Colt Strayed.

A dark bay mare, two years old, strayed from Mr. Chas. Williams' pasture on Wolfe St., on or about Sept. 14th. The animal has a short tail, a white spot on her forehead, and also a white ring around the top of three of her hoofs. The finder will be liberally rewarded by giving information as to her whereabouts.

Night Schools.

The Board of Education has in view the establishment of a night school for the winter months, provided a sufficient number of the young people of the town are anxious to attend such an institution. In order that the Board may be in a position to judge of this, all parties desirous of attending a night school are requested to send in their names to Mr. Robert Spier, secretary, at once. The regulations require that no pupil shall be admitted who is under 14 years of age, or who attends school during the day. The course of study is limited to the subjects prescribed for the Public Schools, and a moderate fee will be charged. Those desirous of attending such a school should communicate with the secretary at once.

Board of Trade.

A special meeting of the Board of Trade was held on Friday evening last, 7th inst. Mr. John Kennedy, vice-president, in the chair.

A good representation of the members was present.

The auditors' report, showing a considerable balance to the credit of the Board, was read and adopted.

The resignation of Mr. J. R. Dundas of his position of president of the board was accepted, a resolution being unanimously adopted expressing the regret of the board at Mr. Dundas' removal from town, and expressive of the high esteem in which he has always been held by the citizens of Lindsay.

Mr. John Kennedy was unanimously elected president of the board for the remainder of the term, and Mr. A. F. D. MacGachen was elected vice-president.

The importance of the construction of a proper system of sewerage for the town was discussed, when Cel. Dacon, Messrs. J. B. Knowlson, E. Flood, J. Kennedy and A. F. D. MacGachen, were appointed a special committee to co-operate with the town council in dealing with the matter.

The names of five gentlemen were submitted for membership.

Flattering reference was made by several members to the satisfactory manner in which the waterworks system had been constructed by the contractor, and the excellent treatment the men employed had received at his hands.

It was decided to call an early meeting of the board to deal with the sewerage question.

Thanksgiving Day.

Thursday, November 10th, has been set apart as a day of thanksgiving for the Dominion by proclamation of the Governor-General. The "small boy" will have an abundance of time between now and then to look up his gun.

Wedding.

A very pleasing ceremony was celebrated on Wednesday last, at the residence of the bride's father, R. Hunter, Esq., of Cavan, when his daughter Maggie was united in marriage to Mr. George Matchett of Lindsay. The ceremony was performed by the Rev. Mr. Bloodworth, of Millbrook. The groomsmen were Mr. A. Higinbotham of Lindsay, and the bridesmaid was Miss Martha Hunter, sister of the bride. There was a large number of friends and relatives present. The happy couple left for home by the evening train, where a splendid reception awaited the wedding party, presided over by Mrs. J. R. McNeillie, Mrs. T. C. Matchett and Mrs. Laidley.

Stock Notes.

On Monday last Mr. David McGinnie's of Ops sold a mammoth short horn Durham bull to Mr. McMillharge, the local cattle buyer, which on being placed on the market scales tipped the beam at 1,960 lbs. There was no small amount of guessing at the weight, and while many were away out, one gentleman, who has had considerable experience in live stock placed his figure on paper and was within five pounds of the weight. This animal was choicely bred, and reflects credit on its breeder. Mr. John Connolly, of Ops. A well-known stockman was heard to remark "that it was to be regretted that such a representative Durham should be permitted to leave the district, and that it was certainly a loss to the breeding interests of the county."

The Most Conscientious Actress of the Day.

"If the management of Redmond's Grand could secure at least a dozen of such attractions, during the season, as the Ida Van Cortland company it would add greatly to the reputation of that theatre. Miss Ida Van Cortland is probably the most conscientious actress of the day, and this is in a measure the secret of her success. I believe if there were only a dozen people in the theatre she would work just as hard and conscientiously as if it were filled to the doors. She never shirks her own parts, and never permits any member of the company to do so, and this is the reason there is never any bad acting done by any of the company."—The Star, Grand Rapids, Mich., Saturday, March 30. Miss Van Cortland will appear at the Opera House, Lindsay, Thursday Oct. 20.

Personals.

At the annual meeting of the club on Tuesday last, it was resolved to give Mr. McMillan a letter of introduction to the curlers of that city.

Annual Meeting of the Curling Club.

The annual meeting of the Lindsay Curling Club was held on Tuesday evening last, at the rink, when one of the largest gatherings of enthusiastic curlers ever held here took place. The chief business of the meeting was the election of officers for the ensuing year, and the enrollment of new members. There were several new members elected, and the interest taken in the proceedings augurs well for the success of the club during the coming season. The retiring President, Dr. Poole, received a hearty vote of thanks for his services during the past year. The following are the officers newly elected:—

President—J. D. Flavelle. Vice-President—L. McIntosh. Secretary—John McLennan, Jr. Chaplain—Rev. R. Johnston. Patron—John Kennedy. Representative Members—J. D. Flavelle and G. H. Bertram. Managing Committee—J. D. Flavelle and J. Keith. Medal Committee—J. C. Harstone and H. Ferguson. Skips—J. D. Flavelle, W. McLennan, J. Keith, J. C. Harstone, J. M. Knowlson, J. C. Wedding at Omeme.

