ALTERATION SALE.

Four weeks left for brisk business.

We have to crowd on steam during these four weeks; trade must move at a livelier pace. Goods must go and dollars must come even if prices are clipped to a point where profit vanishes. The furs, the cloaks, the dress goods, the silks, the underwear, all share in the liberal reductions made to win you to the store now.

The holiday show is ready.

Every year we gather from far and near a host of pretty things for gift buyers. Those that you like the most are likely to be least expensive, and there's no one to object if you only come to look. It is not a bad idea to buy early, because shrewd shoppers usually get away with the best long before Christmas time.

In a store like this

you are always sure of finding a few things that are worth while buying because for some reason or other they are extra cheap. The best way to find the things is to come often and go around the store.

Write us letters.

Send your orders through the mails if it isn't convenient to come to the store. We will fill the order as well as though you were here, and all the time and trouble of shopping will be saved.

Men's Shirts.

A line of shirts that are as good in every way as any you ever bought elsewhere in town, and all the extra furnishing-house profit is left off. If you wonder how much the difference is call at the men's furnishing stock.

LITTLE LOCAL LINES

Sweet Cedar 20c per gallon at A. PRINEAU'S.—49. DR. NEELANDS, dentist, is very successful in treating aching teeth without extracting.—49-tf. Sleighting is excellent in town and country, and business is already being benefited thereby. It is just what was needed. Go to Fox's for your lunch and oyster skewers. Unfermented wine, sweet cider, hot lemonade and other temperate drinks served.—48. Mr. Wm. Weese, our local horse buyer, shipped a carload of heavy work horses to the Montreal market Saturday. This makes 182 horses shipped to the above market since Sept. 21st. A young horse belonging to Mr. Peter McCabe, of Ops, was worried to death by dogs one night last week. The animal was run into the boggy ground on the Seoulog. Of course horses are not worth much these days, but dogs are worth less.

Headquarters for choice handpicked apples at A. PRINEAU'S.—49.

F. C. Taylor, Insurance Agent. Office on the ground floor of the new opera house, Lindsay-st.—8.

Mr. Peter Mitchell has been appointed bailiff, in the place of Mr. Chas. Silver, resigned.

The provincial county of Haliburton, under agreement with the County of Victoria, will contribute \$400 as its share towards the administration of justice for the next five years.

Go to Fox's for your biscuits, oysters confectionery, oranges, lemons, figs, dates, nuts, canned fish, fruits, jams, sweet cider and unfermented California wines. Biggest and best stock at lowest prices.

The County Council, after all, is composed of men possessing a great deal of the milk of human kindness. At their last session they transferred the grant of \$250, voted at a previous session to the isolation hospital—a scheme that never matured—to the new and well equipped home for the aged. There was not, we understand, a dissenting voice.

Many people may not be aware of the fact that the practice of "damping" ashes on the street is a contravention of the statutes, but such is really the case. Complainants have been made to the street overseer and in the future all persons so transgressing will be summoned before the Police Magistrate, who will no doubt impress them with the majesty of the law.

