DIARY.

MONDAY.

Thought I would try that 25c tea of Robson's Mrs. N. was speaking about. Think the clerk must have made a mistake, it tasted different from any 25c tea we ever used. Why! it is as good as what we paid 40c. a lb for.

TUESDAY.

Dear me! what it takes to keep a family. John says I must economize. Had to get boots for Harry and May today. Tried all over town, then went up to the West End 3 Stores, bought a good strong pair for Harry at 85c., and just a lovely pair for May at \$1.15. Saw some good rubbers there at 25c. per pair.

WEDNESDAY.

Well really! Jenny S. has a new plaid waist like mine and she said she only paid 25c. a yard for it. I paid 40c. a yd. for mine; I'm angry enough to cry. But I found out where she bought it, at Robson's. They have a wonderfully cheap store for groceries, dry goods, boots and shoes, and you save time by going there for you can get what you want.

The Watchman.

THURSDAY, NOV. 5th, 1896.

Nice Fresh Oysters at A. B. TERRY'S. Best brand at lowest price.—42 4.

Wedding Cakes. We excel in Wedding Cakes. Rich in design, delicious in flavor. No wedding complete without one of our cakes. They ensure happiness and long life. Made on the shortest notice.—A. B. TERRY.—44 4.

An Item of Interest. See our lounges from \$3.50 to \$10; hand-some goods, hardwood and oak frames. Bed-springs and mattresses—very large assortment. Also office desks and secretaries, very handsome and cheap. M. E. TARGNEY, opposite Benson House, Lindsay.—45 2.

Patron Meeting at Lorneville. The Patrons of Industry and farmers of Lorneville and vicinity will hold a meeting in the school house on Monday evening next, Nov. 9th, at 8 p.m. A number of prominent farmers have been invited to address the meeting. The subjects for discussion are:— "The advisability of forming a Farmers' Union"; "The best method of raising and storing corn"; "The best method of building a silo"; "How to feed a dairy cow for profit." The ladies are cordially invited. J. LAPP, secretary.

The Dennis Pumps. The best pumps on the market to day, and guaranteed to give satisfaction in every way. Following are the prices at which they are sold: Wooden pumps, patent head, \$5; Concrete, \$4; Wooden handle pumps, \$5; 1 1/2 inch per foot; Commodore Cister Pump, complete, 10 feet, \$4; Iron Pumps galvanized, 30c. per foot; black 25c. per foot; head, \$5. Cinders extra according to size. I also carry the best line of windmills manufactured. I also wish to warn the public against buying Green and Irwin's cast iron top pumps, as they are infringing on my patent, and all parties using them are liable to have to pay twice. J. DENNIS, Lindsay.—37-13.

Y.M.C.A. Notes. —The membership contest is still running with unabated interest. The refs were three ahead Saturday, even on Monday and one ahead Tuesday. The boys are in hopes of carrying off the association record of America by making the century number of new members in the thirty days. —The sports in the rooms on Halloween were well attended and a very enjoyable evening was spent by all, while other lads were cutting up mischievous pranks outside. The contest between the two sides was very interesting and resulted in the refs winning on all the games but target shooting, in which the score was 400 to 450 in favor of the blues. —The Sunday meeting was led by the new president, Mr. J. L. Allen, the Rev. C. H. Marsh favoring the audience with a few remarks. The orchestra, led by Mr. R. Humphreys, rendered good music, and its assisting very materially in making the afternoon meetings the success they are. The anniversary choir held their practice after the service. —A large meeting was held in the rooms last evening composed of all the chairmen of the last year's committees. They drafted out the new committees for the present year. —The new prospectus is a scarce article now in the office.

Re-opened. Mr. LOUIS ARCHAMBAULT, barber, has returned to town, and has re-opened his shop on Kent-st., next door to Morton's, and opposite Spratt & Killen's. He wants to see all his old customers, and as many new ones as possible. First-class shop, careful work and strict attention to business.—45 7.

Smelser vs. Burchall. Referring to a paragraph appearing in THE WATCHMAN of the 29th ult. under this head, we are informed that while the plaintiff recovered judgment as therein stated, the judge refused him any certificate for costs, expressing the opinion that the action was one that should never have been brought. As a result of this the defendant will tax costs against the plaintiff, and Burchall will thus enter judgment against Smelser for an amount something in excess of \$200. On the argument of the law and the answers of the jury to the questions submitted to them, Smelser was represented by Mr. F. A. McDiarmid, of McLaughlin and McDiarmid, and Burchall, the defendant, not by Mr. McGregor, as counsel at the trial, but by Mr. Steers, of Barron and Steers.

The Oddfellows' Reception. The arrangements for the reception to Henry White, Esq., grand master of the Grand Lodge of Ontario, Independent Order of Oddfellows, this evening, are now complete, thanks to the untiring efforts of an energetic committee. Mr. White is expected to arrive in town about 7.30 o'clock by special train, and will be met at the station by the members of the order, and headed by the Harmony band, escorted to the Academy of Music, where a public reception will be tendered him. The public are cordially invited to be present at the reception. Then comes an adjournment, after which the lodge will be regularly opened and the exemplification of the dramatized work of the order will be taken up by the degree teams of Oronochee Lodge, No. 13, Peterboro, and Lindsay Lodge No. 100. The lodge will then close in regulation order and the brethren will proceed to the old opera house, where a grand banquet will be tendered the grand master and visiting brethren. Every member of the order is expected to be present. The resident members of the order are requested to assemble at this academy of music at seven o'clock sharp, from whence they will proceed in a body to the station.

