CATCHING THE EYE

is comparatively easy in a newspaper advertisement by some stunning headline or other device, but it takes such offers as ours to rivet your attention and hold your interest, etc., our prices show. We will not quote prices here, but ask you to call and see our new Silverware, just the thing for wedding presents. Don't forget that we carry the largest stock of Keepers, Jem and Wedding Rings in town.

S. J. PETTY, THE JEWELER
 110 KENT STREET, LINDSAY

Newmarket beat Uxbridge at Lacrosse yesterday—one game in two hours' play. The Anglican and Baptist missions at Salvation Army quarters, in Queen's were wrecked Thursday night by fire.

The dwelling of Mr. Geo. Martin on bridge-st., has been fitted throughout with electric light, put in by the Victoria Electric Co.

When a medical man makes the statement that whisky is a food, then the average people want to debate the question. The "good evening" boys who were in the city, may wake up some fine day and find it considerably past dinner-time.

The Town Council is one ahead of the world of Health in the competition for a place in comic opera. For they are fully good fellows.

The proprietor of THE WATERMAN gene to Kingston—not to the peninsula, however, but to attend the meeting of the Grand Lodge of Oddfellows.

The weather probabilities yesterday indicated thunder storms. No wonder the Council meeting—Thunderstorms.

The storm on the lake on Tuesday was the worst experienced by combatant men for some years. It became so dark for a time and they were unable to distinguish land-marks.

A garden social will be held at the residence of Mr. Hogg, Oakwood, on Friday evening. If there is fine there will doubtless be a lot of time.

The jury in the case of Richard Sheehan who was drowned in the Otonabee on 28th July, was to the effect that he ordered on to the spurline bridge of the P. R. while in a state of intoxication. It would be evidence of foul play.

It would be a good idea if Street Commissioners would have the bow-windows decorating the streets broken up, so that they would become more useful and ornamental.

Lindsay and Port Perry have their holiday on Thursday next. Five point excursions will be run to Chester, Niagara Falls and the Port. The latter place the Gates of Derry will be closed.

Mr. Sam Perrin is looking for the price for fishing. On Tuesday he dropped a friendly line in Straggen Lake and the response was favorable—an 8 lb. pike and a 12 and an 8 pound muskellunge taken in out of the wet. Next.

The friends of Mr. Harry Trew, son of Dr. C. Trew, will be pleased to know that he is steadily recovering from his severe illness. Every one who glad when Harry's familiar face once looms up at the Ontario Bank.

Yesterday Mr. T. Vernon of Saginaw united in marriage to Miss Jennie, of Lindsay. The ceremony was performed at the residence of Mr. C. H. Brown. Mr. Alf. Brown assisted. The bridesmaid, and Miss Sharp as bridesmaid. The happy couple take up their residence at Fenelon Falls.

Mrs. J. Simpson, of Cameron village, county is the possessor of a geranium of gigantic size. The plant itself stands 6 in in height, and 1 ft. in width. It is upon it at the present time no less than one hundred and twenty five beautiful flowers. This remarkable exotic is a sight to behold. Can it be better than this? This giant geranium should have an appearance at our fall exhibition.

Mr. Bowers, a leading man in the county of Harvey & Son, of Fenelon Falls, died through town on Monday, on his way to Saginaw. He had with him some magnificent specimens of silver ore, lead, zinc, phosphate and mica, picked up in the north country. He intends showing them to American capitalists, and sleeping Indians may wake up some day soon to a goodly portion of their rich mineral wealth "corralled" in by interprising capitalists.

The death of Mr. Harry MacLagan, son of Mr. J. B. Knowlson, who died in New York. The sad news took place on Friday last after a brief illness. The deceased was a resident of Lindsay for quite a number of years, having been employed in the store of the late Edmund Gregory, many old friends will deeply regret his early demise. He was a talented and popular young man.

