EXCELLENT TOWNSHIP FAIR.

Verulam on Parade at Bobcageon. The Verulam township fair was held at beaygoon on Saturday, the 2nd inst. The weather was just what The steamers Greyhound and St. Andrews. laple Leaf brought in two excursion ROS, as to the outside visitor. visitor, however, generally reaches its climax when he starts out to inspect the vegetables and roots. It is here that Verulam shines; why it is so we leave the visitor to find out, The potatoes were numerous and choice in quality and size. The cabbages and cauliflowers were the best of a good year. Just think of cabbages weighing eighteen pounds and selling at five cents each. But size don't always go, as was demonstrated by the action of the judges in placing the red ticket on a "little 'un" that would just about make a dinner for two. Some one was heard to remark "that the big fellows could not be solid," when he was informed that it was only the firm, solid kind that ever reached the 18-pound notch. Judges, like doctors, differ in found in the squash line, where a capital exhibitor and carried off the honors. one was shown by Mr. T. Calvert that tipped the beam at 136 pounds. It surpassed anything exhibited in the Midland district. Then the pumpkins were also a superior lot, but lacked anything of a sensational character. We take off our hat, so to speak, when we come to the turnips at Bobcaygeon. Verulam nearly always leads in the production of monster turnips, and this year they excel all pre

WITH THE HORSES.

There is a very noticeable improvement in the equiae stocks shown at this fair in the last few years. In the heavy draught class Mr. M. M. Boyd contributed two rattling good cross-matched teams, a Suffolk and a Percheron in each case, that carried off the honors. It was a noticeable fact that the Clydesdales were not represented in this class. THE BEXLEY FALL FAIR.

The annual fall fair of the Bexley Agricultural Society was held at Coboconk on Monday of last week. In carriage teams Mr. Gil Scott of Kinmount held the ribbons over a very and four years old respectively, that won the red ticket. They were as well matched in color and formation as we have seen this season. Mr. Chas. Bowins was a really good second with a pair of bays that could read along at a merry clip and are big enough to do almost any kind of work. They had one defect, however. -The ladies' fancy work was on that came against them with the judges, working in the woods and had not yet
