Are You Going Out of Town.
If you are going out of town for a holiday, take a supply of Membray's Kidney and Liver Cure in your satchel. Never travel without it. If taken according to directions, when needed, it will prevent summer sickness during your holiday, and keep your appetite and your strength up to a healthy standard. Change of air and diet is very often followed by biliousness, but Membray's Kidney and Liver Cure will break it up promptly.

She Was In It.
I scream! the maiden murmured
As the bright sign caught her eye;
Oh, don't! said he, my darling
And some cooling cream shall buy.

I-e-e, said she, you catch on
To my meaning in a minute—
You treat to cream, then I scream
That I am always in it!

A Bad Accident.
On Sunday last a young lad named Hughes son of Mr. J. Hughes, bridge carpenter on the Midland Division of the Grand Trunk railway, discovered a cartridge and while tampering with it an explosion took place completely shattering the thumb and first two fingers of his left hand besides inflicting lacerations in his right hand, and face with pieces of the shell. Medical assistance was summoned when it was found necessary to amputate the thumb and first two fingers of the left hand. We learn that the youth is doing as well as could be expected under the circumstances.

Sale of the Steamer Eva.
We understand that Mr. R. D. Thexton, wood and coal dealer has purchased from Capt. F. Crandell the steamer Eva now undergoing a thorough overhauling on the drydock. Mr. Thexton has found it necessary to add a steam boat to his numerous enterprises, and having an immense quantity of cordwood and forest produce cut and ready for shipment at his limit on Ball Lake he has availed himself of the opportunity to secure this fine tow-boat.

Our National Game.
—Bradford defeated Uxbridge, at the latter town, on Thursday last by 4 to 0.
—Uxbridge plays in Lindsay for the first time, on Tuesday next, our civic holiday, and one of the best games of the year may be looked for. Uxbridge now stands first in the league and the Lindsay boys have the conceit that they can win the game. Go up people and see the game!

—The civic holiday game, on Tuesday next will be called at 2.30 sharp. You pay at the gate and go and see it!
—Port Perry defeated Bradford, on Friday last, at Port Perry by 1 to 0.
—On Thursday last week, the Lindsay lacrosse club twelve, played a game at Brace bridge on the occasion of the annual picnic of the Rev. Father McGuire. Their opponents were a team said to come from North Bay, but who, at any rate came on the train, from that direction. The result was an easy victory for Lindsay, who thus captured the handsome trophy offered and the championship of the north. The score was 4 to 1, Lindsay of course taking the four.

—Port Perry and Uxbridge meet in a league game at Uxbridge to-day.

The Salvation Army's Latest Scheme For Raising Money.
The Salvation Army has hit upon a new idea for raising funds. Last year, Commandant Booth inaugurated a plan for clearing poor corps and officers of debt, by instituting annual Harvest Festivals throughout the Dominion. This year, the dates will be as follows:—North-West and British Columbia, August 26th, 27th and 28th; Ontario and Maritime Provinces, September 2nd, 3rd and 4th.

In Toronto, there is to be a great Central Thanksgiving Exhibition from September 10th to the 15th, or the same dates on which the Toronto Industrial Exhibition is being held.

Great efforts are being made by the local officers and corps to canvass the town (or city) for contributions in kind of all description. Fruits, vegetables, grains, barley, oats, wheat, and even straw for the Circle Corps horses, all are solicited. A special point is being made to, to secure contributions of live stock, which will be sent forward to the Toronto Exhibition to be used in supplying the Social Institutions of the Army with meat.

Last year, three thousand dollars were netted in this way to assist the poor corps, and there is every prospect of a far larger sum than that being raised on this occasion.

The Toronto Exhibition promises to be a most attractive affair. Gifts of all kinds will be forwarded and tastefully exhibited there. The Salvationists of the far West propose to contribute wheat, cattle and canned goods; whereas Newfoundland is being asked to contribute tinned and dried fish. Wood, oil and coal are also solicited, and manufacturers are being asked to give some of their wares.

Commandant Booth hopes, by this means, to replenish the storehouses of the Social Institutions and Homes for sick officers, so that it will be unnecessary to spend money on household goods. His contention is that, while the dollars are scarce, the land is overflowing with good things, and he calls upon those who have enough to eat and to spare, to remember out of their plenty their more unfortunate fellow creatures.—33-tf.

