For horse bills, we have a splendid assortment of cuts. Call and see them.

Every gentleman should call and inspect our very large and well selected New Stock of Scotch and Canadian Tweeds, just arrived at McIntyre & Prior's.

MR. FRED. LEAS has removed his tinshop to the premises immediately east of the Medical Hall. The premises have been refitted and is intended to commence a new front immediately.

Best variety of Prints ever shown in Woodville just arrived at McIntyre & Prior's.

ACCORDING to the observations of Professor Chandler, the perihelion of the comet takes place in June. The visitor will approach within 100,000 miles of the surface of the sun, nearer than any other recorded comet excepting those of 1680, 1843 and 1880.

We have just received a large and choice stock of new styles in Ladies' Hats, Bonnets, Feathers, Flowers, Ornaments and Trimmings of every description for the coming Spring trade. —McIntyre & Prior.

Mr. Dobson, of the Beaverton Woolen Mill, is now almost ready for starting. Taking a walk through the mill this week, we were much surprised at the quantity of machinery introduced. We believe it is intended to manufacture for the market as well as the home trade.

WHAT IS LARDINE? Ask any Farmer, Thresher or Saw Mill man, or in fact, any man who runs machinery of any kind, and he will tell you that it is the only MACHINE OIL which will wear equal to Castor Oil and won't gum or clog your machinery. Ask your dealer for it and take no other.

SINCE the amalgamation of the Midland railway freight rates have been considerably raised, and merchants in general are very indignant. —Ex. This is just what we expected, and if rates are not again raised before long, said merchants may consider themselves favored. Monopoly is power!

AN exchange says: "The patent tidy fastener" is a snare and hollow mockery. An instrument has never been invented—and never will be—that will secure a tidy in its place. When a man can sit on a chair ten minutes without getting the tidy under him, or somewhere on the floor, he may know that the millennium is only two hours hence.

Our Milliner, Miss Brownlow, has again arrived, and is prepared to take orders for spring work. Miss Brownlow has now commenced her third season in Woodville, and so far has given good satisfaction to our customers, and we do not hesitate to recommend her. McIntyre & Prior.

The new act which became law on March 9th, says: "Every unmarried woman and every widow who possesses the property qualifications and other qualifications which would, if she were a male ratepayer, entitle her to vote on by-laws requiring the assent of electors as male ratepayers, subject to like conditions and restrictions as apply to male ratepayers, and law, statute or usage to the contrary notwithstanding."

WHAT is to be done in the matter of supplying a sidewalk to the school this summer? The Commissioners have no money and the law does not permit them to levy a tax for the purpose, and yet the necessity is very great. We do not see anything in the School Act to prevent the trustees from contributing towards this desirable object. It certainly is in the interests of the school and ought to be assisted by its trustees. Could not a public entertainment of some kind be devised for the purpose of raising some funds. We are sure it would be well patronized.
