DON'T... BLAME.... THE WATCH

Watches are like human beings. They get out of order sometimes and require "building up."

Many a watch has had its character—presuming it has a character—for reliability—magnified from being unjustly used by a so-called watch repairer.

More good watches are probably spoiled in this way than any other.

When your watch requires repairing take it to the best workman you get—one of established reputation.

I have earned a reputation for correct and skillful watch repairing which has stood the test of time.

THE TRENT VALLEY CANAL.

A DEPUTATION TO MEET THE MINISTER OF RAILWAYS AND CANALS

The Midland Railway Lien to be Sold for \$6,594.

COMMUNICATIONS—ACCOUNTS—RULES OF ORDER—QUEEN'S SQUARE PROPERTY—NO ACTION RECOMMENDED IN THE CASE OF COPELAND VS. THE CORPORATION.

The regular meeting of the town council was held in the council chamber on Monday evening. His worship Mayor Smyth occupied the chair, and the following members were present:—Reeve Ray, Dep.-reeve Touchburn and Keith, and Councillors John D. Graham, T. Brady, W. Pedlar, E. Gillogly, J. H. Sootheran, J. Graham, Jos. Killaby and D. Curtin.

A feature of the council of 1896 is the business-like manner in which they get a "move on" and transact their business without wasting the whole night in campaign speeches. At the last session they concluded their work and were out before Council. Curtin's "curfew" bell had a chance to get in its little "ding-dong-dey."

In the absence of Mr. Fred Knowlson, Mr. J. B. Knowlson officiated as town clerk until the former arrived. Minutes of previous meeting were read and confirmed.

THE CLERK READ THE FOLLOWING COMMUNICATIONS:—

From Robert Douglas, sanitary inspector, with reference to the number of men employed in flushing sewers. Formerly five men done this work, but he had the number reduced to three, which he thought was necessary.—Fire and water.

From Town Solicitor Hopkins with reference to G. H. Grantham's assessment. He explained that the council could act in the matter, and as there were several other cases he thought that they should appoint a date to take up the matter and try to arrive at a settlement.—Finance.

From P. Palmer Burrows, M.D., offering to give free use of water from his well if a pipe was connected therewith from the street.—Town property.

From Jas. Shannon, asking to be relieved from poll tax while absent from town.—Finance.

From P. Nicolle, tax collector, relative to dog assessed to Owen Corrigan, Francis Duke and Mrs. O'Connor.—Finance.

From Chas. Reeves, asking two weeks vacation.—Police committee with power to act.

From H. Fielding, secretary of the T. V. C. committee, extending an invitation to a deputation from Lindsay to meet the minister of public works at Bobcaygeon and accompany him to Rosedale on his trip over the Trent Valley Canal.—Laid on table.

From Mayor Smyth, relating to the illness of the young man Henderson at the Temperance house, and the removal of Mrs. Wilson to St. Joseph's hospital,

Peterboro. The house had been placarded and a trained nurse secured.—Received and filed and the action of the mayor was concurred in by council.

From John Maund, applying for a permit to repair shed in compliance with by-law.—Fire and water, with power to act.

From Robt. Spier, requesting that the finance committee appoint a date on which to take over rolls of 1895, and inspect lands on which taxes were still unpaid.—Finance, with instructions to notify Mr. Spier of date of meeting.

ACCOUNTS.

The following accounts were read and referred to the finance committee:—

| | |
|------------------------------|---------|
| Jas. Boxall..... | \$ 6 75 |
| Anderson, Nugent & Co. 10 00 | |
| E. Fee..... | 11 55 |
| R. Bryans & Co..... | 6 48 |
| Treasurer's orders..... | 20 00 |
| Rathbun Co..... | 30 |

STANDING RULES.

Coun. Sootheran read a short report from the special committee appointed to revise the standing rules of order reporting progress, and recommended that the same be considered in committee of the whole council.—Adopted.

FINANCE REPORT.