OPENING THE GATES.

Some Lindsay People Open the Gates at Bobcaygeon on the 13th.

On Sunday last a few of our sports got into a queer fix. They contemplated a pleasant sail down into the lower lakes, and everything went merry as a marriage bell until they arrived at Bobcaygeon. Here however, they were destined to come to grief, and learn that all policemen are not of the same family. They found that the bridge had to be swung, this they did in genuine lock-master style. Then they had to "lock" through, and proceeded to open the first gate, but neglected to see that the second gate was properly closed. This little piece of neglect would in a very short time have drained Sturgeon Lake dry as a mill-pond and added greatly to the real estate at Sturgeon Point. Just at this particular point the wide-awake policeman who regulates the citizens of 'Caygeon hove into sight and brought matters up with a turn. He would not permit them to go through the locks nor would he permit them to pilot their craft back, as it necessitated the swinging of the bridge a second time. It was here that they discovered they were "in it". After a time some genial spirits arrived and induced the "cop," to take a walk and thus enable the boys to enjoy their first experience as "blockade runners."

At the Barracks.
On Monday night there were great doings at the Salvation Army barracks. Mr. Wm. Hy Mince was married to Miss Edith Caldwell. Mr. Geo. Lindsay was best man, while Miss Lieut. Hellman helped the bride through. The Rev. Mr. Greener did the knot tying, as the law requires, while Ensign Coombes did the army part.

At Chemong.
On Monday last Mr. Alex. W. Wray, of the C.P.R. freight department, Peterboro, passed away at Chemong. "Buzzy," as he was known to his intimate acquaintances, was a son of the late Alex. Wray, of Lindsay. He was a young man of much promise and his demise, at the early age of 24 years, will be heard of with unfeigned regret. The funeral took place at Lindsay, yesterday, and was largely attended.

To St. Anne De Beaupre.
A pilgrimage will leave Lindsay on Monday, August 21st, by regular train, at 10.30 a.m., connecting with special train at Peterboro, at 1.10 p.m. for St. Anne De Beaupre. Return tickets \$5.75; children \$2.90. A large number of persons will no doubt avail themselves of this opportunity to visit St. Anne's and take in Montreal and Quebec at the same time.

Broke His Leg.
On Tuesday morning Mr. James Workman, who was driving a team at the Sylvester works, met with an accident which will lay him up for some weeks. He was helping to unload some lumber and the horses suddenly started off. A pile of lumber fell on Mr. Workman and his right leg was broken in two places. Dr. Burrows is looking after the patient.

To Ste. Anne de Beaupre.
A special train will leave Lindsay at 10.50 a.m. on Monday, August 21st, per the Grand Trunk Railway for the shrine of Ste. Anne de Beaupre, Quebec, calling at all stations east to Belleville, arriving at 7 o'clock Tuesday morning. Return tickets \$5.25. Besides visiting the renowned shrine of Ste. Anne de Beaupre and the picturesque village lying in repose and beauty between the Laurentian Mountains and the broad-flowing St. Lawrence, a rare opportunity will be given all to visit Quebec. "An Old World city planted in the New"—and its numerous historic scenes. The Heights and Plains of Abraham, the monuments to Wolfe and Montcalm, the noble terraces that look down upon the city, and the harbour filled with shipping, and the cathedral that guards the entrance to the St. Lawrence, are sights well worth a visit.

General Sporting Notes.
—After a warming up mile Nancy Hanke was sent against her record at Boston, last Saturday, accompanied by a runner, but failed to do better than 2.08 1/4. Her time by quarters was 32 1/4, 1.03 1/4, 1.35, 2.08 1/4. Nancy seemed to slacken when inside the distance and Doble had to use the whip.
—The great Maine stallion, Nelson, reduced his record to 2.09 flat at Portland last Saturday.
—We publish elsewhere a brief history of the great star of this season, Hulda 2.08 1/4, in her race at Buffalo last week.
—The Canadian stallion, Alvin, was among the contest at Buffalo last week and after a great race was awarded second place. His time was 2.11 1/4.
—Duncan C. Rose is anxious to get on a match with W. H. Quinn who claims, the Canadian mixed Championship.
—On Tuesday, the Fort Wayne Driving park developed a surprise in the two-year-old pacing class. Lina Hill, without a break came under the wire in 2.07 1/2 the fastest mile ever paced by a two-year-old on an Indian track and the best record for this year.

