

PUBLISHER'S NOTICE.

No changes of Business advertisements will hereafter be received later than Tuesday morning. Copy received later than that will be held over till the following week. Special notices and matter for local columns received until Wednesday evening

Beaverton Local News.

FRIDAY, MARCH 25, 1887.

All Kinds of Firewood for sale and delivered to any part of the village—P. McMillan & Sons, Beaverton.

Pushing. Our enterprising contemporary the "Toronto Globe" is bound to push itself forward. The latest mark of its energetic management is the chartering of a special train to carry its papers into Western Ontario, ahead of the usual time. The train runs from 40 to 60 miles per hour and places the "Globe" on the breakfast tables of the people of London at 6:45 a. m. The price has also been reduced to \$5 per annum.

Babies and Children. They are always catching cold in the head. Place a small particle of Nasal Balm in each nostril at night, also rub well over the bridge of the nose, and let us know how they are in the morning.

Stop My Paper. After you get angry and make up your mind to stop your paper, just poke your finger in water and then pull it out and look for the hole. Then you will know how sadly you are missed. A man who thinks a paper cannot survive without his support ought to go off and stay a while. When he comes back half his friends didn't know that he was gone; and the other half didn't care a cent, and the world at large didn't keep any account of his movements. You will find things you cannot endorse in every paper. Even the Bible is rather plain and hits some hard licks. If you were to get mad and burn your Bible, the hundreds of presses would still go on printing them; and if you were to stop your paper and call the editor all sorts of ugly names, the paper would still be published; and what is more you'd sneek around and borrow a copy of it every week from your neighbor. It would be much better to keep your vest pulled down and your subscription paid up in advance.

Dentistry. W. H. Gross, dentist, Lindsay, will give you Vitalized Air, extract your teeth without any pain, and make you an upper or under set of Artificial teeth at almost any price you wish to pay. Visits Woodville first Tuesday, and Beaverton first Wednesday of each month.

Clover Seed For Sale! Any quantity of Clover Seed for sale at R. Dunsheath's, Mara St., Beaverton.

Going to Port Hope. We learn that Dr. Kidd, who lately sold his residence and practice here is about to remove to Port Hope, where he believes there is an opening in his profession. The doctor was a successful practitioner here for nearly nine years, and having acquired considerable property during that time, much surprise was expressed by every body when it was learned that he was about to sever his connection with the people of Midland where he was universally esteemed both as a physician and citizen. In public affairs he always took a lively interest and for some time occupied the important position of chairman of our Board of Education. In going with his family to Port Hope he carries with him the best wishes of the people of Midland and surrounding country for an equally prosperous career.—[Midland Free Press]

Gents' Ties. Any quantity of Gents' New and Nobby Ties at Hodgson's Cash Store.

Our Wealthy Men. Much has been said in newspapers of men who have made large fortunes in comparatively a few years in various business industries. Many of these articles are written by correspondents of prominent newspapers and copied into others of lesser note. Correspondents generally are seldom men of business qualifications and wrongfully picture these men and their business as a thing of accident; this is not the case with

those we have met. We find that where men have made large fortunes by their own business talent and industry they chose with sagacity and forethought such businesses as would lead to success when handled with business judgment. No man has been brought before the public as an example of success, both in wealth and magnitude of his business (outside of stock and railroad men) more prominently than Dr. G. G. Green of Woodbury N. J. He is at the head of many large business industries, and yet comparatively a young man. When the fact that August Flower, for dyspepsia and liver complaint and Boschee's German Syrup, for coughs and lung troubles, has grown to a wonderful sale in all parts of the world, it proves that it was not an accident or spontaneous strike at wealth. His medicines are recognized as valuable and established remedies and the business has grown gradually and permanently during the last eighteen years on account not alone of Dr. Green's abilities as a business man or his 'good luck,' but on the actual merits of the two preparations.—[Copied from the N. Y. Weekly Sun, of Dec. 22, 1886.]

Silverware. Silver and Electro-Plated ware the best and cheapest in the market at H. Westcott's, Beaverton.

White Fish. Cheaper than the Cheapest at Hodgson's, Beaverton.

An Instructive Lecture. The Rev. Dr. Watson delivered a very able lecture before a large and appreciative audience in the School and Lecture Room of St. Andrew's church, on Friday last. The subject was the interesting one "The Moon." The lecturer treated the subject most ably, bringing out many novel ideas, and facts, which would not have been suggested or unfolded to ordinary minds, without the aid of such researches as has been given the subject by diligent students of the Dr. Watson's school. To attempt even a brief summary of the very comprehensive treatise of the general subject of astronomy as touched upon by the Reverend Doctor, would simply be doing an injustice to the lecture. The Reverend Doctor announced his intention to deliver a lecture on "Ornithology," at an early day, which is also to be followed in due course by another upon "Geology." We would advise our readers to make a point to attend these intellectual treats.

