NOTES AND QUERIES says:—We
shall keep Easter this year on the
anniversary of the day on which the
Resurrection really occurred. The
only real doubt about the year of the
great event is whether it was A. D. 29
or 30. If the latter, the Paschal full
moon fell that year on Thursday, April
6th; the Crucifixion would be the
next day, April 7th, and the Resurrec-
tion April 9th.

THE famous Kennedy Family of
Scottish vocalists gave a concert in the
Spencer Hall, last Wednesday evening
as advertised. The hall was well filled,
and the programme, circumstances
being taken into consideration, was
good. The accommodation afforded
the company was simply execrable and
is a decided insult both to them and
the village. Broken panes, no fire,
and very dirty floors, but poorly de-
scribes the condition of the hall.

THE following lines from Tennyson
are particularly appropriate to the com-
ing season:—

"In the spring a redder crimson gloweth on
the robin's breast,
In the spring the wanton lapping gives
himself another crest.
In the spring a lovelier iris changes on the
burnished dove,
In the spring a young man's fancy lightly
turns to thought of love."

The last line is more peculiarly appro-
priate to Sunday evenings, when the
minister is obliged to denounce those
youths who put on their overcoats be-
fore the conclusion of the service in
order to be able to overtake their fair
ones. 'T would be better to obtain the
aid of the female dove in putting on the
coat at the close of the service rather
than disturb the closing prayers by a
rush for overcoats, which would be out
of place even in a theatre.

Mr. Wm. Boyd Hill, Cobourg, writes:
"Having used Dr. Thomas' Electric Oil for
some years, I have much pleasure in testifi-
ng to its efficacy in relieving pains in the
back and shoulders. I have also used it in
cases of cramp in children, and have found
it to be all that you claim it to be."

We the undersigned Auditors have carefully examined the foregoing accounts of the
Treasurer of the Township of Eldon, and compared the same with the vouchers produced,
and found the balance in his hands on the 31st day of December, 1881, the sum of \$190.95,
(one hundred and ninety dollars and ninety five cents,) and also find on examining his
Bank Book that there was at the above date, to his credit in the Standard Bank the sum of
\$283.85, (two hundred and eighty-three dollars and eighty-five cents,) showing that the
township funds are carefully handled.
