On Wednesday morning before the Rail-  
 way Committee of the House of Assembly,  
 Toronto, Mr. B. B. Osler, of Hamilton,  
 appeared on behalf of the Canada West Rail-  
 way Company, who are seeking a charter to  
 construct a line of railway from Toronto to  
 Ottawa. The plea for granting the charter  
 was that the Toronto and Ottawa project had  
 fallen into the hands of the Grand Trunk  
 and would not be built. On behalf of the  
 Company it was stated that neither Provin-  
 cial nor municipal aid would be asked, and  
 that work would be commenced at once.  
 The charter was opposed by Mr. James  
 Bethune and Mr. John Leys acting on behalf  
 of the Toronto and Ottawa, and was defeat-  
 ed by a majority of 25 to 14.

ABOUT 10.30 on Thursday morning, as Mr.  
 James Mitchell, of Whitby, and his hired  
 man were coming toward town with two  
 loads of large cedar posts, the bit in one of  
 the bridles on the team driven by the man  
 broke, causing the horses to become unman-  
 ageable and run away. Mr. Mitchell, who  
 was some distance ahead, got off his load and  
 attempted to stop them, but in so doing he  
 either fell or was thrown down, the team  
 and load passing over him. The calk of one  
 of the horse's shoes penetrated the brain,  
 killing him almost instantly. Mr. Mitchell  
 was a wealthy farmer, about 60 years of age,  
 and much respected by all who knew him.  
 He leaves a wife and young family.

A MAN writes to an editor for \$4  
 "because he is terrible short," and gets  
 in reply the heartless response, "Do as  
 I do; stand upon a chair"

THE man who says he "don't believe  
 in advertising" is unconsciously doing  
 all the while what he deprecates. He  
 hangs coats outside his door, or puts  
 dry goods in his windows. That's ad-  
 vertising. He sends out drummers  
 through the country, or puts his name  
 on his wagon. That's advertising. He  
 labels his articles or manufactures.  
 That's advertising. If he has lost his  
 cow, he puts a written notice up in his  
 post office, or tells his mother-in-law,  
 and that is doing the very thing he de-  
 precates. He has his name put up in  
 gilt letters over his door, and that's  
 advertising. He paints his shop green  
 or red; or, if a tailor, he wears the  
 latest styles; if a doctor, he has his boy  
 call him out of church in haste; if an  
 auctioneer, he bellows about to attract  
 the attention of passers-by: if a heavy  
 merchant, he keeps a huge pile of boxes  
 on his sidewalk in front of his store,  
 and all for advertising. A man cannot  
 do business without advertising, and  
 the question is whether to call to his  
 aid the engine that moves the world—  
 the printing press, with its thousands  
 of messengers working night and day,  
 the steam engine adding to its repeat-  
 ing capacity, untold power and miracu-  
 lous speed; or, rejecting all these to go  
 back to the days when newspapers,  
 telegraphs and railroads were unknown.

A REALLY MERITORIOUS ARTICLE needs no  
 high-sounding words to enforce its claims  
 upon public attention; nevertheless, com-  
 mon sense is frequently outraged by absurd  
 pretensions in behalf of proprietary medi-  
 cines, which doubtless possess little or no  
 value. It is and ever will be the aim of the  
 proprietors of Northrop & Lyman's Emulsion  
 of Cod Liver Oil and Hypophosphites of Lime  
 and Soda, to keep within reasonable  
 bounds in this respect. They do not assert,  
 for instance that their preparation will over-  
 come matured consumption. That is some-  
 thing which baffles all human skill to accom-  
 plish; but they do allege, and the assertion  
 is corroborated by positive and direct testi-  
 mony, that this medicine, if used in time for-  
 tifies the delicate tissue of the lungs and  
 bronchial tubes against the destroying disease  
 For coughs, colds, laryngitis, incipient  
 bronchitis, and scrofula in various forms, it  
 is a reliable, prompt and sure remedy.  
 The phosphorus which it contains is a most  
 useful agent in endowing an enfeebled system  
 with tone and vigor by furnishing the blood  
 with an element of nutrition and richness;  
 while lime and soda, which are, as well as  
 phosphorus, natural constituents of the body,  
 impart strengthening properties to the bones.  
 No mystery enshrouds the composition of  
 this article. Its ingredients are indicated in  
 its name, and it contains nothing at which  
 the most searching analyst or the most  
 fastidious practitioner can cavil. For the in-  
 formation of physicians, we will add, that a  
 dose for an adult contains two grains each  
 of hypophosphites of lime and soda. The arti-  
 cle is prepared from choicest materials by  
 Northrop & Lyman, Toronto, and is sold by  
 all druggists.

**A Baptist Minister's Experience.**  
 I am a Baptist Minister and before I even  
 thought of being a clergyman I graduated in  
 medicine but left a lucrative practice for my  
 present profession, 40 years ago. I was for  
 many years a sufferer from Quincy, "Thomas  
 Electric Oil cured me." I was also troubled  
 with Hoarseness and "Thomas' Electric Oil  
 always relieved me." My wife and child had  
 Diphtheria, and "Thomas Electric Oil cured  
 them," and if taken in time it will cure  
 seven times out of ten, I am confident it is a  
 cure for the most obstinate Cold, or Cough,  
 and if any one will take a small teaspoon  
 and half fill it with the Oil and then place  
 the end of the spoon in one nostril and  
 draw the Oil out of the spoon by sniffing  
 as hard as they can until the Oil falls over  
 into the throat and practice that twice a  
 week, I don't care how offensive their head  
 may be, it will clean it out and cure their  
 Catarrh. For Deafness and Earache it has  
 done wonders to my certain knowledge. It  
 is the only medicine dubbed patent medicine  
 that I have ever felt like recommending and  
 I am very anxious to see it in every place,  
 for I tell you that I would not be without  
 it in my house for any consideration, I am  
 now suffering with a pain like Rheumatism  
 in my right limb and nothing relieves me  
 like Thomas Electric Oil.