On Thursday last while the heavy hail was in progress, near Salem a couple of young ladies—Miss Haggerman and Miss Ross—had a decidedly unpleasant experience. They were driving a horse and buggy belonging to the Rev. Mr. Marsh, when the storm struck them and they refused to proceed. In turning tail to get the horse went down, and the couple upset and the ladies were considerably bruised. The latter who were of Mr. Jones. That gentleman, who was with them, fixed up the demoralized couple and brought them to town. A letter however, was sent out from town to the ladies to town.

 —Rural schools re-open August 20th.
 —Normal schools open August 21st.
 —Applications for admission to county model school to be sent to inspector not later than August 25th.
 —Schools in towns and villages re-open August 27th.
 —County Model school opens September 3rd.
 —Last day for receiving appeals against Primary and Junior and Senior Leaving examinations is Sept. 15th.

The Carling Drowning Accident
 The sad double drowning accident at Sturgeon Point last week has been the occasion of considerable comment, and sincere sympathy has been expressed for all interested parties. A full share has been given to Mr. and Mrs. W. A. Goodwin, whose guests Mr. and Mrs. James Carling were at the time of the unfortunate occurrence. Nothing new has been elicited as to how the accident actually happened, but to the conclusion remains that he was in the act of putting on his coat when the canoe upset. When last seen he was paddling in the bow of the boat, while Mrs. Carling was seated in the stern steering. Mr. Carling was not a good swimmer as was at first stated and knew very little about boating. The remains of Mr. Carling were taken to London for interment where they were interred in the Roman Catholic cemetery along with those of his aged mother, whose death had been caused by the shock of the terrible double tragedy, at Sturgeon Point. The funeral took place from St. Peter's cathedral on Sunday and was very largely attended. The scene was a most mournful one throughout. The remains of Mrs. Carling were taken to the home of her parents Mr. and Mrs. J. J. Terril, at Linden Valley, and the funeral on Thursday afternoon to the Friends Cemetery was very largely attended, there being over one hundred vehicles in the procession. Mrs. Carling was the only daughter of Mr. and Mrs. Terril and was held in the highest esteem by all who had the pleasure of her acquaintance. The bereaved parents have the deepest sympathy of the entire community. Mrs. Terril has not been in extra good health for some time and the great shock of the sudden death of her beloved daughter, has been a heavy strain upon her nervous system.

A Marriage License
A. BRITTON BROTHERS for \$2.00.—3-t.f.

No Farmers, See Here.
 All growers of roots should call at Kylie's Carriage Shop and see the best scuffler made. Simple, durable and cheap. Don't buy one until you see Kylie's scufflers.—24.

S. A. Notes.
 —The corps held an open air meeting on the very spot where the army first stood in Lindsay eleven years ago last Sunday night. Some testified in the ring that were first converted in the open air that was first held on the spot eleven years ago.
 —A large crowd gathered around the ring on Saturday night and responded by a good offering.
 —A brigade of musicians, and singers from Toronto will visit here on Saturday and Sunday next, and Little Britain on Monday night.

Bobcaygeon Entrance Examinations.
 Names of candidates who were passed by the local examiners and approved by the Minister of education.—Bobcaygeon P.S. Leaving.—Deyell Ethel, Hunter Jennie, Kerr Wm. J., Martin Martha. Bobcaygeon entrance.—Armberg Agnes, Grant May, Hunter Edna, Justus Nellies, Kelly Elma, Patterson Mary J., Robinson, Bessie, Ward Millie, Wilson Fannie, Down Frank, Devitt Harry, Minns Frederick, McIntyre William, Murdoch Bert, Stevens Herbert, Devitt Stanley.

