We have received a communication from "An Observer," Cannington, in which the conduct of the hotel keepers of that village as represented by the "Gleaner" is denied. We are offered the tempting bait of "an advertisement and a number of subscribers" to publish it. THE ADVOCATE is at all times open to any person suffering from a real grievance, but we place too much confidence in the honor and justice of our contemporary, the "Gleaner," to doubt that the case is quite as represented. We refuse to be made a party towards bolstering up the iniquities which are altogether too patent to be denied.

KENDALL'S SPAVIN CURE,
The Most Successful Remedy ever discovered, as it is certain in its effects and does not blister. READ PROOF BELOW.
From the Oneonta Press, New York.

ONEONTA, New York, Jan. 6th, 1881.
Early last summer Messrs. B. J. Kendall & Co., of Enosburgh Falls, Vt., made a contract with the publishers of the Press for a half column advertisement, setting forth the merits of Kendall's Spavin Cure, for one year. At the same time we secured from the firm a quantity of books entitled Dr. Kendall's Treatise on the Horse and his Diseases, which we are now giving to advance paying subscribers to the press as a premium.
About the time the advertisement first appeared in this paper, Mr. Schermerhorn, who resides near Colliers, had a spavined horse. He read the advertisement and concluded to test the efficacy of the remedy, although his friends laughed at his credulity. He bought a bottle of Kendall's Spavin Cure and commenced using it on the horse in accordance with the directions, and he informed us this week that it effected such a complete cure that an expert horseman, who examined the animal recently could find no trace of the spavin or the place where it had been located. Mr. Schermerhorn has since secured a copy of Kendall's Treatise on the Horse and his Diseases which he prizes very highly and would be loth to part with at any price, provided he could not obtain another copy. So much for advertising reliable articles.

Kendall's Spavin Cure
ON HUMAN FLESH.

Thousands of trials on Human Flesh has proved beyond a doubt that "Kendall's Spavin Cure" has sufficient strength to penetrate and vitiate to cure the worst cases of rheumatism, corns, bunyans, frost-bites, or any bruise, cut or lameness which are not affected in the least by ordinary liniments. It does not blister but on the contrary removes all soreness.

Kendall's Spavin Cure.

St. Johns, P. Q., Oct. 27th, 1881.
DR. B. J. KENDALL & Co., Gents:—I have used your Spavin Cure with great success on spavins, curbs and splints. I know it to be a good remedy for ringbones, bone spavins, cuts, galls and all kinds of lameness and many other difficulties about the horse. One of my men sprained his ankle very badly. I applied Kendall's Spavin Cure and I never saw anything work like it, he was well in a few days. I know it to be good for man as well as beast. I procured one of your Treatise on the Horse, by mailing 25 cts., and I think it was the means of saving me \$100, on one horse that I treated according to the directions given in your book for displaced stifle.

Yours truly,
WM. J. PEARSON.

Dunham, P. Q., March 10th, 1879.
DR. R. J. KENDALL & Co., Gents:—About a year ago I fell in the road on to some ice and was badly hurt on the hip joint, which caused me much suffering. I tried various remedies but none gave relief until I tried Kendall's Spavin Cure. I applied it full strength twice a day for about two weeks during last October, and it effected a perfect cure; I have since then been well and free from lameness. It is very valuable for man as well as beast.
Yours truly,
CHESTER K. GREEN.