A happy matrimonial event occurred in Omemee Wednesday morning, the 5th inst., says the Recorder, being the marriage of Miss Ida Norris, second daughter of the late Dr. Geo. A. Norris, to Rev. J. M. A. Spence, of Haliburton. The ceremony took place at the residence of the bride's mother and was performed by the Rev. R. Bamforth. The bride was attended by her sister, Miss Ethel Norris, while the bridegroom was ably assisted by his brother, Mr. Benjamin Spence, of Toronto. The ceremony was very quiet, only the near relatives of the contracting parties being present. After the nuptial knot had been tied, and a sumptuous wedding repast partaken of, the happy couple took the train for Haliburton. The bride received a large variety of beautiful presents.

Omelets For Englishmen—The Britisher Buys Our Eggs and Pays Fair Prices.

The World says:—Messrs. Dundas & Flavelle Bros., Lindsay, is one of the firms which has engaged in the export of eggs to the English markets during the past two years. As it has been frequently stated that it was not possible to export eggs to England at a profit, the experience of the Lindsay firm, as told by Mr. J. D. Flavelle, is interesting. Mr. Flavelle was accosted by a World reporter in the Board of Trade rotunda. He said:—

"Yes, we have been engaged in exporting eggs to the Old Country and find it satisfactory in every respect. The secret of the business is 'proper packing.' If your goods are properly packed they will sustain no breakage and arrive in as good shape as when put aboard the vessel. The prices we have realized have been quite satisfactory to us, affording us a fair profit on the business done. In fact, I am convinced that the egg export trade to Britain is so well established now that even if the McKinley Act were repealed to-morrow there would still be a large trade done with the Old Country."

BREVITIES.

—Sea fish, Haddock and Shad, at Soares'.

—Omaha is flooded with counterfeit silver dollars.

—Twelve wheat trains per day leave Winnipeg for the east.

—The waterworks stand-pipe was photographed by Mr. Oliver on Monday last.

—C. Wilson Day, who is so kindly remembered by the theatre goers of this town, is again leading actor with Ida Van Cortland Co.

—For the celebrated Granby Rubbers go to PERKINS & Co., 52 Kent street, Lindsay, the leaders in Low Prices of Boots & Shoes, Rubbers &c.

—For the best value in Boots & Shoes, Rubbers &c go to PERKINS & Co., 52 Kent street, Lindsay. Their stock of fall and winter goods are arriving daily.

—The Waterworks Co., filled the stand-pipe on Monday last, and cleaned out all the pipes and hydrants. The pressure seemed to be immense and no doubt when the hose is attached the trial will prove satisfactory.

—The Manitoba Government's official crop estimate just received by grain men here is based on 22,07 bushels on an area of 875,999 acres, which makes a total crop for the Prairie Province of 19,333,099 bushels. The most conservative grain men say that 17,000,000 bushels for the province is a safer estimate.

—The steam yacht Marie Louise, which was destroyed by fire a few days since at Bobcaygeon, has been raised and towed to Lindsay where the damage was estimated by the insurance inspector at \$960. The boat was insured for only \$600, and we are pleased to say that Mr. Parkin will receive the full amount of insurance. The machinery is being taken out and repaired, and we believe a new hull will be built this season.

—Mr. David Dunoon has been greatly improving that part of Wellington street, between William and Cambridge street, by erecting a new block, and making boulevards in front, moving the sidewalk some six or eight feet farther out. When the council continues the sidewalk the remainder of the block, Mr. Dunoon will make the boulevards opposite the remainder of his property which will greatly enhance the appearance of the street. Mr. Dunoon deserves credit for his enterprise.

—The Review says:—A young son of Mr. John Macdonnell, of Indian River, met with a painful accident on Sunday last, which might have resulted more seriously. The boy in passing along the C.P.R. track it is supposed found one of the explosive fog signals used on railway trains. The boy not knowing what the cartridge was began pounding it on the steel rail of the track when it exploded. The boy's right hand was badly lacerated and he received a severe cut over the eye. The injuries were not serious.

—The re-opening services in the Queen street Methodist church were very successful. On Sunday the Rev. Dr. Sutherland, of Toronto, preached two powerful sermons, and the Rev. Mr. Dewey in the afternoon preached an excellent sermon. During the three services, the large edifice was crowded to excess. On Monday the Rev. Mr. Maxwell preaching in the afternoon. The supper was also largely attended and was a happy social gathering. The musical portion of the proceeding was excellent, the Rev. Mr. Dewey being a host in himself, and he was ably assisted by several excellent voices from a distance and the choir belonging to the church. The financial results were also very satisfactory.
