From Our Correspondent.

On Thursday evening Mr. John King, fireman in McKenzie Bros. saw-mill, was suddenly attacked with rheumatism and on the following day was unable to move hand or foot. This is the fifth time that John has been taken down with that very painful disease. As the warm weather is setting in it is supposed he will recover in a few days.

One sunny day during the fore part of the week a stranger, who was driving three cows appeared in our thriving village and after having rested himself offered his cattle for sale. Having asked a reasonable price, Mr. J. McDonald of our village made a "deal" with him giving \$77.50 for the cows. On the following day another stranger who appeared very much excited arrived in the village and hastily enquired if a stranger had recently sold three head of cattle here, On being answered in the affirmative, he stated that they had been stolen from him, but did not feel disposed to follow Mr. McDonald for the cattle, but pushed on to Orillia where he overtook No. 1, and compelled him to pay him for his cattle. On the third day auother innocent looking stranger, who was foot-sore, weary and dry, appeared on the scene looking for three cows also. He produced a chattle morgage on the three cattle, amounting to \$19.50 and I suppose Mr. McDonald will have to pay him. However, Mr. McDonald did not feel disposed to be trifled with in this way and so he telographed to Orillia to have No. 1 and 2 arrested. We have not heard wheather they were captured or not. It is supposed it was a "put up job" among them. They were from Haliburton.

On Thursday evening a regular leap-year party took place at the residence of Mr. Foster, and was largely attended by the marriageable young men from our village. The party was a success in every respect. Taey all enjoyed themselves immensely.

Mr. McKenzie is having a handsome porch erected at the front of his residence. Mr. McFadyen is the builder.

Mr. Fraser, agent for Harris Son & Cos. celebrated selfs-binder, has on hand all kinds of farming implements. He intends erecting a shop where he will guarantee to the farmers to keep on hand all kinds of repairs. Mr. Fraser is well known in this part of the country to be one of those men in whom the utmost confidence can be placed, consequently the farmers should not hesitate to send in their order for farming implements at once.

Lorneville.

From Our Correspondent.

We are informed that Mr. Stott of Woodville intends moving here soon, and will start business in connection with Mr. Fraser, our blacksmith, this will be a great convenience to this section. We have no doubt but he would do well here.

The Smith farm containing 100 acres was sold last week by auction at Woodville for the sum of \$3,100. Mr. Alex, McAlpine Lind ay was the purchaser.

Mr. Arch. Shaw 7th Con., has rented the McAlpine farm east of here for the sum of \$350 per annum. We wish him success in his enterprise.

At the residence of the groom's brother, Mr. Samuel Chambers 5th Con. Eldon, Mr Chambers, of Cambray was united in the bonds of wedlock to Miss Maggie Murray of Brock. After the knot was tied the young couple started for Cambray, we wish them much joy and a long, happy and prosperous life in their wedded sphere.

The most of the fall wheat in this vicinity has been ploughed up.

The weather is all that could be desired at present, and if dry this week seeding will be nearly completed in this section.

A serious and probably fatal accident occurred on Sunday last, to Alexander Mc-Alpine, eldest son of Mrs. P. McAlpine, it appears the little fellow and some other boys were amusing themselves on the railway turntable, when he accidently got caught and was jamed so bad that his recovery is despaired of. This turntable is highly dangerous and should be removed or children prohibited from using it.

Mr. James McLeod east of here one day last week, while his horses were feeding at noon, carried on his back a heavy plow one and one half miles to the blacksmith shop.

There will be no preaching in Eldon church next Sunday, las Mr. Gillies is to preach at Eldon Station.

Mr. Geo. L. Fisk has returned home from Dakota. He did not find that Land of Promise all that he anticipated and after a short tour of the state he has come back.

Mrs. Boden of this village claims to have a duck that one day last week produced two eggs (natural size) in one day.

Scarlet fever has attacked the village. Several families are sufferers at present. We would advise the council of the Township to appoint a health officer in each village in the municipality

Maple Hill.

From Our Correspondent.

