LORNEVILLE.

The examination of the Lorneville Public School took place on Friday, the 19th inst., in presence of a goodly number of the ratepayers of the Section. After the examination of all the classes the visitors expressed themselves as well pleased with the condition of the school, and expressed their regret at the departure of Mr. Symons, the present teacher. The pupils also gave tangible evidence of their esteem by presenting him with a valuable present and the following address:—

Mr. Wm. H. Symons:

ESTEEMED TEACHER.—Permit us to give expression to our sentiments of respect for you, and of our appreciation of your unwearied diligence in seeking to promote our instruction and to secure our comfort. Before school hours arrived you were present to see that the school house was comfortably heated for your scholars. Throughout the day you manifested an earnest desire to do justice to all under your care—to those who had recently entered as well as to the more advanced. And that no one should fail to have full benefit of your instruction, with singular devotion, you gave additional time after school hours to those preparing for special examinations. With the other branches taught us, we cannot forget the instruction you imparted in vocal music. On the Sabbath you were equally willing to give your self-denying services to those who were disposed to avail themselves of religious instruction. And with all you exercised discipline with marked mildness and impartiality. It is difficult for us to imagine how any teacher could show greater interest in the training of those entrusted to his care. It does not become us to say that we sufficiently appreciated your labor and zeal on our behalf, or that we made such progress in our studies as might be expected of us. But now as we learn that you are about to leave us, we trust your departure does not arise from any disrespect on our part, and we earnestly hope you shall enter on work where your services shall be fully appreciated, and where you shall enjoy much satisfaction and encouragement in your labors. And now before you part with us permit us to say that we do hope the instruction you imparted to us has left impressions on our minds that will prove useful to us through life, and that can never be effaced from our hearts; and as an indication of our appreciation of your kind interest in us, and that we may be of some permanent benefit to you and thus secure a lasting remembrance of us, we present you with a copy of the Holy Scriptures, Worcester's Unabridged Dictionary, with other volumes.
Signed on behalf of the scholars of Lorneville School.

GEO. G. MCKAY, EMMA FISK,

The Great Shoshonee Remedy and Pills.

The success that these medicines have met with since their introduction to the public some years ago, proves plainly to the most skeptical that they are medicines that perform what they are advertised to do. The virtues of these medicines have been well tested, and have withstood their trial in a most satisfactory manner. For diseases of the Blood, Liver, Lungs, &c., they are unsurpassed. We have testimonials of miraculous cures of these diseases, and of many others. If any one is afflicted, let him try a bottle of the remedy and a box of Pills. No injurious effects will follow their use to the most delicate person, as they are purely vegetable, there being no mineral matter in them. The cost is small, while the advantages derived from their use will doubly repay you for your expense and trouble.

Try these great remedies and be convinced that they are no humbug. No one who has tried the Shoshonee Pills has pronounced an unfavorable opinion of them; no family where they have been used will be without them. Full information may be had on all particulars touching the use, and the experience of those who have used them, by securing the Treatise or the Circular from your druggist free. Price of the Remedy in pint bottles, \$1; Pills 25 cents a box. Sold by all medicine dealers.

WHAT THEY SAY OF IT! A FEW FACTS FOR THE PEOPLE.

There are but few preparations of medicines which have withstood the impartial judgement of the people for any great length of time. One of these is Dr. Thomas' Electric Oil. Read the following and be convinced:— Thomas Robinson, Farnham Centre, P. Q., writes, "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas' Electric Oil and since then have had no attack of it. I would recommend it to all."—J. H. Earl, Hotel Keeper West Shefford, P. Q., writes, "I have been troubled with liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas' Electric Oil, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried it on my horses in case of cuts, wounds, etc., and think it is equally as good for horse as for man."—A. Maybelle, Merchant, Warkworth, writes, "I have sold some hundreds of bottles of Electric Oil, and it is pronounced by the public, 'one of the best medicines they have ever used; it has done wonders in healing and relieving pain, sore throats, etc. and is worthy of the greatest confidence.'"— Joseph Rusan, Township Percy, writes, "I was persuaded to try Dr. Thomas' Electric Oil for a lame knee which troubled me for three or four years, and I never found anything like it for curing lameness. It is a great public benefit."

Beware of Imitations.—Ask for Dr. Thomas Electric Oil. See that the signature of N. N. Thomas is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and Take no other. Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.