Swiss Drop cures coughs and colds and prevents consumption. Sold only by GEO. FOX. Try some. The recent repairs to the county buildings amounted to \$861.41. It is claimed that the new roof on the court house is the best since its construction. Mr. Woods' contract for the same was \$707.65. The annual meeting of the West Victoria Farmers' Association will be held in the council chamber, Lindsay, today (Thursday) at 2 o'clock, when a president and other officers will be elected for the ensuing year. A hive of bees were discovered in a large elm tree on the farm of Mr. W. Robinson, South Emvil. The tree was chopped down and ninety pounds of delicious comb honey removed. It was a sweet find. Mossom Boys & Co., of Bobcaygeon, advertise an unreserved credit sale of pure bred and grade cattle, to take place on December 11th. A large number of Polled Angus and Highland cattle will be offered. The Childrens Aid Society hold their monthly meeting in the council chamber next Friday evening, Dec. 6th, at 7.30. The members are requested to be on time as some will desire to get away in an hour to attend other meetings. Mr. Robt. Chambers, the well-known monument dealer of this town, was in Bobcaygeon last week placing a blue granite memorial stone for Mr. Reuben Clark, in Harvey. Mr. Chambers also placed in the Fenelon Falls cemetery, last week, a very handsome monument to the memory of Mrs. Jos. Heard. Dr. E. S. Wilson has returned from Buffalo N. Y., and is located in Lindsay on William-st. south of Kent. The Doctor gives special attention and treats successfully diseases peculiar to women, diseases of children and all diseases of men. Consultation strictly private and confidential.—45-tf. Coasting on the hill at Squire Macdonnell's residence has commenced for the winter. It is a very dangerous place for this amusement, and unless great care is exercised a lamentable drowning accident will be recorded before the season is over. The ice is thin and treacherous at this spot and the sleigh that runs out onto it will carry its living freight to a watery grave. Parents should warn their children to keep off this hill. Mrs. (widow) Short, who resides near Little Britain, while in town Saturday lost her purse containing \$30, a ticket and some papers. A young girl, not a resident of Lindsay, was observed to pick the purse up, and it is possible that the money will be restored to its rightful owner. Notwithstanding the alleged scarcity of money there have been a number of fat pocketbooks lost in Lindsay this fall. In reply to an advertisement for teachers for Huntsville, Muskoka, public school there were over 300 applications at salaries ranging from \$200 up to \$300 for first class B. A.'s and M. A.'s and several other letters attached to their names who, if any good, should command from one to two thousand a year in our best cities and towns. Things have not come to that pitch that really first-class men gifted with the art of educating the youth, have to beg for "sits" at navvies' wages. A football match was played in town Saturday between the Collegiate football team and a team from Oakwood, resulting in victory for the L. C. I. by a score of 4 to 0. The game was very hotly contested from the start, and some brilliant plays were made on both sides, but the skillful generalship and better play of the home team proved too much for their opponents. The game was somewhat rough, but the best of good feelings prevailed throughout. There is trouble now on account of lack of notification to the pump house when a fire occurs. Why not leave this duty as it is, and in order to make assurance doubly sure have Constable Reeves send in an alarm also. The latter not being a member of the brigade will always be cool and collected—having nothing to "rattle" him—and can be safely relied upon to perform the duty. Two heads are better than one, and there is no necessity for any extra expense. The concert and entertainment under the auspices of the Central Charity committee will be held on Dec. 12th, in the Academy of Music. The program, which is a very complete one, is now fully arranged, and will be issued in a few days. The ladies of the committee trust that the residents of Lindsay will turn out en masse and fill the Academy to overflowing. Certainly the object in view warrants the fullest patronage on the part of our citizens. Admission, 15c., 25c., and 35c. Plan, as usual at Porter's bookstore. The annual election of officers in connection with Westminster Lodge Sons of England was held Tuesday evening. Subjoined are the officers for the ensuing term: Past Pres., Bro. R. G. Harris; President, James Boxall; Vice-Pres., J. H. Gheach; Secretary, John Way; Treasurer, S. Parsons; Chaplain, W. Joffie; Surgeon, Dr. Clarke; Managing committee, Thos. Walton, R. Baldwin, John Walton, Jas. Vickery, A. Williams, H. Woodruff, H. Chambers; Guard, H. Wingrove; Outer Guard, T. Higgs; Lodge trustees, F. Frampton, Thos. Harris; Auditors, J. H. Gheach, R. G. Harris, F. Frampton. While the lodge was in session the weary sentry at the gate, who had just begun to nod, was surprised by the advance of a number of ladies, who upon careful scrutiny proved to be a skirishing party of Lady True Blues, armed with an invitation to partake of refreshments and spend a half hour in social entertainment in their lodge room. The invitation was promptly accepted, and the way the tastefully served lunch disappeared was very gratifying to the ladies. The meeting closed with "God save the Queen." The members of Westminster Lodge desire to return hearty thanks to the Lady True Blues for the hospitality extended.

