## Model School Notes.

The model school students of this year are not behind those of former years in having a literary and debating society. Although being somewhat fewer in number they are determined on giving as good entertainments during the term, if not better than those which have been hitherto given by the modelites. Their society has been organized with Mr. T. Buck as president and Mr. W. Irwin as sec.-treas. The students are divided into two sections, the sections getting the program up alternately for each Friday evening. On Friday last they gave their first entertainment of the term and although the committee had but a short time to prepare it, the program was indeed grand. Several impromptu speeches were given which were very humorous, Mr. J. Armstrong, "Married Life;" Mr. McIlhargey, "A New Woman;" Mr. J. Peel, "Woman's Political Rights;" J. Workman, "Sawing Wood." Some of the ladies were then called upon to speak for the "New Woman." The speeches, although short, were quite spicy, and showed signs of promising speakers. Mr. O. Bowles gave a choice reading which was highly appreciated. The ladies then very skillfully acted a "Charade" which caused a considerable amount of guessing on the part of those looking on. The word "Parkinson" was at last discovered which answered to three acts. Mr. T. Buck then read the funeral oration of Caesar, by Mark Antony. The evening's program was concluded by a spelling match. The society extends a hearty invitation to all who wish to attend. They have secured a fine organ and hereafter intend having instrumentals, solos, duetts, etc. A good program is being prepared for next Friday evening, an interesting debate being one of the features.
