn festival held at the residence of Mr. W. B. Feir on Dominion Day was in point of attendance and pleasing attractions the most successful ever held in this village. About 2 p. m. a large number of people gathered to watch the baseball match between Islay and Eden. After witnessing the game all repaired to Mr. Feir's lawn, where an excellent supper was provided. When ample justice had been done to the repast a first-class programme, consisting of vocal and instrumental music, was rendered by local and foreign talent. Croquet, bagatelle, crokinole and other games were furnished for the amusement of the guests. After enjoying themselves until about ten o'clock all returned home well pleased. The proceeds amounted to \$70. Mrs. Feir is to be congratulated on the success which attended this undertaking.

**KIRKFIELD.**  
Special to the Watchman.  
PICNIC.—The picnic held here on Dominion Day under the auspices of the Athletic Association was a great success. The association are now in good financial standing and are contemplating purchasing a field for sports. A good idea.  
NEW STAGE.—Mr. Hector Campbell has placed on the road a fine new stage, the work of Mr. Jas. Hamilton, Lindsay; this will prove a great convenience to travellers to and from Lorneville and here.  
BATH ROOM.—Mr. Emsieur has fitted up in city style a fine bath room in the rear of his shop. Abundance of hot and cold water can be had. This is a good idea and Mr. Emsieur has plenty of patrons.  
VISITORS.—Rev. Mr. Rix of Cannington was the guest of Mr. and Mrs. Perry for several days last week. Mrs. Hymes, of Toronto, and Mrs. Spence of Windsor, are visiting their parents, Mr. and Mrs. Sutherland. Mr. Hugh Chisholm of Toronto is visiting at Mr. John McKay's.

**MANSE GROVE-ELDON.**  
Special to the Watchman.  
WEDDING.—On Wednesday last one of those events which interest young people transpired at the residence of Mr. R. Wilson, it being the marriage of his daughter, Miss Edith, to Mr. Black, of Mariposa. We understand the knot was prettily tied by Rev. D. D. McDonald. We wish the young couple much happiness in their new sphere of life.  
PERSONALS.—Mr. Hamill, of Toronto, is visiting his nephews, Hamill Bros. Miss Mary McMillan, of Owen Sound, visited friends here last week. We are

pleased to see her looking so well. Mr. J. F. Carmichael is spending his vacation with his parents. Miss M. Smith, teacher at Highland Creek, is home for her vacation. Miss May Rankin, of Collins Bay, is visiting her sister, Mrs. D. D. McDonald. Dr. D. C. Smith, of Uxbridge, was in our midst on Sunday. Miss Lily McKinnon is visiting with her sister, Mrs. Shaw.  
PATRONS' PICNIC.—The Patrons' picnic which was held in Mr. Manning's grove, Hartley, on Friday last, was largely attended, there being many present from this locality. All returned to their homes fully satisfied with the day's outing.  
Y.P.S.C.E.—At the meeting held in St. Andrew's church on Monday, July 8th, the following officers were elected:—President, Mr. R. Grant; vice-president, Mr. H. C. Hamill; rec.-sec., Miss Lena Smith; cor.-sec., Miss Jessie Smith; treas., Miss Annie Grant.

**She Christened The Rooster "Charlie"**  
About six months ago, while packing a crate of eggs for shipment at Spatt and Killen's grocery store, Mr. Charlie Poiger picked out a large egg and inscribed with pen and ink the words "Good Luck" and also his name and address on the shell. The eggs were duly shipped, and Tuesday last Charlie received the subjoined letter, which speaks for itself:—  
COTE ST. PAUL, July 5th, 1895.  
MY DEAR CHARLIE,—I will take the "Good Luck" egg as an introduction, and thinking that you would like to know that instead of your egg being eaten we now have a fine rooster strutting up and down the yard. He is the best crower in the village, and also very intelligent, for whenever we call "Charlie" he is the first to appear, (especially about meal time.) He improves every day, and will be fine about Christmas time, so if you happen to visit Montreal you might call and we will only be too happy to give you a memento of your cherished egg. Thanking you for your kind wish, I remain, your unknown friend.—Mary Wellan, Cote St. Montreal.

**Sporting Notes.**  
—Mr. J. A. Anderson is the happy possessor of a dandy chestnut filly by Canadian Star out of his black pacer.  
—The hay gelding, Harry B, by Phil Rysdyk, referred to in our last issue, should have been credited with a record of 2:21 instead of 2:25.  
—Mr. R. T. Edwards, of Manilla was compelled to destroy his trotting mare, Biddy, by Toronto Chief, one day last week. Biddy had attempted to jump a barb-wire fence and had one foot nearly cut off. This is a heavy loss to Mr. Edwards, as he had refused \$2,000 for her. It is claimed that she could easily beat 2:20, although never handled for speed.  
—Mr. A. C. Campbell, of Kirkfield, was one of the worst sold men at Rev. Father Sweeney's picnic at Victoria Road last week. While waiting for his driver Mr. W. A. Fanning, the Splan of North Victoria, one heat of the free-for-all event was trotted and the chestnut stallion, Echo, was not therefore permitted to start in the race, although his entrance had been paid. It is after all a small matter, as nearly all the live horsemen of that section saw Echo trot his great race over the same track last fall.  
—Mr. James McKay, recently sold to Mr. Wm. McKenzie, of Toronto, a large bay mare by Phil Rysdyk for \$115, and has since received a second offer of \$200 for a mate for her.

**Sturgeon Point Jottings.**  
—The hotel is filling up rapidly. There are now over thirty guests registered, a lot ten of whom are Americans.  
—A jolly party from Ops took possession of the dancing pavilion Saturday afternoon last upon the arrival of the Crandella. They were evidently out for a good time, and dancing was kept up with vigor until the Crandella had sounded her last warning.  
—Mrs. P. S. Martin and the Misses Alexander have moved to their cottage at Sandy Point this week. Mrs. A. Primeau and children will move to Sandy point this week.  
—As the wharf at Sandy Point destroyed by ice shove this spring, has not yet been rebuilt, very few of the cottages at this pretty and quiet resort are occupied. If the wharf is rebuilt this summer the work will be done in a substantial manner, and thus avoid this annual annoyance. It will take over \$700 to build a permanent wharf, and of this amount Mr. Geo. Martin and Mrs. Ellis will contribute one half if the council of Fenelon will contribute the other half.  
—Everybody and his girl bathes at the Point. The temperature of the water is just right, and almost any time, from daylight until late in the evening bathers of both sexes can be seen sporting themselves and displaying the latest styles in bathing costumes. But the young gaffer, who throws modesty to the winds, and takes his off repeated plunges in nature's gully, has the best of it. The story is told of a couple of Sturgeon Point belles, who, wearied of the strictures of the modern bathing costume, sought freedom and a plunge in the cool and inviting waters of the lake at an early hour. Arising with the lark, they betook themselves to a secluded spot west of "the spring," and divesting themselves of everything but nature's garb, enjoyed a half-hour swim, "far from the madding crowd," and free from all restraint. But there was an earlier riser than they, who, perched in a neighboring tree, with glass in hand, viewed the enchanting scene from afar. Now that the girls have got onto it, there is talk of a lynching party.  
—Dr. G. S. Ryserson, M.P.P., and Mrs. Ryserson, have moved to their cottage here. They will remain for a few weeks, and enjoy the cool breezes and excellent fishing.