Chairman Graham read the report of the finance committee, recommending payment of the following accounts:—

| | |
|---|-------|
| Sadler, Dundas & Flavell Bros. \$344 26 | |
| Rathbun Co..... | 11 15 |
| Sadler, Dundas & Flavell Bros..... | 57 22 |
| Wilson & Wilson..... | 22 05 |
| Bell Telephone Co..... | 10 00 |
| George Foster..... | 3 00 |
| P. Nicolle..... | 3 00 |
| W. Aikens..... | 3 00 |

Your committee have examined the report of the treasurer of the Home, and were pleased to find that the institution is being conducted in a satisfactory manner.

Your committee recommend that the request made by Mrs. Mosgrove at last meeting be granted.

Your committee decided they could not entertain Mrs. Gibson's request, it not being made at the proper time.

Your committee recommend that the matter brought to the attention of council by Mr. Geo. M. Furby be referred to the town solicitor.

Your committee recommend that no action be taken in regard to the complaint made by Geo. Turnbull, as the matter should have been brought before the court of revision.

Your committee have received an offer of \$6,594 for the lien held against the Victoria railway, less certain costs and commissions, and recommend that the offer be accepted.

On motion the report was amended by striking out the two clauses referring to Mr. Gibson and Mr. Turnbull, which were referred back to committee for further consideration, when the report was adopted.

Mr. Ray inquired if the committee had any estimate of cost of transfer.

Coun. Graham stated that it was expected to be about \$50. They expected to get about \$6,550.

HEW TO THE LINE.

Coun. Pedlar read a report from the police committee certifying Chief Bell's accounts for September. Also recommending that the signs on the bridges be repainted and placed in a conspicuous place, and that the police be instructed to prosecute all persons driving faster than a walk.

Coun. Sootheran complained that he was a member of the committee and had received no notice of meeting and could not answer to the correctness of the accounts.

Coun. Pedlar explained that he had not called his committee together, but had carefully examined the accounts and consulted members of the committee and reported.

At the suggestion of council the report was withdrawn.

QUEEN'S SQUARE PROPERTY.

Coun. Sootheran read the report of the committee on town property, dealing with lot leased by Mr. J. Parkin. Mr. Parkin stated he could not pay the arrears of taxes but was willing to give up his lease for the sum of \$25. The committee recommended that the offer be accepted less any arrears of taxes.—Adopted.

TENDERS FOR WOOD.

Coun. Sootheran read the report of the town property committee recommending the acceptance of the tender of Mr. R. Bryans for 80 cords of wood, it being the lowest adopted.

AN ACTION PENDING.

Dep.-reeve Touchburn read a letter from Town Solicitor Hopkins, with reference to a letter from Barron & Steers to accident to Mary Copeland on sidewalk, stating that there was no merit in the case and recommending that no action be taken.—Received and filed.

THE ROBINSON REQUEST.

Dep.-reeve Keith enquired if any action had been taken in the request made by Mr. Robinson some few weeks ago.

Coun. Jas. Graham stated that in company with his worship the mayor he had met Mr. Robinson and enquired what he wanted. Mr. Robinson outlined his position and asked them to do what they could. He thought he was entitled to a liberal reduction in taxes.

The matter was booked for first meeting of committee.

THE TRENT VALLEY CANAL.

Reeve Ray thought the town should take some action in view of the proposed trip of inspection by the minister of rail-

ways and canals, and suggested that the mayor and chairman of finance meet him at Bobcaygeon and escort him to Rosedale and Kirkfield.

Coun. Sootheran stated that the matter had been talked over in committee and he thought that a much larger deputation should be appointed including the Reeves. He also thought that the Hon. Mr. Blair should be brought to Lindsay with a view to asking for a grant for deepening the channel in the Seagow.

Coun. Jas. Graham thought that perhaps Reeve Ray over estimated the capabilities of the mayor and himself. He favored a strong deputation in order that the honorable minister could be brought to Lindsay. He would not go as far as some one suggested by making him walk from the lower wharf in order to impress on him the necessity of a grant for deepening the channel to the new basin. Other places would be represented, and it would be their duty to all work to the one end as the deepening of the channel was of greater importance than the T. V. C. in so far as Lindsay was concerned.

Dep.-reeve Touchburn favored the deputation for the purpose of getting a grant towards deepening the channel, but he did not believe in paying to have the grain in the northern sections carried right past Lindsay.