Spring Goods! 100 cases of Spring Goods just opened at Harrison & Leslie's.

Feed for Sale. Any quantity of Clover Seed, Seed Oats and Peas for sale at R. Dunsheath's, Beaverton.

Another Way. A correspondent finds exception to the remarks by this paper in a recent issue as to well building and encloses his ideas of the proper and only method of securing pure healthy water, which are as follows: Dig your well until reaching a spring, then brick up carefully, afterwards well plastering the face with water-lime mortar. The brick work should be carried some two feet above the level of the surrounding land, and carefully closed with double plank through which should be inserted a short tube of iron, closed at the end, but perforated with small holes. This is to allow the escape of any gases, which may accumulate above the water. With a well formed in this manner our correspondent believes the danger from diphtheria and typhoid fever would be entirely avoided as it would be impossible for any surface water to reach the well until having percolated through the soil to its bottom by which time all danger would have passed from it. We commend this to the consideration of our readers who may have the construction of a well on hand.

Farmers Bear in mind that Hodgson has on hand and will keep during the season a full supply of Timothy and Clover Seeds.

Please Pay Up. All indebted to us would confer a favor by settling with us at once. We must have money.—[The Express.]

Gone with the Spring. Captain R. H. Gilbertson left this week for his boat in preparation for the opening of navigation.

The "Checkers." A meeting of the members of the "Checker" Lacrosse Club, will be held in the Club Room, on Wednesday, next, March 30th, at 8 o'clock p. m. A full attendance is requested as matters of importance to the Club will be dealt with.

New Prints. 300 pieces of New Prints to choose from at Harrison & Leslie's.

Gone. Poor old Doidge, a figure so well known to the streets of Beaverton, is no more. He passed to his rest last week at the County Jail at Whitby.

Money to Loan. \$10,000, Private Funds to loan at lowest rate of interest. Apply to Jas. M. Gordon, Beaverton.

Passed Away. Another old land mark in the person of Mr. Geo. Sutor, sr., passed away on Monday last at the ripe old age of 77 years.

Lecture. The Rev. J. W. Annis, B. A., of Barrie, is to deliver a lecture in the Methodist church on Tuesday evening next the 29th inst. on "Courtship and Marriage." Mr. Annis is a clever and entertaining lecturer and this subject is one of considerable interest. No doubt a large audience will greet him.

Silverware. Largest and best assortment of the latest designs ever shown in town at factory prices for cash at Jno. McKinnon's, Beaverton.

A Loss. A sick horse belonging to a young man from Brock had to be killed at the "Ontario Hotel" stables last week, no hopes being entertained of its recovery. Several complaints have been made of the conspicuous place in which the animal has been left.

Farmers. Cash for Butter, Eggs, Potatoes and any kind of Farm Produce at R. Dunsheath's, Beaverton.

New Prints. Loads of New Prints, New Shirtings, New Cottonades at Hodgson's Beaverton and big shipments of every variety of Spring Goods daily arriving.

Signs of Spring. "Knuckles Down!" "Fan Dubs!" "Odd or Even!" is the song of the street just now. The small boy has got down to the marble business again, and every odd piece of exposed sidewalk is fully equipped with neckbreakers and the devotees of this fascinating game. The marble is the forerunner of spring. This indication is as certain as the return of the luscious sucker. The boy with a pocketful of marbles is just now in a very demoralized condition. The latent "bump" of acquisitiveness suddenly assumes phenomenal proportions as he earnestly endeavors to "scoop" his fellows, while in his pursuit of the stony wealth, his assiduity is marvellous. The marble is abroad, so pedestrian beware.

Boots and Shoes. Extraordinary Bargains in Boots and Shoes at Waller's, Mens High Laced Plough Shoes, solid leather \$1.00 per pair. Boys' Strong Laced Boots, Solid Leather 75 cts. per pair. The Golden oot, Beaverton.

Woodville Local News.

FRIDAY, MARCH 25, 1887.

Selling Off. All Winter Goods sold at and below cost to make room for Spring Goods at H. Wilson's, Woodville.

A Prayer for Reporters. In the Minnesota Senate the other day the chaplain started the august body by closing his prayer with a word for the newspaper men. He said—"And now, dear Lord, bless the reporters, whose nimble pens catch our every word almost before it is uttered. Like Thyself, they are omnipresent and almost omnipotent. If we take the wings of the morning and fly to the uttermost parts of the earth they are there. They meet us in the jungles of Africa; they waylay us in the solitary canyons of Colorado, and when at length we find the attitude of the magnetic pole, behold they are there. May their light and goodness be equal to their power, and when the general assembly of Heaven convenes let no reporter be excluded. Amen!"