It is with regret we chronicle the death of Mr. Robert Green, who died at the early age of 44 years, he leaves a widow and one child to mourn his untimely end, he was a wood neighbour and was loved by all who knew him, his end was peace.

Mr. Knight lost a valuable mare and foal. recently also a cow and calf and several lambs, the loss is a heavy blow to Mr. Knight.

The Misses Nicholsons are home on a visit, they are looking well and we hope are having a pleasant time. - Miss Effie Tolmie went to Toronto last week to fill a position there with her cousin Miss M. Smith, of Woodville.-Miss Robinson, of Fenelon Falls, is visiting Miss C. Kennedy .- Miss M. Landall, is in Lindsay where she intends to remain for some time. -Our new neighbors, the Dows are busy moving to the Murchison estate.

Roads splendid. - Fall Wheat looking well, but some spots killed .- Farmers busy plowing, several fields of wheat sown. Sunday! School reopened in S. S. No. 9. Sugar making over .- Vinegar making now.

A CASE OF BIGAMY

A Woodville Lady Interested.

On Saturday last a young man, well known in Woodville, named Atchison Nixon, was arrested by Detective Reid, on a charge of bigamy in Toronto Nixon was arrested while at work and the warrant asserts that Nixon who was married some four years ago to Miss Flora McDonald, of Woodville and by whom he had two children, had taken to hitmelf still another spouse, in the person of Miss Maggie McLean of Hamilton, with whom he was then living. Miss McLean hearing of her husbands, faithlessness promptly had him arrested, and he is now lodged in jail. The case came up for hearing before the police Magistrate on Monday, but was postponed until the 30th.

Fatal Boating Accident at Midland.

On Sunday last a party of young men left Midland for a pleasure sail on the Georgian Bay. The day being beautiful no danger was apprehended, and their destingtion being reached the return was commenced. As commonly occurs on these waters a squall suddenly arose, the boat capsized and the party of twelve were thrown into the water, fully two miles from land. After drifting in the icy waters for an hour an a half, the party were seen and those who curvived rescued, three lost their lives from the severe coldness of the water. One of the deceased was a commercial traveller named Pease, and well known in this village. The others were Wm. Cann, agent of the Great North Western Telegraph Co., and one Charlie Hastings, of Midland.

Jecob Lockman, Buffalo, N. Y., says he has been using Dr. Thomas' E lectric Oll for rheumatism; he had such a lame back he could not do anything, but one bottle has, to use his own expression, "cured him up." He thinks it is the best thing in the market.

THE FALSE PROPHET.

He who prophesies falsely of the weather, leaves off his flannels and overshoes, and catches cold, is indeed unwise. If you follow this false prophet your rescue lies in taking Hagyards Pectoral Balsam. It is the best cough curs and the safest throat and lung remedy known to medical science.

MUCH IN A LITTLE.

Many proprietary medicines, if they cure at all, require such a large quantity to produce effect that it makes them very uncertain and expensive remedies. Not so with Burdock Blood Bitters, It is highly concentrated, and for all diseases of blood, liver and kidneys, one or two bottles will cure more than gallons of the weak mixtures usually sold. Send for facts and figures.

The superiority of Mother Graves' Worm Exterminator is shown by its good effects on the children.

HAIR RENEWER

was the first preparation perfectly adapted to eure diseases of the scalp, and the first sucecesful restorer of faded or gray hair to its natural color, growth, and youthful beauty. It has had many imitators, but none have so fully met all the requirements needful for the proper treatment of the hair and scalp. HALL'S HAIR RENEWER has steadily grown in favor, and spread its fame and usefulness to every quarter of the globe. Its unparal-

cause: the entire fulfilment of its promises. The proprietors have often been surprised at the receipt of orders from remote conntries, where they had never made an effort for its introduction.

leled success can be attributed to but one

The use for a short time of HALL'S HATE RENEWER wonderfully improves the personal appearance. It cleanses the scalp from all impurities, cares all humors, fever, and dryness, and thus prevents baldness. Is stimulates the weakened glands, and enables them to push forward a new and vigorous growth. The effects of this article are not transient, like those of alcoholic preparations, but remain a long time, which makes its use a matter of economy.
