PETERBORO.

A REMINISCENCE.—Mr. D. McDonald, who resides in the northern part of the town, the other day, in conversation with a representative of the Examiner, dropped into ancient history and referred to the Trent Valley operations in a manner to show that we shall have this evergreen enterprise, like the poor, with us always. In the year 1843, the then government engineer, of the Trent Valley works, came to Peterboro and engaged Mr. McDonald to make the first rough iron lock gate hinges or anchors ever made in Canada. Mr. McDonald's plan from which he had to work were only verbal instructions, yet, although he had to work with charcoal, the hinges he turned out were entirely successful and they have been, and are to this day, in use on the lock gates, at "the locks." Mr. McDonald afterwards made similar hinges for the lock gates at Lindsay. This was one half a century ago, and at the rushing rate of progress the Trent Valley canal stands a brilliant chance of having some of Mr. McDonald's descendants, five or six generations hence, as witnesses to the driving of the "last spike."

combined team from the Lindsay C. C. and the collegiate institute. The match resulted in an easy victory for the north-erners by an innings and nineteen runs, the score standing 75 to 36 and 20. The bowling of Messrs Mosgrove and Walsh for the north was very destructive, the Lindsayites being unable to score off it. The fielding was also sharp and brilliant. The principle scores made by the north were Rev. Robt. Boynton 24, J. Walsh 19. A return match is to be played in Sunter-land at an early date.

Lavery, who has two wagons on the road through this county with general goods and is doing his share of the village trade, has on hand a very large stock of fall and winter goods to choose from. CHEESE INDUSTRY.—On Wednesday evening, October 24th, next, a public meeting to be held in the town hall, Hartley, to consider matters concerning the erection of a cheese factory in this section. Already several of our farmers in close proximity to our village have offered a free site for the factory, which is most gratifying to all who wish the movement success. Every farmer in all directions from this point should without fail, attend this meeting, and come to encourage the movement. A number of prominent speakers are expected to be present, and will define the whole situation to the interest of all present. Meeting to commence at 7.30 p.m.

Come everybody and witness the beauty of doing anything well.

WINTER.—On Sunday morning last one could fully realize that "the melancholy days had come." The trees were robbed of much of their verigated beauty and these formed a beautiful floor for the dazzling whiteness of the first snow fall. The frost wind seemed to murmur whisperings of discontent among the remaining leaves as if longing to be among their fellows speaking to us in audible whispers, that Indian summer must dis-mount nature's throne to be succeeded by the iron rule of Jack Frost.

GONE SOUTH.—Mr. Arch Campbell, wife and family, who have been enjoying the salubrious climate of Aerial Ocean in our midst, for the past summer, have gone to their home in Texas.

BIBLE SOCIETY.—The annual services in connection with the Upper Canada bible society were held in the Presbyterian church on Monday evening last. The agent, Rev. JANETVILLE. Special to the Watchman. MATRIMONIAL.—Another of our Janetville boys have joined the great army of beneficiaries, and still there's more to follow. On Wednesday the 10th inst. Mr. Robert McDonald, of this place was united in the bonds of matrimony to Miss Maria Ennis, of Cartwright. The ceremony was performed by the Rev. Mr. Burgess, of Bethany. The groom was supported by Mr. John Enns' brother of the bride, Miss Edith Nesbit acting as bridesmaid. After the knot was fastened the happy couple took their departure for Toronto, where they intend spending their honeymoon, carrying with them the best wishes of a large circle of friends.

AUCTION SALE.—Mr. D. Fisher, Jr. has advertised a clearing sale of farm stock, Con. 3, Ops. on Wednesday next, Oct. 4th, at 1 o'clock p. m. Jas. H. Wilson will wield the hammer, and bargains can be expected.

numbers, and showed a laudable interest in the services. A most bountiful dinner was given on Monday evening. The ladies worked with a zeal that was most commendable to make all who came perfectly at home and happy. The choir from Valentia had charge of the musical part of the programme. Their singing was much enjoyed by the large audience that was present. Rev. C. H. Fosse, the pastor, opened the meeting and presided. Addresses were given by Revs. Garbutt and Hill of Omemece, and Totten, Lindsay and Mr. Garbutt spoke on pleasure giving, some excellent truths calculated to do good. OMEMEE. Special to the Watchman. ELECTRIC LIGHTS.—There is an effort being made to introduce electric light, but there are no hopes of the effort being a success, as the business men are not built for progressiveness. A class of men that will light early closing don't want electric lights.

WEDDING BELLS.—There is to be a marriage in the Presbyterian church at 3 o'clock to-day. The contracting parties are J. H. Hurley, of Rochester, N. Y., and Miss Mary Fowler, of Emily, and Rev. John Ewing will officiate.

The funeral to the Emily cemetery, on Monday, was largely attended.

The benefits and advantages of this great buying force we now offer to the people and it must be apparent to every intelligent person that, buying our goods under such favorable circumstances, and by sending a buyer over the Atlantic twice a year, to make our purchases, ours as a place in which to trade, is unequalled; and for the newest and cheapest goods ours is headquarters.

For nearly 35 years we have been before the Lindsay public, and while we have served them well during that time, never have we been in the unrivalled position to serve as now.