Canada's Great Fair For 1894.
 The Toronto Industrial Exhibition, which is to be held from the 3rd to the 15th of September, will no doubt be the greatest fair of the present year, and from present indications it promises to excel all others, both in point of exhibits and in attendance of visitors. The grounds have been vastly improved since last year, and already most of the space in all the buildings has been applied for. All entries close on the 11th of August. A good program of special attractions, both novel and interesting, will be provided as usual. It is only a little over a month to the time of the fair, and our readers cannot choose a better holiday trip than this offers. Cheap excursions will be usual as usual on all railroads at rates in keeping with the times. This great Fair has now become one of the best and most popular educational and entertainment enterprises on this continent, and attracts visitors each year, not only from all parts of the Dominion, but from the United States as well, and those who have never been there would be surprised at its magnitude and attractiveness, being almost like a World's Fair, only on a smaller scale.

It Will Be a Success.
 The annual picnic in aid of the R. C. church, at Victoria Road will be held this year in the splendid grove adjoining the beautiful village of Kirkfield, and the G. T. R. station, on Thursday, August 23rd, and not on August 28th, as previously announced. Elaborate preparations are being made for a day of recreation and enjoyment. The attractions for the day will be numerous and fanciful. Irish Harp, games of football, tennis and quilts will afford the sports lots of pleasure. There will be the usual contests of running, jumping and putting heavy weight. The victors will be rewarded with handsome prizes. The contest at present, exciting the keenest interest is the gold-headed cane. This will be contested for between Dr. McKay, of Woodville, and Dr. Wood, of Kirkfield. The great Irish Orator, Hon. J. J. Curran, of Montreal, solicitor-general of the Dominion will address the great crowd on the grounds. Arrangements are being made with the G. T. R. to run a special excursion train from Lindsay and all other intermediate stations, at very low rates. For further particulars see large bills. Remember the date, Thursday, August 23rd.

A Fatal Accident to a Mariposa Farmer
 On Thursday last week while Mr. James Elliott, of the tenth concession of Mariposa, near Manilla, was engaged in reaping, the horses by some means not clearly known, took fright and ran away. After taking a circular route for some few rods the binder came in contact with a rather deep furrow throwing Mr. Elliott in front of the machine. One guard punctured the skull to a great depth while another cut the jugular vein. Being still in gear the knives did not fail to do their deadly work, while the larger wheel in its onward motion passed lengthwise over a portion of the body. Anxious friends soon came to the rescue, but life was ebbing fast away and in a few minutes the poor unfortunate breathed his last. Mr. Elliott was well and favorably known in this vicinity for the past eighteen years, and during this long time had won for himself many warm friends who remain to grieve the loss of a good neighbor and friend. A large number followed the body to its last resting place at Salem, where Mr. Hazzard, the Methodist minister preached the funeral sermon. Much sympathy is felt for the bereaved widow.

Clean Out Your Wells.
 What is in wells? Water is one of the prime necessities of life. Therefore, the greatest care should be exercised to see that the article entering into home consumption should be just what it ought to be. Pure water is one of the greatest essentials to good health, as impure water produces disease and death, being one of the principal causes of destructive fevers. It is safe to assert that the majority of people daily take into their systems water that is deleterious to their well-being. Not long ago the members of a family, from the head of the household down to the baby, residing a few miles out in the country, were one after another taken ill. Typhoid fever was the disease, and the doctor called in stated that bad water was the cause of their sickness. The well at the house in question was all right in the spring. It was located beside the verandah platform, but the carpenter who put a new covering over the well left it open on the inner side, never putting in any cross timber. This fact was discovered when the covering was removed. It was not surprising that the water in the well had become bad, for the professional well cleaner, whose services had been secured, removed from it the following animals and reptiles in various stages of decomposition: one small pig, a pup dog, one cat and two kittens, two rats and five mice, one milk snake and two garter snakes, and about two dozen toads. It is not to be wondered at that the man who had the cleaning job in hand was deadly sick at the stomach several times, and expected his boots to come up before he got through with it. When just to think of drinking water contaminated by the decaying carcasses of pigs, dogs, cats, snakes and toads, does it not make you sick to read about it? Will you go to look well into your wells. See that you use nothing but the purest of pure water. By so doing you will prevent much sickness and save doctor's bills.