CALIFORNIA WINES. Unfermented, gold medal, delicious and healthful. Sold only by Geo. Fox. Quart bottle 40 cents. Try one. Mr. Fred Frampton has received the appointment of caretaker of the union school made vacant by the resignation of Mr. Fred Reeves. The Childrens Aid Society will thankfully receive contributions of clothing, suitable for children ranging from seven to thirteen years. These can be left at Mr. D. Ray's store. There has been a misunderstanding between the teachers and trustees at Omeme, and as a result the board is advertising for two teachers for the high school and also two for the public school department. Steps will at once be taken by the town solicitor to have the home for the aged incorporated. This will assist in getting the government grant of seven cents per day towards maintenance of each inmate of the home. Skating on the river has been excellent for several days past, and has been enjoyed by many. So far no serious mishaps have occurred. At the railway bridge the ice is treacherous, owing to the swift current, and skaters require to exercise care. The tenders for the skating rink for the season were opened Tuesday evening when the tender of Mr. Joseph Parkin at \$400 was accepted. This will meet with general approbation, and ensures good ice and good management. Mr. Parkin will set to work at once to put the rink in shape, and if the present cold snap continues skating will be announced in a very short time. It cannot come too soon, as the young people are becoming anxious. We are called upon this week to chronicle the early, but not unexpected, death of Mrs. Davis Walker, which took place at an early hour on Saturday morning last at the homestead in Ops, three miles from town, after a long and painful illness. Some three years or more ago her health became impaired, and the best medical skill in the province was called in, to no avail. During the last three or four months Mrs. Walker was confined to her room and received every attention which kind friends and careful nursing could bestow upon her. She bore her sufferings with christian fortitude and resignation. No words of complaint fell from her lips during her long suffering, and she looked upon death as a welcome visitor. Mrs. Walker was the second daughter of the late George O'Connell, and was born in the township of Emily, near Downeyville, in August 1849. Four sons survive her, all of whom are grown up to manhood. To her husband, family, and sorrowing friends we extend our sincere sympathy in their great sorrow and affliction. The funeral took place on Monday morning, last at ten o'clock, to St. Mary's church, thence to R. C. cemetery.

For sale, one Cutter; also Buffalo Robe, extra large and superior quality. The above articles will be sold cheap. Apply to ROBT. ROSS, Dominion Bank.—48-2. Just What You Are Looking For. Beautiful Reed and Rattan chairs, new designs; also Oak and Fancy Rockers—just the goods for holiday presents, and very cheap. M. E. TANGNEY, opposite the Benson House, Lindsay.—47-tf.

Y.M.C.A. Anniversary.

The anniversary services in connection with the Lindsay Young Men's Christian Association, held in the Presbyterian church on Tuesday evening, were very successful in point of attendance and interest manifested. By eight o'clock about 350 had assembled to hear an address on the "Model Young Man," by Rev. S. T. Bartlett, and also enjoy the musical program furnished by the Y.M.C.A. choir, male quartette and orchestra. Interesting verbal reports were given by the secretary, Mr. F. A. Robinson, showing the growth of the association in Lindsay, the good that had been accomplished and the work that was yet to do; by Mr. J. L. Allan, treasurer, showing among other things that an average of \$800 per annum was required to meet the expenses, and that there was at the present time only the small deficit of about \$50; and by Mr. Alex. Horn, president of the junior department, who very clearly and concisely explained the importance of the juvenile branch of the Y.M.C.A. The chairman Dr. W. H. Clarke, president of the association, then introduced the speaker of the evening, Rev. Mr. Bartlett is a very fluent, forcible and pleasing speaker, and for about an hour held the closest attention of the audience. His address, which covered the whole field of Y.M.C.A. work, and showed very clearly what made up the model young man, was one of the best ever delivered in Lindsay under Y.M.C.A. auspices. It cannot but have a very beneficial effect in the upbuilding of the many young men present. He congratulated the association on the formation of a juvenile branch, from which the future Y.M.C.A. young men would be recruited. If they were properly trained as boys he fears for them when they grew up to be young men. A musical selection was given by the choir, after which the meeting was dismissed with the benediction by Rev. Mr. Bartlett.

Methodist Church Choir Sacred Concert.

