

Council met this 19th day of January, 1880. The following gentlemen having made the declaration of office and qualification took their seats:

R. Adam, Reeve; W. Parkinson, 1st Deputy-Reeve; T. Broad, 2nd Deputy-Reeve; Wm. Lownsbrough and E. Bowes, Councillors.

Minutes of last meeting read and approved. Moved by Mr. Broad, seconded by Mr. Parkinson, that this council appoint John Kelly as Auditor, to act jointly with Geo. Douglas, named by the Reeve, to audit the accounts of 1879, at a salary of \$6 each. Carried.

Moved by Mr. Broad, seconded by Mr. Parkinson, that this council appoint Henry Yerex, as Assessor, for the year 1880, at a salary of \$125. Lost.

Moved by Mr. Lownsbrough, seconded by Mr. Bowes, that this council appoint D. Carmichael as Assessor, for the year 1880, at a salary of \$100. Carried.

Moved by Mr. Lownsbrough, seconded by Mr. Broad, that this council go into committee of the whole on the second reading of by-law No. 240. Carried.

Council went into committee thereon, Mr. Bowes in the chair.

Committee rose and reported by-law No. 240 to pass without amendments.

Moved by Mr. Lownsbrough, seconded by Mr. Parkinson, that the Reeve give his order on the Treasurer for the following sums for Indigents:—Mrs. Sweetland, in care of J. F. Cunnings, \$4; Mrs. Wallace, in care of L. Patterson, \$4; Mrs. Peter Johnson, in care of Mr. Bowes, \$5, to purchase wood. Carried.

Moved by Mr. Bowes, seconded by Mr. Parkinson, that by-law No. 250, being a by-law to provide for appointing certain officers in the Township of Mariposa, for the year A. D., 1880, be received and read a first time. Carried.

By-law No. 250 read a first time. Moved by Mr. Bowes, seconded by Mr. Lownsbrough, that by-law No. 250 be now read a second time in committee of the whole. Carried.

Council went into committee thereon, Mr. Broad in the chair.

Committee rose and reported by-law No. 250 to pass without amendments.

Moved by Mr. Lownsbrough, seconded by Mr. Bowes, that by-law No. 250 be now read a third time and passed. Carried.

By-law No. 250 read a third time and passed.

Moved by Mr. Broad, seconded by Mr. Lownsbrough,

That the Clerk be instructed to publish a notice in the Woodville Advocate that this Council will at its next meeting, to be held on Monday, the 16th day of February, 1880, finally pass by-law No. 240, being a by-law to provide for raising the sum of \$1,998.58 by way of loan on the credit of the Township, to drain the following lots in the townships of Mariposa and Eldon:—

Table with columns: Mariposa, Con., 15, N, 10, 40 acres. Lists land parcels and their owners.

Moved by Mr. Broad, seconded by Mr. Parkinson, that the Reeve give his order on the Treasurer in favor of the following persons viz:—

Table with columns: Wm. James, for 6 cords of stove wood for Hall, \$ 7 50. Lists payments to various individuals.

Moved by Mr. Broad, seconded by Mr. Parkinson, that this council adjourn to meet again on the third Monday in February. Carried.

JOHN F. CUNNINGS, Clerk.

NORTH VICTORIA E. D. AGRICULTURAL SOCIETY.

ANNUAL MEETING.

The eleventh annual meeting of the North Victoria Electoral Division Agricultural Society met on Wednesday, the 21st inst., at Victoria Road Station. The meeting was well attended by the yeomanry of the Riding. Thos. Smithson, Esq., the President of the Society, occupied the chair and Mr. Jno. McTaggart acted as Secretary. Upon the meeting being called to order the Secretary read the following reports:—

DIRECTORS' REPORT.

Your Directors in submitting their thirteenth annual report of the Society have much pleasure in being able to state that the heavy and widespread depression under which we, in common with others have suffered during the past few years, has given place to the golden dawn of what we would hope will prove to be a long period of prosperity. The crops, during the past year although not up to what was at one time anticipated, were, nevertheless, much more abundant than during the two years previous and better prices realized. We have also to report with unfeigned gratitude the absence of any fatal diseases among live stock in the

Riding of such diseases as in other countries, assume the proportion of a national calamity.

