The Lightning Ticket Seller Talks. "On Decoration Day, 1882," said Colonel John Murray, the lightning ticket seller of a Western circus, "in Chicago I sold 6150 tickets in an hour without an error, and without taking in a bad piece of money. In twenty-two years' experience I have never taken but one \$5 counterfeit bill. The false silver money I can detect the moment I get it in my hand, either by the weight or by handling it. We run across queer customers sometimes in the South. In some places they come to a circus with knives up their sleeves, and as I would hand them money and tickets the points of their weapons would cut my hands. The negroes of the South are the queerest set I ever ran' across. They remember a man for years. Before a season is over my hands have corns on them from the constant handling of silver. No, an attempt at robbery was never made but once, and that was in Cleveland in 1880. It was after the night performance, and I had over \$3000 in my valise. Eph Sells and I were just getting off of the grounds to take a hack when a man struck me with a slur geshot. I shot at him and so did Sells, but he got away without the movey, and a policeman promptly arrester me for shooting at him."-Cincinnuit Aries Journett.

AYFR'C WINT D Cherry Pectoral.

No other complaints are so insidious in their attack as those affecting the throat and lungs: none so trifled with by the majority of sufferers. The ordinary cough or cold, resulting perhaps from a trifling or unconscious exposure, is often but the beginning of a fatal sickness. AYER'S CHERRY PECTORAL has well proven its efficacy in a forty years' fight with throat and lung diseases, and should be taken in all cases without delay. A Terrible Cough Cured.

"In 1857 I took a severe cold, which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me up. I tried AYER'S CHERRY PECTORAL, which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the PECTORAL a permanent cure was effected. Lam now 62 years nent cure was effected. I am now 62 years old, hale and hearty, and am satisfied your CHERRY PECTORAL saved me. Rockingham, Vt., July 15, 1882.

Croup. - A Mother's Tribute. "While in the country last winter my little boy, three years old, was taken ill with croup; it seemed as if he would die from strangulation. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the CHERRY PECTORAL had

saved my darling's life. Can you wonder at our gratitude? Sincerely yours,

MRS. EMMA GEDNEY."

159 West 128th St., New York, May 16, 1882.

"I have used AYER'S CHERRY PECTORAL in my family for several years, and do not hesitate to pronounce it the most effectual remedy for coughs and colds we have ever A. J. CRANE." Lake Crystal, Minn., March 13, 1882.

"I suffered for eight years from Bronchitis, and after trying many remedies with no success, I was cured by the use of AYER's CHER-RY PECTORAL. JOSEPH WALDEN." Byhalia, Miss., April 5, 1882.

"I cannot say enough in praise of AVER'S CHERRY PECTORAL, believing as I do that but for its use I should long since have died from lung troubles. E. BRAGDON." Palestine, Texas, April 22, 1882.

No case of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AVER'S CHERRY PECTORAL, and it will always cure when the disease is not already beyond the control of medicine. PREPARED BY
