The log was perfectly sound, and when cut into lumber at Dundas & Flavell's saw mill yielded a trifle over 300 feet. This is probably the largest log ever drawn into Lindsay from Manvers, and attracted considerable attention as it passed along the streets.

—In Peterboro over fifty per cent. of the public school children are in the first book; it requires an average of five years to pass them through the primary classes, and the inspector says it ought to be done in two and a half years. —Mr. Sam G. Parkin, who has a wholesale way of doing anything he undertakes, has completely remodelled and renovated, as it were, the skating rink at Millbrook, of which he is the lessee for the ensuing season. The inside of the rink was somewhat dark and gloomy and to get over this Mr. Parkin decided to give it a coat of whitewash. A barrel or two of the mixture was prepared, and then the steam fire engine was called into requisition and the whitewash sprayed through a few lengths of hose. The result was a complete job at one-tenth of the cost of the hand process. There is no patent on this, and anyone who likes can benefit by it.

He was driving near the market, on Cambridge-st when his horse became frightened at something and bolted. When the market was reached the horse was going at a terrific rate and completely beyond Mr. Hore's control. Making a sudden turn to the west the animal dashed toward the fire hall, upsetting the rig and throwing Mr. Hore out with great violence, his head coming in contact with the platform. He was quickly picked up by several bystanders and conveyed to the office of Dr. Clarke where his wounds were dressed. It was found that he had received several very dangerous wounds on the top of his head from which the blood was flowing freely. He retained consciousness through it all, notwithstanding the severe nature of his wounds and bruises. Later on he was removed to his residence on Victoria-ave. —Obituary.  
—In the death of Mr. Thos. O'Reilly of the east ward, on the 13th inst., at the advanced age of 68 years, Lindsay loses one of her oldest and best known citizens. Mr. O'Reilly was born in County Westmeath, Ireland, and came to America when a young man. He lived at Staten Island, N.Y., for some years, when he decided to try his fortune in the wilds of Canada, moving to Port Hope, where he lived for several years. In 1862 he moved to Lindsay, where he resided up to the time of his death. Mr. O'Reilly always took great interest in municipal affairs, and never missed being present at a meeting of the town council. He had a wonderful memory and could give date and data of many interesting events in the early history of Lindsay and vicinity. He was an upright citizen and a member of the R.C. church. The funeral on Sabbath was largely attended.
