The residence of Mr. H. D. Lumsden had a very narrow escape from being destroyed by fire on Tuesday afternoon last. It appears that during the absence of the inmates the chimney took fire and the burning soot falling to the base set fire to the block used to clear the flue from soot which falling out ignited the floor, burning a circle of about three feet before dying out. It certainly was a wonderful escape and can only be accounted for by the lack of draught to fan the flames.

A short time ago a peddler of jewelry struck this part of the country. He went north where I believe he succeeded in disposing of several rings stating that they were gold. Next day one of the purchasers doubting the substance of his purchase came here and had one of his rings tested, when behold, its brilliant color turned to a black. He had a warrant issued for the bogus peddler, who had already made himself scarce. It may be stated that another peddler struck the village about the same time who was arrested but proved himself to be a genuine. However, the disappointed ones expect to find their impostor and make him pay for it.

**KENDALL'S SPAVIN CURE,**  
The Most Successful Remedy ever discovered, as it is certain in its effects and does not blister. READ PROOF BELOW.

From the Ontario Press, New York.

ONEONTO, New York, Jan. 6th, 1881.

Early last summer Messrs. B. J. Kendall & Co., of Enosburgh Falls, Vt., made a contract with the publishers of the Press for a half column advertisement, setting forth the merits of Kendall's Spavin Cure, for one year. At the same time we secured from the firm a quantity of books entitled Dr. Kendall's Treatise on the Horse and his Diseases, which we are now giving to advance paying subscribers to the press as a premium.

About the time the advertisement first appeared in this paper, Mr. Schermerhorn, who resides near Colliers, had a spavined horse. He read the advertisement and concluded to test the efficacy of the remedy, although his friends laughed at his credulity. He bought a bottle of Kendall's Spavin Cure and commenced using it on the horse in accordance with the directions, and he informed us this week that it effected such a complete cure that an expert horseman, who examined the animal recently could find no trace of the spavin or the place where it had been located. Mr. Schermerhorn has since secured a copy of Kendall's Treatise on the Horse and his Diseases which he prizes very highly and would be loth to part with at any price, provided he could not obtain another copy. So much for advertising reliable articles.

**Kendall's Spavin Cure**  
ON HUMAN FLESH.

Thousands of trials on Human Flesh has proved beyond a doubt that "Kendall's Spavin Cure" has sufficient strength to penetrate and vitiate to cure the worst cases of rheumatism, corns, bunyans, frost-bites, or any bruise, cut or lameness which are not affected in the least by ordinary liniments. It does not blister but on the contrary removes all soreness.

**Kendall's Spavin Cure.**

St. Johns, P. Q., Oct. 27th, 1881.

DR. B. J. KENDALL & Co., Gents I—2 have used your Spavin Cure with great success on spavins, curbs and splints. I know it to be a good remedy for ringbones, bone spavins, cuts, galls and all kinds of lameness and many other difficulties about the horse. One of my men sprained his ankle very badly. I applied Kendall's Spavin Cure and I never saw anything work like it, he was well in a few days. I know it to be good for man as well as beast. I procured one of your Treatise on the Horse, by mailing 25 cts., and I think it was the means of saving me \$100, on one horse that I treated according to the directions given in your book for displaced stifle.

Yours truly,  
WM. J. PEARSON.

Dunham, P. Q., March 10th, 1882.

DR. R. J. KENDALL & Co., Gents I—2 About a year ago I fell in the road on to some ice and was badly hurt on the hip joint, which caused me much suffering. I tried various remedies but none gave relief until I tried Kendall's Spavin Cure. I applied it full strength twice a day for about two weeks during last October, and it effected a perfect cure; I have since then been well and free from lameness. It is very valuable for man as well as beast.

Yours truly,  
CHESTER K. GREEN.
