To the Editor of THE ADVOCATE:

Sir,—I regret to notice in your issue of the 4th instant, a half column of reply to my advertisement against harbouring or trusting my wife. One of the reasons obliging me to take that precautionary step, having been caused from former expenses I had to pay this kind Mrs. Morrison for taking care of my wife for a month before she was admitted into the asylum. As to the ill-treatment mentioned I believe those who have known me longest, particularly in Woodville and Kinsale, will know whether such statements are true or are the words penned by an insidious enemy, who, along with Mrs. Morrison to accomplish their end, have taken this means of injuring my character abroad. I am prepared to prove all their statements to be wilfully false, and the physicians who attended my wife as also my neighbors who waited on her know whether I was otherwise than a proper and devoted husband, or that this reply is truly an attempt to injure me. My wife had been a slave to Mrs. Morrison, and she never came to my wife to give her any assistance until she found my wife was about being brought home. Mrs. Morrison has been so daily industrious with her coadjutor, she having written to a party here a very dirty and disgusting letter about me, the representation in that letter having subsequently been communicated through Mrs. Morrison to my already poor demented wife, who has allowed herself to be deceived from me into her snare, designedly set to accomplish her purpose; further, when living at Kinsale, on request of Mrs. Morrison, I consented to her going home with Mrs. Morrison for a change. After she had remained there a few weeks I received a telegram from Mrs. Morrison requesting me to take my wife home as she could not do anything with her, that she was constantly fretting, wanting to return home, which fact alone does not have the in-treatment look at that time. This reply to my "complicity" advertisement purports to have emanated from my wife, but your readers and my friends will readily unveil the mask, and to be the hatch of others well known to me and my friends all over, and in my wife even now were left alone, she would tell a far different story, and that there never was a cross word passed between us. I think I will have ere long an opportunity of personally contradicting these slanders, and probably fasten upon one or more the authorship of that reply who seemingly (in the eyes of your local readers) have taken so much of sympathy in my wife's behalf. I cannot at present, from press of my business, enter more minutely into this matter, and must conclude by saying I had made every possible preparation for my wife's return home, and up to my last visit to the asylum to see her and prepare her for return, she had always been friendly and hopeful of again joining her family. There is one question I had nearly forgotten to ask, and it is that the writer will be good enough to name the neighbor my wife had to live for protection.

NEW MAIL LINE.—A new mail line is under consideration between Uphill and Corson's Siding, via Head Lake, Oakhill and Bexley. This will do away with the present line between Victoria Road and Bexley, and will be a much longer trip.

WHEN DOCTORS DISAGREE, WHO SHALL DECIDE?—Nothing is more variable than the different opinions of medical men; but when they fail to agree, or to perform a cure in a chronic disease, the patients often decide for themselves, and take Burdock Blood Bitters, and speedily recover. It is the grand key to health that unlocks all the secretions, and liberates the slave from the captivity of disease.