Dep.-reeve Keith endorsed the views of the other.

Moved by Reeve Ray, seconded by Coun. James Graham, that the communication from the secretary of the committee to meet the minister of railways and canals and attend him during his inspection of the route of the Trent Valley Canal be received, and that a delegation composed of the whole council be appointed to join the delegation at Bobcaygeon and accompany the honorable minister over the route.—Carried.

The council then adjourned.

VICTORIA COUNTY PLOWING MATCH.

A Large Gathering of Interested Farmers.

The annual plowing match under the auspices of the Victoria County Plowman's Association, took place on Tuesday on the farm of Mr. P. Leddy, about two miles west of Lindsay. A large gathering of farmers from the surrounding townships manifested their interest in the event by their presence, and everyone seemed to enjoy the occasion.

The directors were fortunate indeed in being able to secure land so suitable for the purpose, and as a natural consequence were rewarded by a very liberal list of entries in each event. Many of the contestants were amateurs, and entered a contest of this kind for the first time. It was for the very purpose of encouraging the young men of the county that the match was confined to residents of the county instead of allowing it open to the province, and the directors are to be congratulated on the success attending the same. The work done was favorably criticised by good plowmen present and the general opinion prevailed that the association had acted wisely.

The five Rich brothers, sons of the venerable president of the association, demonstrated that they were all plowmen. In the class for second-class men they stood 1, 2, 3, while the other two brothers in the open competition won second and third prizes. The work of Mr. Thomas Grills was highly complimented by all present, and the general opinion was that Mr. Grills should have entered for the Sweepstakes prize.

Best Graham was not only a novice in match plowing, but he was still further handicapped by having to use an ordinary plow. The work executed by the younger brigade was highly satisfactory, and the boys received praise on every side.

It is a matter of regret that only three townships are represented in the entry list. We have good plowmen in every township in the county and they should not hide their light under the ordinary "half-bushel."

We are indebted to the courtesy of Mr. Wm. Lownsbrough, the obliging secretary, for the following prize list:—

Sweepstakes class, two entries.—1 J. Currie, Mariposa; 2 B. Graham, Ops.

First-class men in sod, three entries.—1 T. Grills, Mariposa; 2 H. Graham, Ops; 3 P. Morrison, Eldon.

Second-class men in sod, four entries.—1 W. Rich, Mariposa; 2 C. Rich, Mariposa; 3 A. Rich, Mariposa; 4 C. Woolcott, Mariposa.

Men in stubble, eight entries.—1 F. Dames, Mariposa; 2 N. McLean, Mariposa; 3 J. Rich, Mariposa; 4 C. Pogue, Mariposa; 5 P. Leddy, Ops; A. E. Webster, Mariposa; R. Braden, Ops; and D. McFadyen, Hartley, also competed.

Young men in stubble, five entries.—1 W. Lane, Mariposa; 2 L. Woolcott, Mariposa; 3 H. Tinkham, Mariposa; 4 N. D. Gibson, Mariposa; 5 J. Thorndike, Mariposa.

Boy's class, under 16, 3 entries.—1 J. McKinnon, Mariposa; 2 E. Rich, Mariposa; 3 J. Wylie, Mariposa.

Best crown of six furrows in sod.—1 W. Rich, Mariposa.

Best finish in sod.—H. Graham, Ops.

Best crown of six furrows in stubble.—F. Dames, Mariposa.

Best finish in boy's class.—J. McKinnon, Mariposa.

—Some of the young pirates about town ate in the habit since the chilly weather came along of making camp fires in the suburbs in order to keep warm. The fences suffer in consequence of this practice, which is somewhat dangerous in windy weather.

October Wedding Bells.