Hunting Notes. —On Friday evening last no less than 45 hunters, with their dogs, guns and camp equipage, alighted at Gelett station, and were met by Wm. Thorndike, A. Dillman, E. Daniels and Jas. Thorndike of Oakwood, left on Monday for Wilberforce, Monmouth township, on the line of the I. B. & O. railway, for a ten days' shoot. —A hunting party comprising Messrs. W. T. C. Boyd, A. E. Bottum and Dr. Bonnell of Bobcaygeon, and J. G. Edwards of Lindsay, are camped on the shores of Cockling lake, Dysart township, where they will hunt the bounding deer for a couple of weeks. —A Fenelon Falls hunting party, consisting of Messrs. R. J. McLaughlin, Lindsay; J. Thompson, of the Howry mills, M. McNally, manager of the pulp mills, Thos. Robson and John Aldus, Fenelon Falls, left on Monday for Edwa's and Whistle's camp at Clear lake, 20 miles north of Minden, on the divide between Muskoka and Victoria. It is a famous hunting locality and they will no doubt get their full limit of deer.

Game Warden Smith of Belleville, who is acting in place of the chief game warden, reports that the demand for licenses to hunt deer has far beyond the highest calculations. A ready 4,700 have been sent out, but these were quickly exhausted and to satisfy the demand which still exists the local game warden have been instructed to issue special permits to anyone applying for them. Mr. Smith also states that settlers' permits are not granted free as reported in some of the Provincial papers. A very rigid enforcement of the act, however, will not be expected when it is proved that a settler has shot a deer for food.

Church Notes. —A new Methodist church was dedicated at Havelock last Sabbath by Dr. Carman, assisted by Rev. L. M. Campbell, formerly of Lindsay. —Rev. L. S. Hughson, B.D., of the Baptist church, conducted the anniversary services of the Gilmour Memorial Baptist church, Smith township, on Sabbath last. —The missionary services at Gelett and Minden will be held next Sabbath, Nov. 8th, not last Sabbath, as stated in THE WATCHMAN last week. Rev. S. J. Shorey of Lindsay, will conduct the services.

—Rev. A. L. Dykeman of Digby, Nova Scotia, has accepted the pastorate of the Murray-st. Baptist church, Peterboro, as successor to Rev. J. E. Trotter. The new pastor enters upon his duties about January 1st. —The dedicatory services in connection with the new Methodist church at Gooderham took place on the 25th October. Services were conducted morning and evening by Rev. J. W. Shier, assisted by Rev. A. W. Coole. On the Monday following a bounteous fowl dinner was given in the Orange hall by the ladies of the congregation. Then came a capital programme of music, singing, etc. The treat of the evening was an address given by Rev. S. J. Shorey of the Cambridge-st. Methodist church, Lindsay, the subject of which was "Work." The evening's entertainment was a great success.

—In the resignation of Mrs. R. A. Howson, the talented organist of the Cambridge-st. Methodist church—a position she has held for over four years—Lindsay sustains a musical loss. During the time she has occupied the position we have been favored with several high-class sacred concerts and she has brought the choir to such a state of efficiency as to prove conclusively that she was eminently qualified for the position which she has filled with so much acceptance to the congregation and the musical people of the town generally. Mrs. Howson's sole reason for resigning was on account of ill-health, which we trust will speedily be restored. On Friday evening last the members of the choir, after practice, entertained Mrs. Howson at a little social supper in the basement of the church, at the close of which an address was read by Miss Hillock and a presentation made by Miss B. Walters. This latter consisted of a handsome and suitably engraved silver urn. Mrs. Howson made a neat and feeling reply, thanking the choir for their gift, and expressing regret at being compelled to sever the tie that bound them together so pleasantly and harmoniously. Rev. S. J. Shorey and members of the board also added a few words of praise for the retiring organist, and on behalf of the board Mr. W. H. Stevens presented her with a suitably worded address.

A Marriage License at BRITTON BROTHERS for \$2.00.—\$-tf.

Coming! JEBB, the eminent Eye Specialist and inventor of the famous Recherche Optometer, for pointing out every defect and disease of the eye and sight, will be at Morgan's Drug Store Nov. 12th and 13th only. Consultation and examination free. See small bills. Treatise on the eye and sight free.—45 1.

Personal. —Miss E. Johnston of Cobocook, was in town Saturday. —Miss Genevieve Kempf, daughter of Dr. Kempf of Peterboro, is visiting her many young friends in Lindsay. —Miss Minnie Jackson of the east ward left Tuesday to visit friends at Toronto, Goderich and Brussels. She will be absent about a month. —Mr. J. R. Lisle of Chicago, Ill., gave his Lindsay friends a call on Saturday. He was en route for Kinnisunt, where he will make his annual visit to his parents and friends. —The many friends of Dr. Kempf in this vicinity will be pleased to learn that his eyesight is gradually improving. He leaves next week for New York for further treatment.