Furnished House to Rent.
 A small comfortable furnished house to rent, suitable for new married couple. Apply at 36 Mill-st., Lindsay.—31.

Sporting World.
 —Beaverton and Orillia lacrosse teams will cross sticks on the 15th of August.
 —The Orillia Canoe Club intend holding a fall meeting about the first of September, when a good programme of racing events will be carried out. A hop will be held in the evening.
 —The matinee race meetings at Cambray, are proving quite interesting and the contests are growing quite hot. On Saturday evening two carts came to grief and the spoked wheel high in the air as a result of close quarters in a driving finish between three rare good 'uns.
 —The Canadian pacing gelding, Little Pitt, is on the American side of the lines now, and is proving quite a factor in the speeding events. On Friday last he won the 2.15 pacing event, after a long drawn out race and lowered the track record to 2.14. Little Pitt was sired by Mr. John Simpson's Lapidist Chief that died at Cameron, two or three years ago.

Yarn, Hosiery, Woollens
 Including 35 different kinds of Yarns, warranted equal to the to the famous home-made, (same system used in manufacturing). Also Men's Socks, Boys Stockings, Ladies' and Children's Hosiery from 5c. per pair up. Full-cloth, Tweed, Shirtings, Underwear, Check Horse Blanket, Robe linings all at prices which none can give except the manufacturer's. Be wise and buy all your woollen supplies from head quarters. No commissions or other expenses to add to the price of goods. Wool carding and manufacturing the year round. Custom weaving a specialty. **HORN BROS., Lindsay Woollen Mills.**—31-6m.

Church Chimes.
 —The Rev. C. H. Marsh resumed his pastorate duties in connection with St. Paul's church on Sunday last. He seems to have benefited by his vacation.
 —Special services were held in the Baptist church on Monday evening when interesting reports from the convention were presented.
 —Cottage prayer meetings will now be held three nights each week, in various parts of the town, in connection with the Baptist church.
 —Rev. Ralph Trotter, the pastor, will occupy the pulpit of the Baptist church next Sabbath, and will administer the ordinance of Christian Baptism at the evening service.
 —Rev. Carl S. Smith, the curate of St. Paul's is at present enjoying a pleasant three weeks' visit with friends at Pictou.
 —The monthly meeting of the W.F.M.S. of St. Andrew's church will be held on Wednesday evening at 8 o'clock, in the lecture room of the church. Miss McKenzie, a lady who has had large experience in the city mission work will address the meeting. Several strangers, who are visiting in town, will also assist in the meeting. All parties interested in mission work are invited.

