

### THE LINDSAY TOWN COUNCIL

They Meet and Decide that a Hospital is Necessary.

THE BILLIARD BY-LAW CAUSES SOME DISCUSSION AND STILL REMAINS AS IT WAS—SOME TALKING IS DONE BUT BUSINESS IS RULED OFF LIGHT.

A regular meeting of the town council was held on Monday evening. Mayor Ray presided and Reeves Kylie, Walters, Crandell and Couns. Keith, Touchburn, Mallon, Killaby, Tully, Lovell and Head were present.

The minutes of the last meeting were read and confirmed.

From Messrs. Maumder, E. Benson and T. McConnell asking for a refund of moneys paid for billiard licenses not granted.—Finance Committee.

From Mrs. Emma Atkins complaining of a defective drain on the corner of Russell-st. and Victoria-ave.—Street and Bridge Committee.

From Messrs. McSweeney & Anderson, (which should have been read at the last council meeting), complaining of the action of Sanitary Inspector Douglas, in entering upon the premises of one Mrs. Moore, a most respectable lady residing in the south ward and searching her premises.—Police Committee.

From Mr. J. H. Sutherland praying that a billiard license be granted to Mr. Angus Dovey, for the old Dominion Hotel.—Received.

From Dr. Lynch, acting secretary of the Board of Health, re, proceedings of the Board of Health regarding an isolation hospital.—Received and adopted.

Gas Co., \$9.45.—Finance Committee.

From the Board of Health stating that the proposed sewerage system was not approved of by the board.—Received.

The clerk asked that the collector's bond for 1893 be approved of.—Accepted.

Mayor Ray said that deferring action in the matter of the hospital would be criminal and as the doctors, who should know, said that such was badly required, the town should act, if only in the interests of humanity and the health of the town. The feeling of the great body of citizens was that such was required.

Coun. Keith read a communication from the Ontario authorities regarding grants to hospitals.

Coun. Killaby read a report from the police committee, stating that the accounts of the chief constable had been examined and approved of and recommending that no billiard licenses be granted this year.

Coun. Mallon objected to the latter portion of the report—as he considered that if the billiard by-law was any good the license asked for should be granted.

Reeve Crandell also had something to say. He had known the Doves for many years and always knew them to be good citizens, among the best in town, and rebuked the members of the council who were in favor of granting billiard licenses, away from hotels, when now the chance was offered to grant a license to a man who was, at least, 500 yards away from any hotel and who would not vote against the adoption of the report.

Coun. Keith said he would support Reeve Crandell if the intention was to make temperance houses.

Coun. Mallon said he had an idea that, under the by-law, any man, as long as he was a fit and proper person, and complied with the by-law, could compel the council to grant him the license.

Coun. Touchburn had his innings and thought that some other persons, rather than Mr. Dovey, were at the bottom of the application. He favored billiard parlors, properly equipped, in the centre of the town.

Mr. Angus Dovey was heard and explained that he had expended some \$500 in fitting up the premises for which the license was asked, upon the distinct understanding that the license would be granted without any further talk.

Coun. Touchburn read a report from the street and bridge committee, recommending that the engineer be instructed to draw plans, say 3 1/2 x 4 and to make estimates for the cost of the Wellington sewer and also that the committee could not recommend any further outlay on streets and bridges.—Adopted.

NO BODDLE. Mayor Ray said that the grant for streets and sidewalks was expended and no further grants would be made this year, unless loss of life or limb depended on it.

RESOLUTION FOR THE EAST. A resolution to lay down a sidewalk in the east ward, as asked for by Mr. John Dovey, was voted down, the yeas being Messrs. Crandell, Killaby, Walters and Mallon.

AFTER PAWNEE WM. Coun. Head gave notice of motion regarding a by-law to license circuses, etc.

IT IS NEEDED. Moved by Reeve Kylie, seconded by Reeve Walters, that the clerk ask for tenders for the erection of an isolation hospital.—Carried.

FIX IT. Moved by Coun. Head, seconded by Reeve Crandell, that the house on Queen's Square be repaired.—Referred to Property Committee.

IT SMELLS. Reeve Crandell said that the police magistrate objected to the horse smell in the present police court room and must have better quarters.

The Mayor suggested that the council chamber be used as a court room until the smell is killed.