—The many friends of Dr. Gillespie will regret to learn that he returned home from his trip to Dallas, Texas, seriously ill and has been confined to his room ever since. At time of writing the symptoms are favorable. —Mr. J. L. Perkins left for Midland Monday morning, having received a telegram apprising him of the death of his brother at that place. He had been ailing for over a year and his death was not unexpected. —Mr. Roger Birmingham of town, left on Saturday for Rochester, N.Y., where he will spend a few weeks with relatives and friends or perhaps remain permanently. He was in time to witness the greatest presidential election America has perhaps ever had. —Mr. John McGarr, of the local G.T.R. yard staff, who has been seriously ill for some time past with a complication of diseases, is now in a fair way of recovery, and his many friends hope to see him at his post again in a few weeks.

—Miss Carrie Fisher of town, left Monday for Toronto to visit friends. While there she will attend the wedding of her friend, Miss Lena Morrison of Lorneville, to Mr. H. Robinson of Woodville, which takes place in that city. —Mr. Fred Douglass, representing the Douglass Medicine Co. of Niagara, was in town for a few days this week looking after the interests of this enterprising firm, whose medicines have an almost world-wide reputation. —Mr. Harry Trew, son of D. C. Trew of Lindsay, is at present lying seriously ill at Sarnia, whither he went some time ago for the benefit of his health. His mother has been with him constantly for several weeks past and his early recovery is hoped for by his many friends in town. —Mr. and Mrs. Z. Robinson of the South ward will have the sympathy of the entire community in the trial and affliction which they are passing through. For several weeks past five members of their family have been down with typhoid fever, and on Wednesday Albert, a young man aged about 21 years, succumbed to the disease. The other members of the family who are prostrated, while still weak, are expected to recover.

—Mr. R. T. Stillman, who has so successfully conducted the cheese factory at Valentinia for the past three seasons, passed through town to-day en route for Campbellford, where he will assume charge of the new Trent Valley creamery just opened there. Mr. Stillman is a skillful butter as well as cheese-maker, having received thorough training in both departments at the Guelph dairy college. That he will make a success of the Campbellford creamery there can be no doubt. —Mr. Nicholas Brady of Ops, left Friday evening for Sault Ste. Marie, where he will spend a week or ten days with relatives. He was in time to take part in the great contest for the presidency of the United States and perhaps carried a torch in honor of the election of McKinley. On his return he will drop off at Sudbury and enjoy several days deer shooting there and also at Spanish river. If he is successful in the latter—and he is almost sure to be—THE WATCHMAN can expect a nice saddle of forest mutton and perhaps a brace or two of plump partridge.

Little Local Lines. —Peterboro has a bucket shop. —Read W. Robson's advt. on page 2. Its very interesting. —Tom Thumb and his company appear at the Academy of Music to-morrow evening, Nov. 6th. —Mr. W. H. Robertson, publisher of the Peterboro Times, is being sued by R. W. Payne of Dummer township for alleged libel. —The municipal council of the county of Victoria met at the court house, Lindsay, on Tuesday, November 17th, for the transaction of general business. —The only \$1.25 snap-shot scientific camera made. A nice Christmas present. Simple, practical instrument; instructive and amusing. Address Box 509, Lindsay.—45 4. —Fresh water herrings are "on the run" at Rosedale and Bobcaygeon, and are being caught in large quantities. Several Lindsay citizens are now at the above named places and the fish stories of a few months ago will be revived in all their glory when they get home. —Mr. Thos. Reazin was one of the lucky farmers in the vicinity of Salem, Mariposa, who secured a capital catch with alsike clover this year and reaped a fine crop. Mr. Reazin has been trying for three or four years to make a record in this line, but with poor success. This year he has a great crop, and with the high prices prevailing is highly delighted thereat. —The great American Presidential election is over, and Bryan, the "silver-tongued" orator, and candidate of the free silver coinage branch of the Democratic party, is snuffed under by a large majority. McKinley will have a substantial majority of the votes necessary for his election in the electoral college. Trade in the great commercial centres of the United States and Canada is already beginning to feel the good effects of the success of the sound money party—a success that our cousins to the south have much to be thankful for.

THE SWEEP OF SUCCESS!

Success!

We are showing some attractive styles and special values in

Dress Goods

they are much admired and selling well.

Gloves

—AND—

Hosiery

some choice novelties in Gloves—they will appeal to your taste and your purse. Another lot of pure Cashmere Hose at 25c.

E. E. W. McGaffey

108 William St. LINDSAY, ONT. 86 Kent Street

Stuberton, have you any good rule for the use of small and will? "Yes; whichever I think I take the other one." surplus water added lowers the temperature until it reaches a point where the plants barely exist without making any growth. Bryant, 20 St. Mary's Toronto, December 3rd, Caroline (deceased) beloved niece of John M. Squires, Minilla, in the 23rd year of her age.