The Gilmour Company's Big Drive.
 The big drive of the Gilmour Co. is on its way to Trenton, by way of the Trent Valley route, from the new limits of the company, at Algonquin Park, in the Nipissing district. The entire drive comprises 150,000 logs. It is divided into five sections, each division having a complement of about forty men, with an alligator steamer to do the work. The logs were taken out around Big and Little Joe Lakes and Canoe Lake. The distance from these points to Trenton is not far from three hundred miles. The advance section was in Sturgeon lake last week, and the immense boom of logs was a sight to the people at the Point, while the working of the Alligator was watched with intense interest. The Alligator is a novel water and land vessel, being able to climb over portages between lakes. It is supplied with five thousand feet of wire cable, which it uses in towing and portaging. When the steamer reaches a portage the cable is reeled out to a certain length and anchored, then the machinery is set in motion, the cable wound up causing the vessel, which is fitted with broad steel runners to slide gently over the land. Each Alligator has a powerful electric search light, which throws into bold relief objects a mile distant. The advance section of the drive reached Bobcaygeon, Friday night, since which time the logs were being sent through the slides into Pigeon lake. It was in charge of Mr. Charles Morley, an intelligent and gentlemanly young Englishman, with Messrs. Hugh McCormack and Samuel Gunter, both stalwart fellows, as foremen. The steamer was captained by Milton Marsh and Mark O'Donnell. The drive began moving on the 20th of April last, and Mr. Morley expects his section to reach Trenton about the first of October next. The lakes already passed through are Big and Little Joe, Canoe, Ox Tongue, Bays, Raven, St. Norah, Eagle, Wren, Moores, Kushog, Big and Little Boskey, twelve mile lake, Big and Little Horne, Gull, Big and Little Mud Turtle, Balsam, Cameron and Sturgeon. From this point to Trenton there are seven or eight more lakes. The logs are run through the river connections, while in the lakes they are boomed and towed. The men are divided into two gangs, working night and day, changing at six o'clock in the morning and six in the evening. The night gang always have a mid-night dinner. The men have well-excellent provisions being supplied to each division of this river-drive army. If all the men in the employ of the Gilmour Co. are civil and well conducted as those with the first section, then they will pass inspection with all honors. It is not expected that more than two of the sections, or three at the most, will reach their destination this fall. The company had between four and five hundred men at work taking out the logs in the Algonquin limits last winter. They were divided into ten camps. The portage at the water shed between the Lake of Bays and Raven lake is a full mile in length. Over one hundred thousand dollars were expended upon the right of way at this point to accomplish the transportation of the logs between the two lakes. A dam thirty-six feet deep was constructed, with a sluice or canal way built over the entire divide, through which the logs are floated from one lake to the other. A curious statement is related in connection with the Lake of Bays. The Alligator cast its anchor, but failed to catch bottom, although its five thousand feet of cable was payed out. Bays is now known as the bottomless pit lake. The logs are a splendid sample of Canadian white pine, many of them being three feet in diameter.

Subscribe for The WATCHMAN

Rochester N. Y. and Return August.
 —Oddfellows Excursion good for 30 days. Fare only \$2 see large posters for particulars. Circuit runs at this time. The only chance this year. Don't miss it. Train leaves G. T. R. Depot 5 a.m.

Y. M. C. A. Notes.
 —Boys Bible class Sunday morning at 10 A. M. all boys who do not attend any other service at that hour are invited. Men's meeting Sunday afternoon at 4.15. All men are invited. Reading rooms open during the week from 8 a.m. until 10 p.m.

The Orillia Regatta.
 —About four thousand persons witnessed the regatta races at Orillia, on Tuesday. There were four contestants in the single scull race. Jake Gaudaur won, beating Rodgers by four boat lengths. Duran and Dark were twenty boat lengths behind. The distance was 2 1/2 miles, and the time made was 13-20.

Haliburton Will Exhibit.
 —Haliburton county purposes making an exhibit at the Toronto Industrial fair of cheese, butter, cereals, roots, fruits and other articles. Mr. Gordon, of the Land company, will place the exhibit. Messrs. Kellett, Austin and Gorrie are a committee to arrange the exhibit and will secure the assistance of the agricultural society.

Public Pointers.
 —The policy of robbing Peter to pay Paul, which is protection simplified, is a fraud upon the people, being nothing more or less than a delusion and a snare. The free trade is the better, it is for all concerned.
 —Some four million dollars were voted in railway subsidies at the late session of the Dominion parliament. It is about time that this bonusing business was stopped, as it only encourages schemers to evolve wild-cat railway enterprises.
 —There should be a limit to public liability. The governments ought to run business on a cash basis as near as possible, and not discount the future the way they are doing, by borrowing money and placing heavy mortgage debts upon the shoulders of the people.
 —Higher education should be paid for by those who can afford it. The state should only provide a common school education embracing reading, writing, grammar, arithmetic and geography for all.
 —There are some ninety patriotic organizations in the United States pledged to maintain American institutions and keep them free from sectarian influences. They have quite a job on hand.
 —The number of election protests returned up to date, is 27, being divided as follows:—Liberals, 13; Conservatives, 11; Patrons, 3. Some of the Conservatives are charged in the protests with being members of the P.P.A.
 —Some Ontario Conservatives want the government house at Toronto abolished. If they would move upon the one at Ottawa it might be much better, or else go in for the abolition of the senate, which is about as useful as an electric search-light would be to a wheelbarrow.
 —The one strong argument in favor of unrestricted trade between Canada and the United States is that it would do away with the expensive army of custom officers on both sides of the line, which are now a burden upon the people of both countries. The cost of maintaining the Canadian army is much greater in proportion than that of the other on account of difference in population.