HIRE A COP. Inspector O'Neil complained that boys broke down the railings on the bridges and that the police did not interfere.

Coun. Touchburn promised to see that things were all right in the future.

HELPING OLIVER. Moved by Coun. Keith, seconded by Reeve Kylie, that the travelling dairy of the Ontario Government be given the free use of the council chamber during their exhibition here.—Carried.

THE BROCK FALL FAIR. A successful exhibition held at Sunderland.

The annual exhibition of the Brock agricultural society was held on Monday and Tuesday of this week and was, in every way a decided success and the directors and worthy secretary, Mr. D. H. Clendinning had every reason to feel proud of the result attending their efforts. The large list of entries demonstrated that the farmers of Brock are fully alive to the best interests of agriculture and consequently their showing in the different classes of live stock, etc., were of a high order of merit.

This year in the classes for draught horses we were pleased to note among the many fine animals shown a winner at Chicago, in the great Balgownie, who took the fifth prize, and is owned by Mr. S. C. Johnston, of Manilla. This animal attracted the attention of a large crowd of interested stockmen nearly all the time and is certainly a great sire. Mr. Isaac McKay also exhibited a fine representative Clydesdale sire. Among those who made very creditable entries in the various classes of horses we noticed the names of Messrs. Geo. Hadden, Thos. Stead, Peter Falldown, David Francis, W. H. Oliver, Reynolds, Lapp, Murtagh, Shire, Keeshick and Reekie.

In cattle, Brock township farmers are amongst the foremost, and a few of the leading breeders in this class are Messrs. Bagshaw, Beaton, McGilvary, Shire, Rennie, Baker and McKay. The ready market for swine has given an impetus to this line of live stock, and very superior animals were shown by Messrs. Waddell, Falldown, Warrian, Howkins, Pangman, Waddell and McKay. In the small breeds. The exhibits of grain, roots, etc., were large and the varieties exhibited fully up to the standard of excellence of former years. The inside exhibits were marked by full lines of ladies' exhibits, fruits, fine arts etc., and reflects unusual credit upon the artistic skill of the good housewives and charming daughters of Brock township.

The attraction for the first day in the speeding class was a farmers' trot with three entries, and an open trot for stallions, in which five starters responded to the starters bell. In this connection it would only be fair to commend the enterprise of the local horsemen and the society for their enterprise in securing such a fine track, and keeping the same in such excellent shape. We know of no place in this district that can excel the little village of Sunderland in this respect. In the farmers' trot three entries came up and resulted in a rather tame race, as the gelding Ringwood had evidently the speed of the party, and it was only through his driver waiting behind and desiring to make what is known as a "grand stand finish" that prolonged this event beyond a three heat event. Following is the summary:

Ringwood..... 2 2 1 1  
Lady Valentine..... 2 1 1 2  
Jennie Scott..... 3 3 3 3  
Time, 2.59, 3.07, 3.08, 3.03, 3.00.

STALLION RACE. In the open stallion race was found the event of the day and no better race was ever seen on this track. Five horses faced the wire and the "ups" and "downs" of racing were fully demonstrated throughout the event. The Cobourg stallion, Tariff Junr. was at first conceded the race, and although he showed his ability to make the time of the race, his lack of condition came against him after the second heat. In the third heat Tariff went away and little Easy Fortune gave battle royal for the lead and through Tariff's continually breaking he gained a good lead, but on coming home he was hotly pursued by both the Cobourg horse and the grey stallion Diver. From Uxbridge, who had only made one brake during the heat and was awarded second place. In the fourth heat with Easy Fortune at the pole a fine start was made and a lively race ensued. Diver seemed to be improving as the journey lengthened out and becoming steadier, while Tariff acted badly throughout and was placed last. The fifth heat, however was an amusing event as the three leading horses got away well together and Tariff, going steady drove Easy Fortune to a break several times to the three-quarters, but could not secure the lead. The grey stallion was going a great heat and was right "in it." When they struck the head of the stretch Fortune was going off his feet, and instead of the drivers of Tariff and Diver being content to trust to the decision of the judges they drove their respective horses to a break and then all three put "whip and spur" to their horses and came under the wire almost abreast running like "bang-tails." The horse Axtell, who had never been a factor in the race, came in trotting and was awarded the heat, and a dead heat declared for the three other three. This decision could hardly be considered a just one, as by it the Syndicate horse Diver, who had trotted a good race, was really placed outside the money, not having won a heat in five. The race was then postponed until Tuesday. Following is the summary:

1 Easy Fortune..... 2 2 1 1  
2 Tariff..... 1 1 3 5  
3 Diver..... 3 3 2 0  
4 Axtell..... 4 5 4 3  
5 Mambrino Chief..... 5 4 5 4  
Time, 2.33, 2.33, 2.34, 2.37, 0.00, 2.34

C. L. A. Notes. —On Monday evening last excitement ran high in the rooms of the C. L. A., the event being the election of officers. The society is now flourishing and it may be expected that the winter's work will be most fruitful. The following is a list of the officers—President, M. Kenny; 1st Vice-President, J. Considine; 2nd Vice-President, Wm. Baker; Recording Sec., Y. Keenan; Financial Sec., F. Hannahoe, besides a managing committee and literary committee.

You will be convinced that WE are the ONLY PEOPLE in town who have a stock of MANTLES

### Thanksgiving Services

—On Sunday last, October 1st, the annual Thanksgiving Services were held in St. Paul's Church. The former pastor, the Ven. Archdeacon S. Weston Jones, now of Nova Scotia, preached at both services and was greeted by large congregations, which he delighted with his practicality and eloquence. The church was prettily decorated for the occasion, and the services throughout were very impressive. Holy Communion was administered after the morning service to a large number of communicants.

—The criminal code makes the following provision for raffles:—"Every one is guilty of an offence and liable on summary conviction to a penalty of twenty dollars who buys, takes or receives any lot, ticket or other device for advancing, lending, giving, selling or otherwise disposing of any property by lots, tickets or any mode of chance whatever."

Sewerage. A special meeting of the town council was held yesterday afternoon. The members of the board of health, the board of trade and the citizens' sewerage committee were invited to attend, for the purpose of meeting Dr. Bryce, secretary of the Provincial Board of Health, Toronto, and Dr. Macdonald, of Hamilton. Mr. Chipman's report was gone over and explained thoroughly, and the two gentlemen named agreed that the system proposed was the right one for Lindsay to adopt. They will report to the provincial board, who will examine the plans, and if satisfactory, recommend their adoption.

Provincial Plowing Matches. The meeting of the directors of the Provincial plowing match was held on Saturday last, in the council chamber. Mr. Dennis Scully was appointed chair man, and Mr. Jas. Keith secretary. Mr. Westinghouse, representative of the agricultural and arts association, was also present, and assisted materially in arranging the details. The date fixed for the forthcoming matches is Thursday, Oct. 26th, and the place selected is the Farrell farm, occupied by Mr. George Downey, some three miles east of Lindsay. The prize list, and the rules and regulations governing previous matches were adopted almost in their entirety. A number of committees were appointed to arrange the necessary details. Among those present we noticed Messrs. H. Curtis, E. Shine, Stewart, of Woodville, N. Day, W. Lowndsworth, Capt. Hunter, J. B. Graham and Thompson, of Whitby. The judges have been selected, and we were pleased to see that Mr. S. Dobson, the veteran plowman of Mariposa, was among those selected. The plowing matches this year promise to be of unusual interest.

Personals. —Mr. E. S. Neill purchased his ticket and checked his valise for Chicago on Tuesday evening last. —Bobacoyon Independent.—Mr. S. Irwin, Inspector of Weights and measures, has been visiting the business people, and seeing that sixteen ounces are being given to the pound. —Mr. Robert Sylvester and Mr. J. A. Williamson were among competitors at the annual rifle matches at Bowmanville on Tuesday of last week. Both gentlemen made very fair scores.

### Board of Education.

A regular meeting of the board of education was held on Tuesday evening. The number in attendance just constituted a quorum and the business done was light. The principal matter discussed was regarding fees charged to county and non-resident pupils and two notices of motion to reduce the amount now paid were introduced.

### At Home.

—On Monday evening last an "At Home" was held in St. Paul's School House to welcome once more to Lindsay the Ven. Archdeacon S. Weston Jones, of Nova Scotia. The school room was decorated very prettily. An excellent programme was rendered, the following ladies and gentlemen taking part:—Misses Dyer, Williams and Leary, Mrs. Geo. Beall, F. Goodwin and MacMurphy, Messrs. Pelly and Dingle and the choir. Refreshments were served during intermission by the ladies of the congregation, who were ably assisted by the young men of the Y.M.A.

