It's funny? says an exchange, but a soft-palmed woman can pass a hot plate to her nearest neighbour at a table with a smile as sweet as distilled honey while a man with a hand as horny as a crocodile's back, will drop it on the floor and howl around like a Sioux Indian at a scalp dance.

WHAT IS LARDINE? Ask any Farmer, Thresher or Saw Mill man, or in fact, any man who runs machinery of any kind, and he will tell you that it is the only MACHINE OIL which will wear equal to Castor Oil and won't gum or clog your machinery. Ask your dealer for it and take no other.

Our farmers are fast awakening to the fact that first-class stock will pay. We notice that Messrs. D. Howkins and Thos. Rear have recently purchased a thoroughbred Cotswold Ram—"Duke of Stockton"—which may be seen at their premises. The animal was imported direct from England for the breeder from whom the above gentlemen bought him.

The Canada mutual telegraph company has already introduced the wedge in the reduction of telegraphic rates. The night rate has been reduced to one half of the day tariff. For instance by this line a ten-word message is sent from Toronto to New York for 20cts., and a twenty-word for 35cts.; the other company charges 30cts. and 50cts. respectively for the same service.

THERE is a certain amount of satisfaction that a publisher realizes when he finds out that some people are so fond of reading his paper that they tramp out regularly to some store or house where they know the paper is subscribed for, and swallow its contents with surprising rapacity. Every publisher knows this is done, and he also knows that these same newspaper spongers are the ones who find the most fault with the paper's contents. To sponge a meal and then growl about its quality is not a bit worse than these penurious critics.

ON Tuesday evening last a number of the townsmen of our village met at Mr. Edward's Hotel to say "good-bye" to Mr. Angus Campbell, on the eve of his departure for the North-West, and presented him with a handsome set of albums, accompanied by the following address:—

KENDALL'S SPAVIN CURE,
The Most Successful Remedy ever discovered, as it is certain in its effects and does not blister. READ PROOF BELOW.
From the Ontario Press, New York.

ONTARIO, New York, Jan. 6th, 1881.

Early last summer Messrs. B. J. Kendall & Co., of Enosburgh Falls, Vt., made a contract with the publishers of the PRESS for a half column advertisement, setting forth the merits of Kendall's Spavin Cure, for one year. At the same time we secured from the firm a quantity of books entitled Dr. Kendall's Treatise on the Horse and his Diseases, which we are now giving to advance paying subscribers to the press as a premium.

About the time the advertisement first appeared in this paper, Mr. Schermerhorn, who resides near Colliers, had a spavined horse. He read the advertisement and concluded to test the efficacy of the remedy, although his friends laughed at his credulity. He bought a bottle of Kendall's Spavin Cure and commenced using it on the horse in accordance with the directions, and he informed us this week that it effected such a complete cure that an expert horseman, who examined the animal recently could find no trace of the spavin or the place where it had been located. Mr. Schermerhorn has since secured a copy of Kendall's Treatise on the Horse and his Diseases which he prizes very highly and would be loth to part with at any price, provided he could not obtain another copy. So much for advertising reliable articles.

Kendall's Spavin Cure
ON HUMAN FLESH.

Thousands of trials on Human Flesh has proved beyond a doubt that "Kendall's Spavin Cure" has sufficient strength to penetrate and vitiate to cure the worst cases of rheumatism, corns, bunyons, frost-bites, or any bruise, cut or lameness which are not affected in the least by ordinary liniments. It does not blister but on the contrary removes all soreness.

St. Johns, P. Q., Oct. 27th, 1881.

DR. B. J. KENDALL & Co., Gents:—I have used your Spavin Cure with great success on spavins, curbs and splints. I know it to be a good remedy for ringbones, bone spavins, cuts, galls and all kinds of lameness and many other difficulties about the horse. One of my men sprained a knee very badly. I applied Kendall's Spavin Cure and I never saw anything work like it, he was well in a few days. I know it to be good for man as well as beast. I procured one of your Treatise on the Horse, by mailing 25 cts., and I think it was the means of saving me \$100, on one horse that I treated according to the directions given in your book for displaced stifle.

Yours truly,
WM. J. PEARSON.

[Dunham, P. Q., March 10th, 1879.

DR. R. J. KENDALL & Co., Gents:—About a year ago I fell in the road on to some ice and was badly hurt on the hip joints, which caused me much suffering. I tried various remedies but none gave relief until I tried Kendall's Spavin Cure. I applied it full strength twice a day for about two weeks during last October, and it effected a perfect cure; I have since then been well and free from lameness. It is very valuable for man as well as beast.

Yours truly,
CHESTER K. GREEN.