Sturgeon Point Notes.
 —Mr. and Mrs. E. N. McWilliams, and Mrs. Thordike are putting in several weeks at the Point. They occupy one of Fremont Crandell's cottages.
 —The religious service held in the rustic chapel in Sunday last was conducted by the Rev. Carl S. Smith, of Lindsay, who preached an admirable sermon.
 —Some of the people now adopt the plan of tying a rope round the body of their youngsters when they let them go into the lake, so as to pull them into shore in case they get beyond their depth. The idea is really a good one.
 —The Miss Hamiltons, of Peterboro, who have been spending several weeks with their uncle and aunt, Mr. and Mrs. Jas. Hamilton, have returned home.
 —The Oddfellows of Fenelon Falls, ran a highly successful excursion to interesting points on the lower lakes, by the Crandella, on Friday last. They were accompanied by the excellent village band.
 —Mr. J. W. Taylor, of the Edison electric works, Peterboro, and family, are putting in a couple of weeks with Mr. S. Parkins.
 —Thirteen year old Fred Hopkins pulled in a ten pounder, and an American one weighing eleven and a half pounds.
 —Mr. Stewart Patterson, of Toronto, is putting in some holidays with his uncle, Mr. John McMillan. Mr. James Patterson, of Peterboro, is also at home in the same cosy cottage.
 —In the catch of large fish the past week, Mr. Albra Mallett stands head with a fourteen pounder. This makes twenty-one maskinonge caught by him this season. Mr. Alex. Nugent is second with a record of twenty.
 —The boys had a lively base ball match on Friday. The sides were captained by Arthur Simpson and Wray Macgachen, and at the close of the match the score stood 23 to 13. Simpson's side being knocked out of time. The batting was excessively heavy, club after club being broken. The boys were also more or less demoralized. They now use Indian clubs made out of green elm.
 —An interesting canoe race took place at Graham's Landing the other day, members of the Y.M.C.A. camp competing. The double paddling race was won by Messrs. W. Rea and F. Houghton, while Mr. A. Horn secured the race for the single canoe. Mr. John Heald acted as referee and gave the boys some lessons on paddling which were much appreciated.
 —On Tuesday a swell ball was held at the hotel. The pavilion was beautifully illuminated and decorated. A large number of ladies and gentlemen came down from Lindsay by the Crandella, while Bobcaygeon and Fenelon were as fully represented.
 —Miss Gouais of Bobcaygeon, with thirty five ladies and gentlemen friends, spent Friday at the Pt. being at home at Hile-avue Cottage and were the guests of the Miss Parkins.

The Public Schools.
 A regular meeting of the public school board was held Tuesday evening. The members present were Messrs. McNeillie, Spier, Kennedy, Kennedy, Pilkie, Deacon and Lynch. Inspector Knight stated that Miss Mable Bell and Miss Florence Winters had both passed, standing even, the marks being 591. It was agreed that each should have a years' scholarship in the Collegiate. Mr. Jas. H. Lennon made inquiry as to whether the old east ward school was for sale or not?—Referred to committee.
 Five applications were received for vacancy on teaching staff. Miss Lumsden receiving the appointment at \$300 a year. The kindergarten application from Estin Pettin was not considered.

THE CHEESE BOARD.