### ARGYLE.

Special to the Watchman. OBITUARY.—It is our sad duty to chronicle the death of Mr. Geo. Myles, who departed this life at his home at Argyle on the 10th ultimo. Deceased was the youngest son of Mrs. Myles, of Hartley. He was born in the township of Hope, in January 1870, and was in his 24th year. He had enjoyed good health up to last spring, when he had a severe attack of measles from which he never recovered, and shortly afterwards he took congestion of the left lung which hastened his death. Throughout his long illness he was patient and resigned, and finally passed away, surrounded by his brothers and sisters and sorrowing mother. He was as a boy, always fond of his mother and highly appreciated every little act of kindness on the part of any of his family or friends. The funeral, from his late residence to the Eldon cemetery, was very largely attended, and was conducted by the Orangemen of this district, of which order he was a staunch member. The Rev. J. W. Wilkinson, of Woodville, conducted impressive services at his late residence and also at the grave where he was finally laid to rest. A loving mother, three sisters and six brothers mourn his untimely end. A memorial service was preached in Hartley Methodist church on the 17th ult., by the Rev. Mr. Wilkinson to a very large and attentive congregation. The text being I. cor. vii., chap. and 29th verse, "The time is short."

### OMEMEE.

The officers of No. 5 Co. 45 Battalion, Omemee, are arranging for their target practice on Thursday the 6th, prizes will be donated by the citizens for the company and citizens shooting match, followed by an "At Home" in the evening when Col. Deacon, Major Hughes, and others will be present. FALL SHOW.—Never perhaps in the history of the Emily agricultural society has such interest been shown as for the annual show Oct. 11th and 12th. Speeding in the "ring" on the new course recently prepared by our enthusiastic young farmers, drawing match, bicycle races. Bands of music will be present and will far exceed any previous effort. Remember the date. Reduced fares.

### ROYAL OAK.

Special to the Watchman.

HONOR ROLL.—Report of S. S. No. 20 Mariposa. Honor roll for month of Sept. 1893. Names arranged in order of merit:—V Class, I Tena Ferguson, 2 John Black. Part II Class—1 Nella Turner. 1st Class—1 Mary McLean, 2 John McDonald, 3 Mac McDonald, 1 George McDougal, 2 Oliver Crossen, 3 Mable McDonald and Annie Ferguson, Mable Turner, Janey Murray. Average attendance for the month, 28. E. BROAD, Teacher.

### SOMETHING UNUSUAL,

as a medicine, is Dr. Pierce's Golden Medical Discovery. And, because of that, there's something unusual in the way of selling it. Where every other medicine of its kind only promises, this is guaranteed. If it ever fails to benefit or cure, you have your money back.

It's the only guaranteed remedy for every disease caused by a disordered liver or impure blood. Dyspepsia, Biliousness, the most stubborn Skin, Scalp and Scrofulous affections, even Consumption (or Lung-scrofula) in its earliest stages, all are cured by it.

It purifies and enriches the blood, rouses every organ into healthful action, and restores strength and vigor. In building up both flesh and strength of pale, puny, Scrofulous children, or to invigorate and brace up the system after "Grippe," pneumonia, fevers, and other prostrating acute diseases, nothing can equal the "Discovery." You pay only for the good you get.

### Every Household Should Keep

DOUGLAS BROS. & CO., NAAMAKE, ONT. DEAR SIRS.—During the summer of 1891 I was staked in such a manner that people advised me to shoot her. I got DOUGLAS' EGYPTIAN LINIMENT and applied it. After cutting the skin open and enabled to get hold of the snake, which was less than part of a handspan that had gone in her back and was pulled out at the root of tail. After DOUGLAS' EGYPTIAN LINIMENT was directed, it was at work in three weeks. The above happened during hot weather, I now keep it in the house and use it for almost everything where a liniment is required. I cannot recommend it too highly. Every household should keep it for immediate use. Satisfaction nor proud flesh never threatened. A decision above to be correct and true. SMITH GILMOUR, Tamworth, August 1st, 1891.
