To clean out a stove pipe the follow-
 ing is recommended: Place a piece of
 zinc on the live coals in the stove and
 the vapor produced by the zinc will
 carry off the soot by chemical decompo-
 sition.

AN honest, respectable working man
 or woman is to be honored. Then do
 not slight such a one on the street, if
 you are acquainted, even if by recogni-
 tion you lose caste with the shoddy
 class with whom you are in the habit
 of keeping company. We don't charge
 anything for this counsel.

TIGR facing caused the liver of an
 Indiana woman to grow fast to the
 epigastrium, causing her death. Ladies
 cannot be too careful in guarding
 against such a calamity as this. When
 tigr facing must be indulged in the
 epigastrium should be removed and
 locked up in the bureau drawer for
 safety.

"MOTLER," remarked a Duluth
 girl, "I think Harry must be going to
 propose to me." "Why so, my daugh-
 ter?" queried the old lady, laying down
 her spectacles, while her face beamed
 like the moon in its fourteenth night.
 "Well, he asked me this evening if I
 wasn't tired of living with such a mena-
 gerie as you and dad?"

TRY IT.—The following is recom-
 mended as an effectual method of get-
 ting rid of moths in carpets: "Wring a
 coarse, crash towel out of clear water,
 spread it smoothly on the carpets, iron
 it dry with a good hot iron, repeating
 the operation on all parts of carpets
 suspected of being infested with moths.
 No need to press hard, and neither the
 pile nor color of the carpet will be in-
 jured, and the moths will be destroyed
 by the heat and steam.

No better incentive to right-doing
 could be given to a boy than a year's
 subscription of the *Boy's Own Paper* of
 healthful literature. The frontispiece
 is a fine colored plate of the Prince of
 Wales and his two sons, in their bril-
 liant uniforms. The general contents
 embrace good stories, narratives of ad-
 venture, instructions as to making
 fishing tackle, as to painting, etc. To-
 ronto: Wm. Warwick & Son; 15c. a
 copy; \$1.50 per annum.

"JOCUND SPRING" is the title of
 the pretty frontispiece this month in
 the *Girl's Own Paper*. In the contents
 are embraced complete and continued
 stories, hints as to dressmaking and
 netting, useful hints as to ink stains,
 etc.; how to prepare for examinations,
 a pretty new duet (for violin and piano)
 entitled "A Sister's Lullaby," and sev-
 eral fine pieces of poetry. Toronto;
 Wm. Warwick & Son; 15c. a copy;
 \$1.50 per annum.

PARENTS and guardians should re-
 member, as one of our exchanges re-
 minds them, that "during the last ses-
 sion of the Ontario Legislature an Act
 was passed requiring the parent and
 guardian of every child not less than
 seven years, nor more than thirteen
 years of age, to cause such child to at-
 tend a public school, or any other school
 in which elementary instruction is
 given, during the whole time in each
 week for which such school is open for
 instruction of children, and for the re-
 spective periods of eleven weeks in each
 of the two terms of the public school
 year, unless there be reasonable excuse
 for non-attendance."

KING JOHN, of Abyssinia, is dead. He
 succeeded Theodore when that monarch met
 his fate at Magdala, and was even more war-
 like and turbulent than his predecessor.
 In his conflicts with Egypt he won three
 victories, though his army was armed with
 less effective weapons. Indeed he was con-
 stantly at war with some one or other of his
 neighbors or vassals and these struggles will
 likely be continued by his successor.