The regular meeting of the Peterboro cheese board was held on Tuesday. The number of boxes boarded was 3,972, as follows:

PERSONALS.
 —Mr. Wm. Carr, of Toronto, was home on a visit to his parents this week.
 —Mr. Geo. Armstrong is the guest of his brother Mr. Thos. Armstrong.
 —Miss Lela Staples is spending her holidays with friends in Toronto.
 —Mrs. A. Matthie is spending a week with friends in Manilla.
 —Major Sam Hughes, M. P., is rustating up north with friends from the west.
 —Miss Hague, of Montreal, is visiting friends in town and at the Point.
 —Mrs. Jos. Haller, of Peterboro, is paying a visit to her brother, Mr. Sandford Laidlaw.
 —Mr. and Mrs. Wm. Extence, of Bolton village, are visiting friends in this section. They are guests of Mr. and Mrs. S. J. Fox.
 —Miss H. Stinson, accompanied with Miss A. Heppburn, of the south ward, left town Tuesday, for Peterboro.
 —Mr. Jos. Cooper returned from Montreal on Monday where he had been visiting friends.
 —Miss Lillian Weldon of Oakwood, is visiting her grandparents, Mr. and Mrs. S. Kezlin, Kent-st.
 —Miss Morton and Miss Eta Rezin will spend their holidays visiting friends in Rochester, N. Y.
 —Rev. Newton Hill of Omemee, was in town yesterday and old friends enjoyed a hearty hand shake. He likes his new charge.
 —The Rev. Carl S. Smith, Curate of St. Paul's, is spending his vacation with friends at Pictou, Prince Edward County.
 —Mr. and Mrs. Jewett, of Toronto, were the guests of Mr. Fremont Crandell, this week.
 —Mr. A. D. Stewart, of Hamilton, provincial game warden, visited this locality during last week.
 —Mr. Jas. W. Blain, son of Coun Blain left on Tuesday, for Brandon, Man., where he will reside in the future.
 —Mr. Frank Lang, of British Columbia, is home on a visit to his mother. He has done well on the Pacific slope.
 —Mr. Albert Metherall, M.D. of Vancouver, B. C., is enjoying a pleasant visit with his sister, Mrs. John Hore, Victoria Avenue.
 —Mr. and Mrs. Geo. A. Little left on Tuesday, for Kingston. They will take a trip down the thousand islands to Montreal before returning.
 —Mr. Geo. Matthews arrived home from over the ocean on Thursday last. He reports a pleasant trip and good business prospects.
 —Mr. M. McDougall of Salem, Ops, who has been in Scotland the past three months, for the benefit of his health, returned last week looking hearty.
 —Mr. R. G. Calvert, of Medina, Ohio, of the Bee Supply Factory at that place, is at present visiting his parents, Mr. and Mrs. John Calvert, of Keabro.
 —Mr. and Mrs. John Easton, of Toronto, have returned home after putting in a couple of pleasant weeks with Mr. and Mrs. Robert Easton.
 —The WATCHMAN was brightened by a call from Mr. C. Blackett Robinson, of Toronto, on Monday last. He was on his way to the grand lodge meeting at Kingston.
 —Messrs. J. H. Anderson and Geo. Lytle are at Kingston attending the annual meeting of the Grand Lodge of Independent Order of Oddfellows, as delegates of Lindsay Lodge, No. 100.
 —A number of handsome young Beaverton men passed through here on Tuesday on their way to Bellevue where a lacrosse match was to be held. Among them were Messrs McKinnon, Birchard and Guess, who gave THE WATCHMAN a call.
 —Mr. Donald McCrimmon passed through town on Tuesday on his way to Brockville. Mr. McCrimmon has received the appointment of government farmer, at Brockville Asylum now being completed. He has been visiting the Hamilton Asylum and settling points for his new position. The appointment is a good one, as Mr. McCrimmon is a well known Eldon farmer, and is highly respected in this county and well fitted for this position.

THE WATCHMAN
