

NEW ADVERTISEMENTS.

COURT OF REVISION.—A Morison.
THE REGULATOR.—Wm. Henry.

Local Matters.

Mr. Thos. King left on Tuesday morning for Manitoba.

The Rev. Mr. Ross is absent attending the meeting of the General Assembly.

Save 25 per cent. by buying your teas and tobaccos at Gunn Bros.,

Township of Eldon Court of Revision to revise the Assessment Roll will be held at Maguire's Hotel, Hartley, on Monday, the 31st inst.

For the next week goods will be sold at Jas. A. Mitchell & Co's at 75cts on the \$. Call and secure good bargains.

Eldon Township Council met on Saturday last, and that petition from the village, where, Oh where, was it? Committee, please rise and explain.

Since the rains growth has been very rapid, the fields are looking beautiful and green—quite a relief from the sombre brown of the past six months.

The late heavy rains has greatly retarded seeding in this vicinity; low, wet lands being in many places completely submerged. However, a few days of warm dry weather will see the larger part of it done.

On Monday morning last Mr. G. W. Millar had a very narrow escape from what might have been a serious accident. During a strong gust of wind the large sign over McIntyre & Prior's Store fell to the sidewalk, striking not a foot from Mr. Millar, who happened to be passing at the time.

The meeting proposed for the 10th inst., (last Monday) resulted in nothing. Our villagers do not seem to take much interest in village matters. The apathy exhibited in regard to the sidewalk question being intense. All acknowledge that they would be most desirable, but that is all they seem inclined to do in the matter.

We clip the following from the Creston Advertiser:—"Mr. Jno. B. Campbell, of Peterborough, Ontario, arrived in this city on Monday last, and took a position in the blacksmith shop at the round house. Mr. Campbell is brother-in-law of Ned Sidey, foreman of our newspaper department, and also has relatives in Greenfield."

Our cheese factory opens this week. Besides the manufacture of cheese it is intended to go extensively into butter making. Mr. Miller has introduced the latest improved churn, and a neat little engine for this purpose. As factory-made butter commands a much better price in the market than the home-made article we predict a good and lucrative business for Mr. Millar.

In Season.—The Toronto Mail says: "Cat," a game played by boys, is now in season, much to the disgust of persons having occasion to use the sidewalk for pedestrian purposes. The game consists in a small stick, pointed at either end, by a process of battering, being sent whirling through a window, or into the face of the unoffending passer-by." The same game is in vogue here, as our windows can testify.

Early.—Notwithstanding the unusual lateness and severity of the spring the trees in this neighbourhood are leafing some days earlier than usual. Our postmaster, Mr. Gilchrist, who for a number of years past has kept a record of the time of their appearance; informs us that they usually show themselves between the 12th and 20th of this month. This year, the 11th sees them arrayed in their summer garments.

Hymenial.—The following particulars relative to the marriage of Miss Lizzie Crouter, formerly of this place, we copy from the Gladstone News:—"This week it is our pleasant duty to chronicle another of those matrimonial ventures which are getting so fashionable among us; and in passing we might just say that we are always ready and willing to give such doings the honors they deserve. Last Thursday Mr. S. T. Wilson made the best consignment of his life, when he consigned himself, freighted with hope and love, to the care and keeping of Miss E. Crouter. The pair were made one by the Rev. W. R. Morrison, at the Malcolm Hotel, and after the congratulation of friends, drove through the town. Now that the genial freighter has freighted himself into a binding contract, it only remains for us in common with his many friends to wish him a pleasant trip through this life, all the joy that his partner and him expects and a satisfactory settlement and clear receipt at the end. The bride was accompanied by Miss Leech as bridesmaid, and both were attired alike, viz: Dress, Navy blue, lustre and silk basque with trimmed skirt. Head dress—Bridal veil with orange blossoms. White kid slippers, and lavender gloves. The bridegroom was accompanied by Mr. Wm. May, and both were dressed in plain broadcloth. The happy couple are living in their own house in town.

Dr. Abernethy's Worm Candy is put up in two colors, one containing a purgative and one without, which combination no other Candy has. This alone makes it very valuable in case your child requires an opening medicine. It is the most effectual WORM DESTROYER known, pleasant to the taste, and as they contain no mineral, may be administered to the most delicate constitution. Full directions accompany each box. Price 25 cents, or 5 for one dollar.
