

NEW ADVERTISEMENTS.

G. W. STODDART.—Rocking Chairs.
T. MATCHETT.—County Council.
WM. HENRY.—Dry Goods, &c., &c.
L. MAYBEE.—Tin and Copper-ware.

Local Matters.

Court Day on Tuesday last. Vennor's cold snap has arrived. Skating in Woodville has resulted in a fizzle. It is rumored that the Eldon Township Election is to be upset. Gunn Bros. have a few Christmas presents left, which they will sell for cost. The correct returns for the Presbyterian Sabbath School Soiree, are \$98.88. **How to get married** in X-lent style—borrow a \$10 William to pay the minister. **Rev. Mr. Currie** occupied the pulpit of the Presbyterian church, on Sunday evening last. **Mr. Alex. Adams**, Station Agent, has been confined to his bed for some time from an attack of Quinzy. **Last Sunday evening** was extremely dark and raining and several slight accidents happened to parties coming home from church.

Among the list of candidates for entrance to the Ottawa Normal School, we notice the name of Mr. Duncan McDougall, of this place. We predict for him a very successful examination.

A merchant can collect interest at 6 per cent. per annum only, on overdue accounts. Heading his bills with a notice that unpaid accounts will be charged interest at the rate of 1 per cent. per month will not enable him to collect that rate.

To Drivers.—Warm the bit on your bridle in frosty weather before putting it in the horse's mouth. The bit full of frost, coming in contact with the tongue and lips, adheres to those soft tissues the same as it would do when red-hot, leaving the animal with a sore mouth. If you do not believe it, place your own tongue on a piece of frosted iron some cold morning and be convinced.

New Time table.—A new time table on the Toronto and Nipissing Railway came into force on Monday 5th inst. The local train in the morning leaves here a little later than formerly, but is timed to arrive in Toronto the same as before. The mail train from Toronto arrives ten minutes later than before, and going south is twenty-five minutes later. The correct figures will be found at the head of the column.

Mr. Thos. Brignall was in town on Tuesday last. He informs us that his son-in-law, Mr. Wm. McNevin, has been appointed Superintendent, on a branch of the Central Pacific Railway, in the State of Nevada, near the foot of the Rocky Mountains, and that his daughter, Mrs. McNevin, is the only white woman in the settlement. Ladies of Woodville, imagine yourselves living one hundred miles from civilization and surrounded by a horde of Heathen Chinese.

At the sittings of the Division Court, held here, on Tuesday, A. Hudspeth, Esq., Deputy-Judge presiding, it came out in the course of evidence that the Bailiff had taken \$2 over his fees for collecting a debt. In passing judgment on the case His Honor said he would report the Bailiff to the Judge, as he had no right to a cent over his lawful fees. He thought there was a great deal of it done throughout the County and he intended reporting every case that came under his notice, as it was only right that the public and judge should know it.

Mr. Vennor and the Weather.—The following letter from Mr. H. G. Vennor appears in the Montreal Witness:—If the basis or theory upon which I have built my predictions this year is sound, we should now have immediately, and with the commencement of the new year, a decidedly mild term in the winter, lasting probably about a week. During this period rains and slush may be expected. As previously stated, the second severe "dip" is probable about the 9th or 10th of Jan. I write at 8° below zero, but ere this appears in print the anticipated moderation may have begun.

We copy the following sensible remarks from a Montreal paper, and trust it will convince some of our friends in this town as to the value of advertising:—"Some business houses advertise, others do not. The latter pride themselves on their established business connection, which renders advertising unnecessary. They are independent in all things on the open market, and do not care for the class of customers who show any anxiety on the subject of price. Their customers can afford to pay "fair" prices for the goods they purchase, and, if their circle of customers is not so large, they still make good profits. The house that advertises,

on the other hand, seeks the general trade—the trade of people who go where they can buy to the best advantage. To catch this trade they not only advertise but they sell on small margins, making their profits on the greater number of sales. A striking illustration was brought to our attention a day or two since. A person wishing an article of furniture visited several stores. At one steady-going old establishment, which notoriously never advertises, a certain piece was found, the price of which was \$15. At another store, whose advertisement had often appeared, the same article precisely was purchased for \$10. The same principle holds in the case of dry goods, groceries, and everything else. The same goods can be purchased for less money of those houses that advertise than of those that do not." Therefore, our readers in making their purchases, should carefully look through our advertising columns, and deal with those who invite their custom. The man who advertises liberally can always afford to sell the cheapest, and his goods are fresher and better than his non-advertising neighbor, for the reason that they never become shop-worn, out of style, old, and musty. He turns his stock over frequently, and depends on small profits and quick sales to retain his business. By all means buy from those who advertise!

The Great Shoshonee Remedy and Pills.

The success that these medicines have met with since their introduction to the public some years ago, proves plainly to the most skeptical that they are medicines that perform what they are advertised to do. The virtues of these medicines have been well tested, and have withstood their trial in a most satisfactory manner. For diseases of the Blood, Liver, Lungs, &c., they are unsurpassed. We have testimonials of miraculous cures of these diseases, and of many others. If any one is afflicted, let him try a bottle of the remedy and a box of Pills. No injurious effects will follow their use to the most delicate person, as they are purely vegetable, there being no mineral matter in them. The cost is small, while the advantages derived from their use will doubly repay you for your expense and trouble.

Try these great remedies and be convinced that they are no humbug. No one who has tried the Shoshonee Pills has pronounced an unfavorable opinion of them; no family where they have been used will be without them. Full information may be had on all particulars touching the use, and the experience of those who have used them, by securing the Treatise or the Circular from your druggist free. Price of the Remedy in pint bottles, \$1; Pills 25 cents a box. Sold by all medicine dealers.
