From present indications there will be a large emigration to Manitoba from this neighborhood, when spring opens.

Hamilton Corbett the celebrated Scotch Vocalist will give a concert in Woodville on Thursday the 20th inst.

Have you read McMillan & McLeod's new advertisement, if not read it, it will pay you. They are offering special inducements, at present.

The Roads.—The pitch holes between this place and Argyle continue to be a terror to the traveller and a source of revenue to blacksmiths and carriage makers.

Carnival.—There is to be another Carnival at Cannington on Friday night probably the last of the season. Some of our young folks are talking about going down.

Grange Meeting.—The next regular meeting of "Rose Valley Division Grange," will be held in Spencer Hall, Woodville, on Thursday, March 13th, at 10 o'clock a. m.

Error.—When writing our article on "The Assessor," last week, we were not aware that another had been appointed for this year. The "present" Assessor has not yet had a trial, and we therefore cannot judge of his ability to perform the work.

The pulpit of the Presbyterian Church was occupied last Sabbath by the Rev. Thos. Glasford, an old resident of this place. Large congregations greeted him the Church being comfortably filled at both diets of worship. The Rev. Mr. Campbell is to preach next Sabbath.

All parties indebted to McMillan and McLeod are requested to call and settle their accounts before the 1st day of April, as all debts outstanding at that date will be placed in Court for collection.

Personals.—We are pleased to see Messrs. Sidney McKenzie and James Armstrong around again.....Dr. Robinson, formerly of this place, has settled in Clifton, near Niagara. He has our best wishes.....Mr. Colin McKerchar was in town last week, attending the meeting of Presbytery.....Capt. Sinclair, of Toronto, paid this village a visit on Tuesday last.

Prayer Meeting.—A special congregational prayer meeting was held in the Presbyterian Church yesterday afternoon, for the purpose of praying for guidance in the selection of a pastor. The proceedings throughout were characterized by their solemnity and devoutness. It is to be hoped that an answer will be received to their petitions, and that a call will be accepted by a minister fully suited to the requirements of the congregation.

Should be Stopped.—Last Sabbath evening, a lot of boys congregated at the Vestibule of the Presbyterian Church and amused themselves with running up and down the stairs and slamming the doors while the service was going on. The noise disturbed the whole congregation, and we hope the boys will not do it again. They may have done it without thinking (for boys are thoughtless), but we doubt if there is a boy in Woodville who would repeat the act.

Social.—The Methodists of this district gave a social in their Church last Wednesday evening, which was well patronized. The choir was occupied by the Rev. Mr. Jewell, and addresses delivered by Rev. Geo. Washington, of Cannington, on "Christian Union," and Rev. J. B. Armstrong, of Uxbridge, on "The Great North West." The choir sang a number of anthems, in very good style. It was found necessary to hold another social to dispose of the surplus provisions, which was accordingly done on Friday evening.

The Good-for Naughts.—Good-for-nothing people are unfortunately very numerous. Even when they are children they show signs of their nothingness. They like play, but they detest work and study. Thus they grow up knowing nothing, unless it be something that will do them no good. When they become men and women they hardly know how to get a living honestly, and it is quite likely they will try to get one dishonestly. They constantly complain that they cannot get along, and they wonder why it is. There is nothing strange about it. They never tried to learn when they were young; they are lazy, and now find it easier to beg or to steal than to get an honest living by hard work. Keep your boys and girls from joining the good-for-nothing club in their youth.

Full line of Gents Furnishings just arrived at Jas. A. Mitchell & Co's.

Accident.—As the Nipissing mixed was going north, and when within a half mile of Midland Junction on Tuesday, one of the tender wheels broke, throwing the tender off the track and completely blocking up the line for seven or eight hours. Another engine was sent from Uxbridge to the assistance and by 10 o'clock at night the track was again clear. There was no one injured.

Resumed Business.—We are pleased to notice that Mr. W. G. Stoddart has resumed business in his old stand. His stock of furniture is complete, and will well repay the trouble of a visit to those about starting house-keeping. Mr. Stoddart offers special inducements, as well as a first-class stock from which to choose. Everything required in the undertaking line constantly kept in stock. His prices will be found very moderate and buyers will do well to give him a call.

Gaelic Sermon.—Yesterday afternoon Mr. Angus McLeod, formerly a missionary in Manitoba and now a student in Knox College, preached a Gaelic sermon in Knox Church. There was only a fair audience, but the majority of those present were acquainted with the dialect, if the attention with which they listened to the discourse might be taken as an evidence. The text was from Hebrews ii, 17, 18. At the conclusion of the services Mr. McLeod announced that he would again preach at the same place on Sunday, 16th inst. —Globe, March 3.

WHAT THEY SAY OF IT! A FEW FACTS FOR THE PEOPLE.—There are but few preparations of medicines which have withstood the impartial judgement of the people for any great length of time. One of these is Dr. Thomas' Electric Oil. Read the following and be convinced:—Thomas Robinson, Farham Centre, P. Q., writes, "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas' Electric Oil and since then have had no attack of it. I would recommend it to all."—J. H. Earl, Hotel Keeper West Shefford, P. Q., writes, "I have been troubled with liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas' Electric Oil, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried it on my horses in case of cuts, wounds, etc., and think it is equally as good for horse as for man."—A. Maybee, Merchant, Warkworth, writes, "I have sold some hundreds of bottles of Electric Oil, and it is pronounced by the public, 'one of the best medicines they have ever used; it has done wonders in healing and relieving pain, sore throats, etc., and is worthy of the greatest confidence.'"—Joseph Rusan, Township Percy, writes, "I was persuaded to try Dr. Thomas' Electric Oil for a lame knee which troubled me for three or four years, and I never found anything like it for curing lameness. It is a great public benefit."

BEWARE OF IMITATIONS.—Ask for Dr. Thomas Electric Oil. See that the signature of S. N. Thomas is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and Take no other. Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.
