E. CLENDENAN Lindsay, August 3, 1892.

Assault. A paragraph appeared in our last issue in reference to a Mr. R. Healy of the North Ward having met with an accidental fall in wrestling with another. The true version of the matter is, Mr. H. was returning home and when near Mr. Parkins residence, he was attacked by three men who had been drinking, and was thrown down, injuring his shoulder and otherwise abusing him, the parties are well known to Mr. Healy.

Huckleberries and Fish. The Crandella's huckleberry excursion on Tuesday was a success, but not as great as it would have been if the weather had been more favorable in the morning. Fishing added variety to the sports and for a time it was a question whether Jack McGarr would make lunge into the water or bring the "lunge" into the boat. But after much precarious and skilful maneuvering Jack triumphed and the 20-pounder lay in all its beauty at his feet. He then paddled proudly away, all by his own little self; the hero of the day.

Wedding. A quiet wedding took place Tuesday the 2nd inst. at the residence of Jas. Maunder, Esq., Victoria Avenue, when his only daughter, Lizzie, was united in marriage to Rev. P. H. Allin, B. A., of Mansenville, Quebec. Only the immediate friends of the contracting parties were present to see the knot tied, which was securely fastened by Rev. R. Allen of Mount Albert. The happy couple left for Little Britain, where their many friends had a reception prepared for them. They leave for their future home at Mansenville to-day. We wish them a happy and prosperous career.

—The drag saw rig at Parkin & Co.'s shingle mill got demoralized on Monday, and the mill had to be shut down until a new rig was put in.

—The fence that has adorned the court house grounds for a number of years has been torn down, and a great improvement has been effected in the way of looks.

—The Granby Rubber lacrosse shoes are the best. Be sure and get a pair at PERKINS & Co's., 52, Kent street, Lindsay, first door east of Cathro & Co.

—By the carelessness of a switch being left open on Thursday last, the Haliburton train was delayed about ten hours, by the engine and tender running off the track.

—The steamer Crandella will run a moon-light excursion on Friday evening next, good music for dancing will be provided, and a pleasant time may be expected.

—How to prevent drowning is a subject occupying much space in the papers nowadays, but perhaps the old woman's receipt is as good as any: "Don't go near the water."

—The brick work on the new opera house is being rapidly laid, and in the course of a few weeks the carpenters and painters will be at work on the interior of the building.

—The Uxbridge lacrosse team play a friendly game with the Lindsay club on Friday next, August 5th, on the Agricultural Park. A good game may be looked forward to.

—Taking the province of Ontario as a whole, the crops are simply magnificent, and if nothing occurs between this and harvest time to mar the prospect our farmers ought to be happy this fall.

—A Western editor is said to have hit upon a plan to keep subscriptions paid up that takes the cake. Every time a delinquent subscriber is mentioned in his paper his name is inverted. For example upon soap and wife are spending a few days in Chicago. Every other subscriber understands what it means and there is a grand rush to get righted again.

—A party of campers had the misfortune to have a valuable tent burned at Balsam lake one day last week. It appears that a fire was started in close proximity to the tent, and the campers went off for a stroll through the woods, and were greatly surprised on their return to see nothing but the smouldering ruins of the tent. We understand a valuable gun was badly injured in the fire.

—Look over your paper before you come to town, and do your trading with men who advertise. You will get better bargains and cheaper goods. The business man who can't afford to let you know what he has for sale is not well posted and will not or cannot sell to you as cheap as one who does. If he thinks the farmer never reads an advertisement, it is very likely he never reads one himself, and the man who does not read cannot keep posted in the rise and fall of goods and is always behind the times.