Narrow Escape.
—On Wednesday Mr. John Burgess, of Verulam, accompanied by his two sons, William and Edward, visited Lindsay. About 12.30 o'clock, after their business had been transacted they were making preparations for their early return home. Mr. Burgess went into Mr. A. Campbell's store to get some parcels, leaving his two sons in the vehicle. William thought it would be best to get out of the buggy and take the animal by the head. Just as he jumped out of the animal made a bound forward taking the reins out of Mr. Burgess hands and making a wild dash down Kent-st. the reins flying on each side of him. Little Eddie Burgess, about eight or nine years of age, grasped each side of the seat and cried in whoa at the top of his voice but which only apparently urged the beast to greater flights of speed. In trying to take the turn at the foot of Kent-st. the animal collided with the sidewalk opposite the Britton Bros. store and upset, but the animal did not stop, but rushed madly along passing between the building and hydrant out into Ridout-st. Just here Mr. Fred Howe ran out and caught the horse by the head, and after being dragged as far as Dr. Kemp's residence succeeded in stopping it. The young boy who had been under the rig from the corner crawled out as soon as the horse was stopped. He was badly frightened and complained of pains in his back. His escape from death was almost miraculous. His escape from passing between the building and hydrant in the manner in which he did. The vehicle was pretty badly damaged while the horse escaped without a scratch.

Church Chimes.

—The special gospel services in the tent on William-st., near Peel-st., are being continued by Messrs. J. Monypenny and K. Telfer, evangelists, each week night, except Saturday, at 8 and on Sunday, at 4 and 7.30 p.m. A cordial invitation is extended to all. No collection.

Diamond Dust.
—Lindsay and Cobourg played a people game at Cobourg on Monday last. About 250 people went down and saw a rather one sided game. Cobourg won by a score of 19 to 0. The game was a fair and square one. It was played in the agricultural park and Mr. Geo. M. Stephens, who acted as umpire, gave every satisfaction. Lindsay's playing was execrable and twenty-one men never reached first base. About 700 people were present and the visitors were used like gentlemen.

Stock Notes.
—Mr. T. W. Evans, of Yelverton, arrived home on Friday last, after a most pleasant voyage, from Glasgow, Scotland, where he had taken a very fine consignment of froedsters. Mr. Evans could not see the force of returning empty-handed, and has, therefore, brought with him three fine Clydesdale stallions and a handsome Shetland, all of which landed in fine condition. The Clydes are all of grand quality, all prize-winners at the greatest society shows in Scotland, and all were district horses at high premiums. The Scottish Farmer, in a very flattering eulogy of this shipment, says:—"Seldom, if ever, has there been three better horses than Craichmore, Darnley, Uam Var and Blythe Prince exported to Canada."
—Craichmore Darnley is six years old, and was sired by the famous Darnley dam, by the great prize-winner, the Druid. He has captured all the red tickets at the principal shows in Scotland, and what is still more noteworthy his produce have won 23 first prizes this year alone at the principal fairs, including Glasgow, besides several second prizes. . . . Blythe Prince, sired by the famous Prince of Wales, dam the great prize-winning mare that produced Royal Salute and other noted horses. This horse of fine size, style, quality and action, and a prize-winner since a yearling. . . . Uam Var is another three-year-old that has won eighteen first and second prizes around Stranraer and neighboring shire, and stands second to none of his age in Canada. His sire was the Highland Society prize-winner, Lord Ailsa, whose dam was by Prince of Wales. Uam Var's dam was by Topsisman. . . . All these horses are of grand size, rich color, and good style. In addition to this trip a fine specimen of the Shetland pony is provided in a handsome and speedy little chestnut. All persons interested in looking over the best representatives of the Clydesdale should call at "Toppallan Farm" and inspect this lot, where they will receive a hearty welcome from the general proprietor.