An exceedingly pretty October wedding took place in the Methodist church at Little Britain on the 14th inst., at two o'clock, when G. W. Hall, M.D., and Miss Mary J. Davidson were united in marriage. Invitations had been issued to an extensive circle of friends, and when the eventful day arrived the whole village was in a pleasurable flutter of excitement, the bride being one of Little Britain's most popular young ladies. The church was beautifully decorated with plants and cut flowers, and was filled with guests and onlookers. Rev. A. R. Delve and Geo. Henderson acted as ushers. Promptly at two o'clock the bride entered, leaning on the arm of her step-father, Mr. Robert Henderson. She was handsomely gowned in brocade cream, trimmed with lace and pearls, with bridal veil and orange blossoms. The bridesmaids, Miss Lottie Davidson and Miss Hall, were also becomingly attired. The groom was assisted by Dr. Henderson of Canington and Dr. McPhail of Manilla. The beautiful marriage ceremony of the Methodist church was conducted by Rev. F. B. Stratton, at the close of which the party were driven to the residence of Mr. Henderson. They were followed by nearly fifty carriages containing about 150 guests. When the usual congratulations had been tendered the happy couple all sat down to a sumptuous wedding repast, where toasts were proposed and happy responses made. The bride was the recipient of an unusually large number of handsome and expensive gifts, which testified in no small degree to her unusual popularity. Mr. and Mrs. Hall left amid the usual shower of rice and good wishes for Detroit, Port Huron and points west. The brides too well known to need any flattering comments from us. She is possessed of a light-hearted, vivacious nature, and has the faculty for enjoying life's sunshine to its fullest capacity. She presented a graceful appearance in her wedding attire, and should fill the life of her husband with joy and gladness through the coming years. Dr. Hall is possessed of many sterling qualities of head and heart, and such a union, with God's blessing, cannot fail to be a happy one.

SALE REGISTER.

TUESDAY, OCT. 27TH.—By Elias Bowes, auctioneer, sale of valuable horses and cattle, the property of Mr. Orlando Jewell, lot 18, con. 3, Mariposa. Sale commences at one o'clock sharp. This is an excellent opportunity for farmers to secure some choice registered cattle.

FRIDAY, NOV. 6TH.—By Elias Bowes, auctioneer, credit sale of valuable farm stock and implements, by the executors of the estate of the late John Chambers, lot 21, con. 5, Fenelon. As there is a very large lot of farm stock and implements to sell the sale will commence at 12 o'clock sharp, lunch served at 12 o'clock. The terms of sale are the usual ones.

SATURDAY, OCT. 31.—By George McHugh, auctioneer, brick house, driving shed, stable, etc., on Lindsay-st. south, the property of Mr. P. Tully. Sale takes place at the Benson house on above date. See posters for particulars.

Little Local Lines.

—It is safe to conclude that the coming winter will be a pretty cold one. The number of weddings now taking place is a sure indication.

—Messrs. Blue and Southworth, who recently went through the north country inspecting mines for the Ontario Government, refer to the I. B. and O. railway as a real tonny one. This is a feather for President Pusey to put in his hat.

—It is not often that potatoes are dearer than apples in this locality, but such is the case this fall. Last Saturday potatoes sold at 5 cents a bag, while some apples were given away at 25 cents for the same quantity.

—At the last meeting of the town council a communication was received from Dr. Burrows offering to give free use of his well if a pipe was constructed to the street. The offer is one that should be accepted. The water is first-class and a tap at the point indicated would prove a great convenience to residents in that section. Good drinking water is none too plentiful in Lindsay.

—The captain of the Steamer Eurydice of Toronto was the other day fined \$50 and costs for overloading his steamer during the past summer. On one occasion he had 450 passengers on board, when the steamer's license only permits her to carry 350. It is about time some of these reckless captains were brought to task. If all reports are true the lash could be applied nearer home.

JANETVILLE.

Special to the Watchman.

HYMENEAL.—A pretty home wedding took place here to-day at the residence of Mr. and Mrs. Christopher Armstrong, being the marriage of their youngest daughter Emma and Mr. James Nasmith, merchant of Lotus, and brother of Dr. Nasmith of this village. The tie that binds for life was made by Rev. C. H. Coon, Methodist minister, in the presence of a large number of friends. At the conclusion of the ceremony all sat down to a sumptuous wedding repast. The table was nicely decorated, the three-storey wedding cake made by Mr. A. B. Terry of Lindsay being much admired. The bride was the recipient of a large number of useful and valuable presents. THE WATCHMAN extends the usual felicitations on such happy occasions.
