

GLENARM.

From our own Correspondent.

SACRAMENT.—The Sacrament of the Lord's Supper will be dispensed in the Presbyterian church here next Sunday. The English services will be conducted in the Methodist church as usual.

TEMPERANCE.—The usual monthly meeting of the Glenarm Total Abstinence Society was held in the church last Thursday evening. The president, Mr. D. Gilchrist, read some interesting pieces on the "Evils arising from Intemperance," which were listened to with marked attention. There was a fair attendance and some new members were admitted.

OBITUARY.—Donald Spence, Esq., departed this life on Monday last after a short but painful illness in the 77th year of his age. Mr. Spence settled on the farm he lived on ever since when a bush lot, about thirty-five years ago, and lived to see his family all married and settled around him near by. Deceased was a man of strict, unswerving integrity, and during a long and useful life he filled several important public positions of trust and responsibility with credit and efficiency. For several years he had been a member of Fenelon Council and during a much longer period was one of the most efficient magistrates in the county. For the past two or three years his health was more or less impaired by old age, and on that account he was not so actively identified with public affairs as in former years. He had been an elder and an active consistent member of St. Andrew's church, Glenarm, since it was erected about twenty years ago. His remains were interred in the St. Andrew's church burying ground, Glenarm, on Wednesday last.

ARGYLE.

From Our Own Correspondent.

ACCIDENT.—Mr. Hugh McIntyre met with a severe accident the other day while engaged in taking out saw-logs. Through some means a large log rolled upon him from which condition he was unable to extricate himself, and for over three hours was in this unpleasant condition, when a passer-by whose attention had been called by the cries of Mr. McIntyre, was enabled to render him his assistance. Upon examination it was found his ankle had been dislocated and badly injured. We are glad to know however he is on the way of recovery.

TIGHNABRUAICH.

From our own Correspondent

The sudden and unexpected death of Mr. Jno. Graham has cast a gloom over this neighborhood. He came home from the shanties on Saturday, 4th inst., sick with typhoid fever, accompanied by inflammation of the lungs, and died on the following Wednesday morning. Mr. Graham was a former resident of Elton near Woodville. He removed to the township of Mara about five years ago, where he lived up to the time of his death. He leaves a wife and four young children to mourn his loss. Much sympathy is felt for the family and friends in their sad bereavement.

THE SECRET OF BEAUTY.—No cosmetic in the world can impart beauty to a face that is disfigured by unsightly blotches arising from impure blood. Burdock Blood Bitters is the grand purifying medicine for all humors of the blood. It makes good blood and imparts the bloom of health to the most sallow complexion.

ELDON STATION.

To the Editor of THE ADVOCATE:

Sir,—In reading an edition of your esteemed paper issued a short time prior to the day appointed for the nomination of our Township Council candidates for this year, I observed a communication from a Bolsover correspondent referring politely to supposed grievances. It would appear from the tenor of that all-important epistle that its author was anxious to make known that his horns were not shed yet and consequently he might prove a most ferocious antagonist to those declining to accept his innuendoes respecting municipal matters. Probably the croaker was moved by the spirit to imagine himself a "Peter the Hermit," but if so, he must have experienced long ere now, that his cry has not been so effectual as the cry of the European recluse had been. He has no doubt now come to the conclusion that the "Cowl does not make the Monk" after all. It is a matter of profound remorse to note that individuals whom we presume had been enlightened in the "science of political economy" by so eloquent a dispenser of knowledge as the Bolsover "Gamaliel," (who contributed that innocuous letter for publication) would on election day be cast by the intelligent populace of Eldon into the category of the rejected goats. When reflecting upon the exemplary manner in which one of those *debonair* aspirants acquitted himself at the nomination and upon the dignified reputation of the other, we are inclined to fancy that they merited a more liberal support than has been tendered them. But Longfellow's sentiment, "Things are not what they seem," had evidently been the sentiment of the Eldon rate-payers when last electing their councillors. As regards the "Vanquished" it may be alleged that they had not been inspired prior to the nomination day with the following sentiment of Robert Burns: "O wad some power the giftie gie us to see ourselves as others see us," for if they had looked into the looking-glass of public estimation, there is no doubt but that they would have prudently seceded from the contest which devolved upon them *contre temps*. However, it is quite probable that both aspirants in future will prefer sitting in a Diogenes tub on election day to the chance of getting the wand of office in the Municipality of Eldon, by means of popularity. To convince the potential Solon of Bolsover that his letter had been of more harm than good to his neighbors, let him turn around and see his intelligent neighbor who applied for the accession cast aside like a last year mackerel by the council. Finally it would appear that if the Bolsover correspondent sat on added eggs to hatch them when he commenced writing that intermeddling letter his efforts would have been crowned with equal success. Yours truly,
AN OBSERVER.

WORSE THAN WAR.—"The throat has destroyed more lives than the sword," by imprudence in eating and intemperance in drinking; but when the health becomes impaired the miserable dyspeptic may find prompt relief in Burdock Blood Bitters. It regulates the bowels, acts upon the liver and kidneys, purifies the blood, and stimulates all the secretions to a healthy action.

CHILBLAINS.—These troublesome complaints may be speedily cured by Hagar's Yellow Oil, the great Rheumatic remedy, which, as an external application and as an internal remedy has a wider range of usefulness than any similar preparation in the world. All druggists sell it, 25c.

No new thing under the sun—except that the Esterbrook Steel Pen Co. are every year bringing out new styles of steel pens to meet the popular demand. In the meantime, their old standard reliable pens are having a larger run than ever. All the stationers keep them.

A GOOD FILTER.—To have pure water in the house every family should have a good filter, the health and comfort depends largely upon the use of properly filtered water. The liver is the true filter for the blood, and Burdock Blood Bitters keep the liver and all the secretory organs in a healthy condition. It is the grand blood purifying, liver regulating tonic.

It would be a gross injustice to confound that standard healing agent—Dr. Thomas' Electric Oil—with the ordinary unguents, lotions and salves. They are oftentimes inflammatory and astringent. This Oil is, on the contrary, eminently cooling and soothing when applied externally to relieve pain, and powerfully remedial when swallowed.

Holloway's Pills.—Nervous Debility.—No part of the human machine requires more watching than the nervous system—upon it hangs health and life itself. These Pills are the best regulators and strengtheners of the nerves, and the safest general purifiers. Nausea, headache, giddiness, numbness, and mental apathy yield to them. They dispart in a summary manner those distressing dyspeptic symptoms, stomachic pains, fullness at the pit of the stomach, abdominal distension, and overcome both capricious appetites and confined bowels—the commonly accompanying signs of defective or deranged nervous power. Holloway's Pills are particularly recommended to persons of studious and sedentary habits, who gradually sink into a nervous and debilitated state, unless some such restorative be occasionally taken.

There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere, 25 cents a bottle.

Rest and Comfort to the Suffering.

"Brown's Household Panacea" has no equal for relieving pain, both internal and external. It cures pain in the Side, Back or Bowels, Sore Throat, Rheumatism, Toothache, Lumbago and any kind of a Pain or Ache. "It will most surely quicken the Blood and Heal, as its acting power is wonderful." "Brown's Household Panacea," being acknowledged as the great Pain Reliever, and of double the strength of any other Elixir or Liniment in the world, should be in every family handy for use when wanted, "as it really is the best remedy in the world for Cramps in the Stomach, and Pains and Aches of all kinds," and is for sale by all Druggists at 25 cents a bottle.
