Retaliation.

Last Saturday, by a vote of 176 to 4, the House at Washington decided in favor of the Retaliation Bill, investing the President with the powers for which he had asked; and it now remains to be seen whether the other branch of Congress will pronounce a similar verdict. Everything points to the latter result, and should the Bill the latter result, and should the Bill...

decorated with bunting, mottoes and evergreens, whilst three immense arches spanned the streets through which the procession passed. The main arch both in design and proportions would have done credit to the largest city. On a raised platform connected with this arch were six or eight young ladies, who sang "Rule Britannia" as the procession was passing through, lending a charm to the scene which is rarely equaled. No less than six bands—the Uxbridge, Port Perry, Sunderland, Cannington and Beaverton bands, and the Indian band from Rama—supplied music for the occasion, and it is needless to say that the enthusiasm was unbounded. A large number of young men, well mounted on horseback, accompanied the procession along the line of march; which after it had traversed the principal streets wended its way to the beautiful Edgel Grove, on the shores of Lake Simcoe. Perhaps no spot in the wide Dominion can be found more suitable for such gatherings, and in fact as a pleasure resort for all occasions. Here also the preparations were unsurpassed, being seated accommodation for 4,000 people, and eatables for a much larger number. The dinner provided for the speakers and their friends diffused credit to the ladies of Beaverton and surrounding district. The whole reception was a high tribute to the esteem in which Mr. Frank Madill, member for North Ontario, must be held by the people of all classes in his riding.

Dr. Gillespie of Cannington, President of the North Ontario Liberal-Conservative Association, was the chairman of the afternoon, and introduced the speakers. The Hon. G. E. Foster, Minister of Finance; the Hon. C. H. Tupper, Minister of Marine and Fisheries; and Dr. W. H. Montague, M. P. of Haldimand, were the speakers on the platform, besides the above and a large number of gentlemen from far and near, the following members of parliament—Robert Porter, M. P., West Huron; Adam Hudspeth, M. P., South Ontario; J. S. Cruess, M. P., East Victoria. The disappointment arising from the absence of Sir John A. Macdonald was entirely removed by the rousing, eloquent and patriotic addresses to which the great audience were treated during the afternoon. The speeches were masterpieces of calm, dignified eloquence, and were greeted with the greatest enthusiasm. We give a brief resume of the speeches of Messrs. Foster and Tupper:

The acting secretary of war has sent a message to Congress recommending that the use and administration of the St. Clair canal be placed entirely under the Secretary of War. Mr. Greenway, Premier of Manitoba, will visit Toronto during the Exhibition. Mrs. Harriet Beecher Stowe is suffering from subacute meningitis, and is not expected to live. Early frosts and heavy rains are doing great damage to the tobacco and corn crops in different sections of the States. The third annual convention of Christian Workers of the United States and Canada will be held in Detroit in November. In the United States House of Representatives the Retaliation Bill was passed on Saturday afternoon by a vote of one hundred and seventy-six.

A wheat expert from Chicago is at present inspecting the wheat crop of Manitoba with a view of making a report to the Board of Trade. The Reformers of North Lanark have elected Mr. W. C. Caldwell, of Lanark village, to contest the seat rendered vacant by the death of Mr. Daniel Hilliard. James Glennie, a sixteen-year-old Barrie boy, was given six lashes on Saturday for assaulting a girl about six years of age. A large number of delegates to the General Assembly of the Methodist Episcopal Church arrived at Winnipeg on Saturday. Mr. Alexander Campbell will give a silver cup as a prize for the best essay on the South Eastern fair, to be held at Essex Centre next month.

THE BALTIC AGROUND. The Run on the rocks of the North Channel in a Dense Fog. OWEN SOUND, Sept. 11.—The steamer Canadian of the Canadian Pacific Railway line, on her arrival yesterday morning brought with her the steamer Baltic, which was aground high and dry at One-Tree Island, in the North Channel, near Clapperton Island. It is stated that the vessel was in a fog doing her best to make up lost time when she struck on the island at 11.30, and the vessel was holed in the bow. The accident ran up to the assistance of the All-British, but could do nothing for her. It is thought that the vessel can be pulled off her mishap. The island on which the Baltic lies can only be found on the new charts, and is commonly called One-Tree Island by sailors. The latest report brought down by the steamer Merceur is that the Baltic is holed beyond repair, and is being towed to the south side of the island. The vessel is now in a position to be towed to the south side of the island. The vessel is now in a position to be towed to the south side of the island.

INCENDIARY FIRE. Property Valued at Ten Thousand Dollars Destroyed. DENDALE, Sept. 11.—About 1.30 yesterday morning fire was discovered in the house owned by John Connor, a liquor store, in the street of Dendale. The fire spread rapidly, and the efforts of the people there present and those of the fire department were unavailing. The property destroyed was valued at ten thousand dollars. The fire was undoubtedly the work of an incendiary.

THE BEAVERTON PICNIC. The Liberal-Conservative picnic at Beaverton last Thursday was, with one exception, a much greater success than the most sanguine expectations of its promoters could have looked for. The absence of Sir John A. Macdonald was that one exception. Important matters of state at the last moment prevented his being present to meet the immense concourse who had gathered from far and near largely in his honor. The loud expressions of regret and disappointment heard upon all sides at his absence was a strong proof of the hold the veteran statesman and premier has upon the affection of his countrymen. Of the 5,000 electors who had assembled to do him honor, fully one-third were reformers; and the address of welcome which the Reform Association of North Ontario had prepared, and which in his absence was forwarded to him, was one of the most pleasing and creditable features of the occasion, and the best possible evidence of the kindly feelings with which the Old Man is held by the party to which he has been so long opposed.

Editorial Notes. It is understood that the North-West Legislature will open about the middle or end of next month. The Dominion Department of Agriculture has received reports indicating that but 25 per cent. of the Manitoba wheat crop is damaged by frost. She came to St. Anne a week ago and was faithful at her devotions. One morning, having partaken of Holy Communion, she instantly found a change take place as though the could walk.