We beg leave to report, that, owing to the want of sufficient hotel accommodation at Glenora, and the consequent dissatisfaction among exhibitors and the loudly expressed desire of many of them for a change in the place of holding our Fall Shows, your Directors, at least a majority of them, thought it desirable to submit to you, the members of two years' standing in the Society, the advisability of holding the Fall Show at Victoria Road Station, instead of at Glenora as formerly. A public meeting for this purpose was duly called here, as by law provided, on the 8th day of July last, when it was unanimously resolved that the next Fall Show be held at Victoria Road Station. This disturbance of long established affairs, the dissatisfaction thereby felt by many of our best exhibitors in the south of Eldon and Fenelon, and the unsuitable nature of the Show ground selected, operated to a very large extent against the success of the show, inasmuch that the number of entries fell considerably below that of the previous year, and less money was realized at the gate. Your Directors are also pleased to report that the Union Plowing Match held last Fall in the township of Eldon, near Woodville, under the auspices of this and the South Riding Society was an unqualified success.

We have also much pleasure in acknowledging the sum of two hundred dollars from the County Council and the sum of twenty dollars from Hector Cameron, Esq., M. P., to whom this Society owes a debt of gratitude for their liberal donations annually conferred upon this Society.

All of which is respectfully submitted. (Signed.) JOHN MCTAGGART, Secretary.

Dated at Victoria Road, this 21st day of Jan., 1880.

[The Treasurer's Report will appear next week.—Ed.]

FAMILY MATTERS.

EXCELLENT STEW PUDDING.—Two eggs, one ounce of beef suet, six ounces of flour, three ounces of bread crumbs, a little salt, and mix it slack with milk. This add one pound and a half of lump sugar, taking off the scum as it rises; add a little lemon peel, and juice improves it; put it in flat shapes.

GROUND GLASS.—The frosted appearance of ground glass may be very nearly imitated by gently dabbing the glass over with a piece of glazier's putty, stuck on the ends of the fingers. When applied with a light and even touch, the resemblance is considerable. Another method is to dab the glass over with thin white paint, or flour paste, by means of a brush, but this is inferior to the former. Used for windows.

CURING HAMS.—Rub salt all over them as soon as out and laid on a table; the next day brush it off, and pack in a cask. Put on a pickle made as follows:—One quart of salt to a gallon of water; to six gallons of water, half a gallon of molasses and three ounces of saltpetre. Let the hams remain in six or eight weeks, according to size. Smoke to suit, and pack away in salt in a cask; put in a cool, dry place, and they will keep good all the summer.

CLEANING TIN WARE.—Acids should never be employed to clean tin ware, because they attack the metal, and remove it from the iron of which it forms a thin coat. We refer to articles made of tin plate, which consists of iron covered with tin. Rub the article first with rotten-stone and sweet oil, then finish with whitening and a piece of soft leather. Articles made wholly of tin should be cleaned in the same manner. In a dry atmosphere, plished tinware will remain bright for a long period; but they soon become tarnished in moist air.

BUCKWHEAT CAKES.—The best buckwheat cakes are made with an addition of corn-meal flour and oat-meal flour to the buck-wheat in this proportion: Six cupfuls of buckwheat, three cupfuls of oat-meal flour, or if this cannot be obtained, substitute Graham flour in its place, and one cupful of corn-meal flour; to this add a dessert-spoon evenly filled with salt, two tablespoonfuls of molasses, and luke-warm water sufficient to form a batter; stir through the flour well four teaspoonfuls of baking powder before wetting; but these cakes are much better raised over night with yeast.

FRENCH PAN-CAKES.—Ingredients; Two eggs, two ounces granulated sugar, two ounces butter, flour and jelly. Beat the butter and sugar to a cream; beat the eggs separately the yolks to a cream the whites to a froth, and add the yolks to the butter and sugar; stir the milk into these ingredients; butter six tin pie plates; sift two ounces of flour with a teaspoonful of baking powder, and stir it quickly into the above named mixtures, with the whites of the eggs, put the batter quickly upon the buttered plates, and bake the pan-cakes brown in a quick oven; lust them with powdered sugar, lay them one over the other, with a little jelly between; dust the top with sugar and serve hot.

