#### Burglary.

Word came to town here on Friday evening of last week that burglars were on the road and travelling this way and warning the citizens to look-out for them. On the evening train reaching Gamebridge, two well-dressed fellows stepped off and walked towards Beaverton, which they reached quite early in the evening. They wandered about the station and tracks and excited the interest of the station agent, Mr. Dover, that he took a good look at them. Both were dressed nearly alike, wearing wine-colored overcoats with fine black hats and kid gloves, altogether very respectable looking men to be "knights of the jimmy." After loafing about the station for some time the village was visited and observations taken, calling at the post office, several small trifles were purchased by one, while the experienced glance of the other took in the surroundings. They then left. Strange to say, many people in town knew of the arrival of these men and immediately spotted them as unwelcome characters and yet they wandered about freely and without question. The upshot was that during the night they forced an entrance by the back door of the post office, drilled a half inch hole completely through the safe preparatory to blowing it open, when they must have been disturbed and fled. Mr. Jno. Hodgson happened to hear of the arrival of these gentlemen and returned to his store, where he proposed to sleep. Awakening about two o'clock, he thought he heard a noise in the rear of the post office but thinking it only a cow he did not investigate, but walked along the front to the crossing and back to his shop. His footsteps evidently alarmed the burglars, who thinking it might be a watchman, took themselves off. Some five or six dollars were taken in loose change from the tills and some postage stamps. We have since heard that they also burglarized the Methodist parsonage in the evening between the hours of 6 and 9 o'clock, but did not succeed in securing anything so far as it is known.

#### W. C. T. U.

The regular meeting of the W. C. T. U. was held on Thursday, April 19th. After devotional exercises and ordinary business, a discussion took place as to where the next lecture to be given by Rev. Mr. Galbraith of Orillia, should be held. The majority being in favor of asking for St. Andrew's Church, a committee was appointed to interview the managers of that church and obtain their consent to this arrangement. Unless otherwise announced this lecture will be held in St. Andrew's church on May 8th at 8 p. m. A committee was also appointed to take charge of the musical part of the lecture. Two very interesting readings, one on "Moderation" the other on "War and Peace" were then given by the ladies appointed for that purpose at the last meeting. The interest in the Band of Hope is steadily increasing and is very encouraging to the President of the Union and others actively engaged in this work as well as to all true lovers of the cause. The next meeting, of the W. C. T. U., will be held on Thursday May 3rd.
