MR. DENNIS HOWKINS who has five ewes was favoured with twelve lambs from them this spring.

A cow the property of Mr. James Stuart, gave birth to twin calves a short time ago. The animal was one of twins itself and has given birth to two pairs of twins.

THE horse of Mr. Ira Argue ran away on Sunday night last, smashing the buggy.

MR. JOHN MCKAY, of Mariposa, sold two fine steers last week to Lindsay butchers. The animals which were but two years old, weighed together nearly 3,100 pounds and realized at the rate of 7 cents per pound, \$315.00. The animals were adjudged by all those who saw them to be the finest ever seen in this section and we dare to say, had they been exhibited at the Provincial Fat Cattle Show, would have taken the palm from the Province. The above is another example of the profits of first-class stock and the theory of early maturity now being brought so prominently before our farmers by the efforts of the Government Agricultural college.

New Stock of Felt and Straw Hats. Latest styles at McIntyre & Prior's Woodville.

THE Beaverton Correspondent of the Post advises the residents of Cannington and Woodville that "suckers will soon be up," this is thrown out with that careless grace that denotes a superfluity of the article and a desire to get rid of it at any price. The remark may also be regarded in the light of insinuation, and already the rumble of discontent is heard. Is it to be supposed that the sometime "toothsome sucker is a staple among the residents of the store-fronted villages, or would the Post have the world to think we live only on the surplus of the roofing as generously supplied by the beaver? We demand an explanation.

Our customers and friends will please remember that we have our Millinery show rooms up stairs. McIntyre & Prior, Woodville.

The parties who made night hideous on Tuesday last by their whoops and yells should be made contribute towards our village finances in a generous penalty. We are in need of such just now, and the unfortunate individual who first stands before the wrathful eye of our village beak, may expect nothing better than 2,000 feet of plank or thirty days.

**SORE THROAT.**  
 This common and painful affection may be readily cured by the prompt application of Hayward's Yellow Oil, taking it internally at the same time according to directions. In croup, asthma, colds, swollen glands, rheumatism and other painful diseases it is equally efficacious.

**SCROFULA**

and all scrofulous diseases, Sores, Erysipelas, Eczema, Blotches, Ringworm, Tumors, Carbuncles, Boils, and Eruptions of the Skin, are the direct result of an impure state of the blood.

To cure these diseases the blood must be purified, and restored to a healthy and natural condition. AYER'S SARSAPARILLA has for over forty years been recognized by eminent medical authorities as the most powerful blood purifier in existence. It frees the system from all foul humors, enriches and strengthens the blood, removes all traces of mercurial treatment, and proves itself a complete master of all scrofulous diseases.

**A Recent Cure of Scrofulous Sores.**  
 "Some months ago I was troubled with scrofulous sores (ulcers) on my legs. The limbs were badly swollen and inflamed, and the sores discharged large quantities of offensive matter. Every remedy I tried failed, until I used AYER'S SARSAPARILLA, of which I have now taken three bottles, with the result that the sores are healed, and my general health greatly improved. I feel very grateful for the good your medicine has done me."  
 Yours respectfully, MRS. ANN O'BRIEN,  
 148 Sullivan St., New York, June 24, 1882.

All persons interested are invited to call on Mrs. O'Brien, also upon the Rev. Z. P. Wilds of 78 East 54th Street, New York City, who will take pleasure in testifying to the wonderful efficacy of Ayer's Sarsaparilla, not only in the cure of this lady, but in his own case and many others within his knowledge.

The well-known writer on the Boston Herald, D. W. BALL, of Rochester, N.H., writes, June 7, 1882:

"Having suffered severely for some years with Eczema, and having failed to find relief from other remedies, I have made use, during the past three months, of AYER'S SARSAPARILLA, which has effected a complete cure. I consider it a magnificent remedy for all blood diseases."

**Ayer's Sarsaparilla**

stimulates and regulates the action of the digestive and assimilative organs, renews and strengthens the vital force, and speedily cures Rheumatism, Neuralgia, Rheumatic Gout, Catarrh, General Debility, and all diseases arising from an impoverished or corrupted condition of the blood, and a weakened vitality.

It is incomparably the cheapest blood medicine, on account of its concentrated strength, and great power over disease.