Last Warning.

MY customers will please take notice that their accounts are all made out and must be promptly paid this month. If not paid this month I will place all my accounts in court for collection, without respect to persons, as I am determined not to be put-off any longer. Any person having accounts against me, if they present them will be paid at once. G. C. SMITH.

THE WEEKLY GLOBE

GREAT IMPROVEMENTS IN 1880. THE BEST! THE LARGEST! THE CHEAPEST IN NORTH AMERICA.

NEW PRESSES—NEW TYPE—INCREASED SPEED IN PUBLICATION.

On the 2nd of January, 1880, THE WEEKLY GLOBE will take another of those upward strides in the march of improvement that have maintained it for nearly forty years in its high position as

THE LEADING FAMILY NEWSPAPER OF BRITISH AMERICA.

The increasing necessity for great variety of reading matter in each week's issue, so as to include the news from all sections of the Dominion and meet the varied tastes of its numerous readers, has rendered expedient the enlargement of THE WEEKLY GLOBE beyond even its present large dimensions. Commencing with the first week of the New Year, therefore, the form of the paper will be changed from that of an 80-column paper to that of a 96-column paper; and the length of each page will also be so extended as to give, in all, an increase of reading matter in each week's sheet of nearly 22 columns beyond its present size.

This vast addition to the capacity of the paper will enable a bill of fare to be presented weekly probably more varied and interesting than was ever before accomplished in any weekly journal. The literary matter will be much increased; more space will be devoted to Household and social affairs; and the Agricultural Department will be rendered more efficient than ever before.

Notwithstanding the great enlargements and improvements to be made, the annual subscription to THE WEEKLY GLOBE will remain as heretofore, only

TWO DOLLARS PER ANNUM. sent postage free to all parts of Canada and the United States, payable invariably in advance. THE CLUB RATES FOR 1880

Table with columns: For 4 Copies and up to 10, \$1.00 per copy. Lists rates for different quantities.

Any one is at liberty to get up a club on his own responsibility. Each club paper may be addressed separately, and may be for any Post Office.

Reliable parties getting up clubs will be supplied with specimen copies of the paper gratis, on application. THE WEEKLY GLOBE will be sent free of postage to any Post Office in Great Britain for \$2.20 or nine shillings sterling.

Remittances may be sent by P.O. money order, bank draft, registered letter, or by express at our risk. Orders and remittances to be addressed to the GLOBE PRINTING COMPANY, Toronto.

All subscriptions sent in between this date and the 1st of January, 1880, will entitle the subscriber to receive THE WEEKLY GLOBE from date of subscription to 31st December, 1880.

THE BEST PAPER! TRY IT.

BEAUTIFULLY ILLUSTRATED.

35th YEAR.

THE AMERICAN!

THE AMERICAN is a large first-class paper, printed in sixteen pages, in a beautiful style, profusely illustrated with engravings, representing the newest inventions and the most recent Advances in the Arts and Sciences; including new and interesting Facts in Agriculture, Horticulture, the Home, Health Medical Progress, Social Science, Natural History, Geology, Astronomy. The most valuable practical papers, by eminent writers in all departments of Science, will be found in the Scientific American;

Terms, \$3.20 per year, \$1.60 half year, which includes postage. Discounts to Agents Single copies, ten cents. Sold by all news-dealers. Remit by postal order to MUNN & CO., Publishers, 37 Park Row, New York.

PATENTS. In connection with the SCIENTIFIC AMERICAN, Messrs. MUNN & Co. are Solicitors of American and Foreign Patents, have had 35 years' experience, and now have the largest establishment in the world. Patents are obtained on the best terms. A special notice is made in the SCIENTIFIC AMERICAN of all inventions patented through this agency, with the name and residence of the Patentee. By the immense circulation thus given, public attention is directed to the merits of the new patent, and sales or introduction often easily effected.

Any person who has made a new discovery or invention, can ascertain, free of charge, whether a patent can probably be obtained, by writing to MUNN & Co. We also send free our Hand Book about the Patent Laws, Patents, Caveats, Trade-Marks, their costs, and how procured, with hints for procuring advances on inventions. Address for the Paper or concerning Patents.
