

BY RICHARD GRANT WHITE.

The next day I went again to the cathedral. The gloomy sky of the night had harbingered a heavy mass of clouds which were now descending in a copious but fine and gentle rain. The cathedral was deserted. Even the verger was not there. He was represented by his daughter, who stepped up to me, and asked with a little emphasis, "Would you like to see the cathedral again, sir?" I said yes, of course; and she went with me to the gate of the choir, which she opened. All at once the wish arose to be there without even her attendance (there was not another person in sight), and I asked her if she could not let me go in by myself. She looked at me with sweet, steady blue eyes, and said, "I think I may let you go, sir." She shut the gate behind me. As I turned away I heard the key creak and the bolt shot. Then a great silence fell upon me; I walked slowly on...

Editor of the Times:—The statements recently published in your valuable paper have created much excitement in this city among the class who own and use horses, and after reading your request that all should write you who had been benefited by the letter published from Dr. Bates in regard to the remarkable success he always had with Kendall's Spavin Cure, I decide to write you my experience with it. My first knowledge of this remedy came through a visit to the office of the Massachusetts Society for the prevention of cruelty to animals. This society was the first to use Kendall's Spavin Cure in Boston, and I was informed by Chas. A. Currier, a gentleman in whom I had the utmost confidence that they had never used anything that worked so well for spavins or any lameness in horses, and he stated that he gave it to poor men who had lame horses and would agree to use it, and in this way he was enabled to get along without prosecuting them as it was sure to cure when persevered with. Some time after this I received a very severe injury to the knee joint and the high recommendation which M. Currier gave Kendall's Spavin Cure, gave me so much confidence in it that I used it for my knee with the very best results, and since that time my faith has been so strong in the merits of this remedy that we will not be without it in the house. I have tried it since then for foot-rot, sore teats or warts on my cows teats, also for a general liniment for my horses or in my family and I sincerely believe, with all those who have written you before, that there never was as good a liniment for both man and beast ever discovered before. Hoping you will continue to give us more light on this subject I am

Very truly yours, ROBT. C. AYER, Boston, Mass., Oct. 1st, 1881.

A COUNTRYMAN one morning received a note from a merchant asking him to come and settle forthwith. He seemed puzzled for a moment, and then entered the house and said to his wife "Betty, what day does forthwith fall on?"

"Don't Give up the Ship," were the metaphorical words of Commodore Perry. We repeat, "Don't Give up the Ship," poor, despairing invalid, but try Burdock Blood Bitters. It cures others, why not you? It renovates, regulates and tones all the organs of secretion, and restores lost Vitality.

THE Greeks held garlic in such abhorrence that those who partook of it were regarded as profane. The Romans, on the contrary, gave it to their soldiers, with an idea that it excited their courage, and to their laborers to strengthen them.

TIMELY WARNING.—Now is the season for sudden colds and distressing coughs, treat them with Hagar's Pectoral Balsam, it cures influenza, asthma, croup, whooping cough, bronchitis, and all pulmonary complaints leading to consumption.

AN ancient and remarkable clock has been recently set up in the reading-room of the municipal library of Rouen. A single winding keeps it running for fourteen months and some odd days. It was constructed in 1782, underwent alterations in 1811, was bought by Rouen for 1,000 francs in 1833, has recently been repaired and just set going.

There is no better cure for rheumatism than Hagar's Yellow Oil used according to directions on the bottle. It also cures Burns, Scalds, Frost Bites, Bruises, Lameness, and all wounds of the flesh. All dealers sell it, price 25 cents.

The house of John O'Groat was situated on Duncaun Head, the most northerly point in Great Britain. It received its name from John of Groat and his brothers, who came from Holland in 1489. The house was octagonal in shape, being one room with eight windows and eight doors, to admit eight members of the family, the heads of different branches of it, to prevent their quarrels for precedence at table, which on one occasion nearly proved fatal. By this contrivance each came in at his door and sat at an octagonal table, at which, of course, their places were all alike.

The best form in which electricity is embodied is by Dr. Thomas' Electric Oil, a sovereign and highly sanctioned specific for rheumatic pains, and a thoroughly reliable remedy for all affections of the throat and lungs, used externally and internally.

OSHAWA Council has decided to expend the sum of \$5,725 on its streets and sidewalks this year. The whole of this sum is not to be raised by taxation this year, but a part of it is to be carried over as a floating debt.

WHAT TO STUDY.—Pope, the poetical philosopher said, "The proper study of mankind is man," and yet how little is the real science of man studied. If people understood and heeded the laws of health, and if when out of sorts would resort to a common sense like Burdock Blood Bitters, many of the "ills that flesh is heir to" might be effectually remedied. It invigorates and regulates all the secretions to a healthy action.

SOME time ago a Northwest Mounted Policeman was in love with a maid servant named Mary Smith, of Toronto. He came to that city sick and gave her the title deeds to sixty acres of his grant. Lately she sold her interest for \$4,000, and the purchaser sold for \$7,000, and now it is held for \$14,000.