Tamarac Is no ordinary mixture. In fact its properties are entirely different from any preparation used for Coughs, Colds, Throat and Lung Troubles.

The Council. The Village Council met on Monday last to consider the best means of repudiating the outrageous slander on this village contained in the letter of Mr. H. Labouchere, which will be found in another column. A committee was appointed to prepare a letter of denial for the press.

Selling Off. I am selling out the balance of my stock at figures greatly below cost. I am going out of business and all must be sold. Immense bargains offering, at Rod. Campbell's, Woodville.

The Sidewalks. The winter is now about spent and the council should see to it that the sidewalks are cleared of snow. To the station the road is rapidly becoming too muddy for walking.

Last Notice. All parties owing me are hereby notified that my accounts are now in the hands of the clerk of the 1st Division Court, county of Victoria to whom they must now apply and settle. Rod. Campbell, Woodville.

Preparing. The Methodist congregation are having the stone placed on their lot, in preparation for the erection of their new church. The building, we learn is to be proceeded with at once.

New Spring Stock. New Spring Prints, Dress Goods, Ginghams, Cottons, Shirtings, Tweeds, Cottonades &c., Cheap for Cash at J. R. Prior's, Woodville.

Theatricals. The Davenport Comedy Company were billed and showed here on Wednesday evening, to a small audience.

Crockery and Glassware. Fine Stock of Glassware, Chinaware, Crockery &c., at Prior's Cheap Cash Store, Woodville.

Lecture. The Rev. J. W. Annis, lectures here on Monday evening next in the Methodist Church. A Silver Collection will be taken up.

Take Notice! Full and Fresh Stock of Groceries always on hand. Wanted 1000 doz. eggs, highest price paid for Butter, Eggs, Pork &c., at J. R. Prior's, Woodville.

Matrimonial. The marriage is announced this week of our village favorite Miss Mary Ellen Stuart to Mr. Jno. K. Campbell. The interesting ceremony took place on Wednesday evening last, at the residence of the bride's father, Mr. James Stuart. The bride was supported by Miss Sarah Campbell, and the groom by Mr. D. W. Stuart brother of the bride. The ceremony was witnessed by only the immediate friends of the pair, and the young couple, as all sensible people should went directly to their home without the absurd and expensive "tour." Many handsome presents were received by the bride as well as the congratulation of a large circle of friends to which let us add those of THE ADVOCATE.

Our Letter Box.

A Topic of Interest.

Sir,—Is there going to be anything done towards planting shade trees on our principal streets this year. You have said so much and with such little success on this subject in the past, that I feel it is almost a hopeless task to write on the subject. The lack of such a useful and ornamental articles on Simcoe St., particularly, is so noticeable that we are determined to do all we can towards securing this very desirable object. The cost of the trees in themselves will be a mere nothing and the tree planting of very little. True a little care would have to be taken of them for the first year or two, but they would well repay all the outlay which would be expended on them. If our council will not take the matter in hand then let us as citizens, by each planting along his property.

CITIZEN.

Beaverton, March 25, 1887.

Important to Farmers.

To THE EDITOR: Sir,—As many farmers are now laying in a supply of seed grain, we wish to give them fair warning that if they are not very particular in buying good clean seed they will suffer. Barley dealers have, through the Board of Trade, given fair warning that Mensury, Russian and two rowed barley, or barley mixed with these varieties is perfectly valueless for shipping to the American market, and will be bought only for feeding purposes. As our Canadian barley is the best on the continent farmers should be careful and sow perfectly clean seed and be very particular that no wheat is mixed with it as next season barley mixed with wheat will be graded No. 3, no matter how good the color. Grain buyers are also determined on having wheat properly cleaned as they are weary handling wheat mixed with wild oats, tares etc. This kind of grain will in future be bought for feeding purposes or left severely alone. We trust farmers will see it to their own interest to sow pure clean grain as they are the parties who will suffer the most, and they may depend that buyers will not pay long prices for duty grain in the future.

THE GRAIN BUYERS.

Beaverton, March 17th, 1887.

Married.

On Wednesday the 23rd inst. at the residence of the bride's father, by Rev. John Gillies, Mr. Jno. K. Campbell to Miss Mary Ellen Stuart, all of Woodville.

Died.

At Thorah, on Monday March 21st, George Sutor, aged 77 years.

At Queen's wharf, Toronto on Monday the 21st of March, Ann Gillespie, aged 156 years, of heart disease.

On Saturday the 19th, Jessie, beloved wife of Malcolm Morrison, Argyle, aged 30 years.

On Friday the 20th inst., Angus Smith jr., 6th con. Eldon.