The sacred concert given by the choir of the Cambridge-st. Methodist church Friday evening last was fairly well attended. The evening was stormy and this fact no doubt prevented many from being present, and enjoying a most delightful evening of sacred song and music. The first part of the program consisted of Weber's harvest cantata, rendered by the choir, Mr. J. W. Lyons, tenor; Miss Brentell and Miss Mabel Winters, soprano; Mr. A. W. Roberts and Mr. Wm. Robson, bass. The rendition was simply perfect, and the audience was delighted. The rendering of the quartette and chorus by Misses Winters and Corneil and Messrs. Roberts and Lyons was most pleasing. The second part of the program was as follows:—Piano solo, Miss Florence Marshall of Toronto, who displayed rare musical ability and her numbers during the evening were warmly applauded. The numbers by Miss Ella Gross, "Come Thou Fount," and Miss Blanche Walters, "Abide with me," were also warmly applauded. Mrs. Houston's clever and finished contributions on the organ called forth the warmest applause. The number, "Prayer and Cradle Song," was particularly sweet, and evoked an encore, to which she very kindly responded. A supper was given the members of the choir in the basement at the close of the program.

Church Notes.

Rev. J. W. Totten and Rev. C. McAulay of Oakwood, exchanged pulpits last Sabbath. Rev. S. J. Shorey of the Cambridge-st. Methodist church, will occupy the pulpit at Baptist church, next Sunday morning. Rev. Dr. Potts, a prince amongst pulpit orators, will preach in the Queen-st. Methodist church next Sabbath at 11 o'clock. Collection in aid of the educational funds of the church. All invited. A Christmas tree and entertainment will be held in St. Andrew's church on the evening of Dec. 25th, when Santa Claus will remember not only the children of the congregation, but other children as well, and thus the occasion will be one of much joy and happiness. Special music will be furnished by the choir, and the program throughout will be carefully prepared. Admission free, and all made welcome. On Friday evening, Dec. 6th, a gospel temperance meeting will be held in the Queen-st. Methodist church at 8 o'clock. Rev. S. J. Shorey will address the meeting. An interesting program is expected in addition to the address. A collection will be taken in each meeting. These meetings are expected to be held the first Friday of each month at 8 o'clock. All friends of this good cause are invited to attend. Come and help us in our efforts to save from the ravages of strong drink. On Monday evening last Mr. H. Petter, who is about to take up missionary work in the district west of Calgary, Alberta, was tendered a farewell reception by the members of the Gleaner society and friends. The schoolroom of St. Paul's was comfortably filled, and the evening was one of a very social character. Light refreshments were provided and dispensed with that hospitality characteristic of the ladies of St. Paul's congregation. The chair was filled by Mr. Leigh Knight, who while a youthful chairman made a very able one. A song, program of music and singing was rendered by the young ladies of the congregation and others. Mr. Petter took advantage of the occasion to deliver a very feeling farewell address, in the course of which he thanked the congregation heartily for the many kindnesses shown him during his two years residence in Lindsay and his connection with the church. He hoped ere long to again visit Lindsay, and renew the acquaintance so pleasantly formed. Mrs. Soanes, president of the Gleaners' society, then stepped forward, and on behalf of the society presented Mr. Petter with a gentleman's travelling companion, accompanied by a suitable address. Mr. Petter, while somewhat taken by surprise, made a most appropriate gift. After a few remarks by Rev. Mr. Totten, all joined in singing "God be with you till we meet again," when the very pleasant evening came to a close.

Another County Heard From

Reference was made in these columns last week to the magnificent record of the Lakehurst Institute treatment for alcoholism in the Eastern town. This week, from the village of Wellington, is the county of Prince Edward, there has come news even more gratifying. During the past eighteen months twelve of the best known drinking men from this picturesque locality have made the pilgrimage to Oakville, and our advice are that there is not a failure in the lot. Every man a living, speaking example of a complete success which has invariably attended a course of treatment with us. Had these been dependent upon their will power during that time, in order to abstain from the use of intoxicants, probably not one could have stood the test. Their unanimous testimony now is that liquor is no temptation to them; they know that the staff will do them harm, therefore they abstain. The treatment at Lakehurst Institute removes the disease, eliminates the alcohol from the system, and makes them free men, and their intelligence prevents them from putting the shackles on again.—48.
