Interesting Jottings From Other Places

Cannington. Some hard-looking citizens paid this village a visit last Saturday, evidently with the intention of leaving their mark. They were carefully watched, however, and consequently no depredations occurred.

A number of brethren of Peaceful Dove Lodge, I. O. O. F., were in Woodville on Sunday attending Divine service with the Odd-Fellows of that place.

A rather unusual freak occurred to the mare owned by Mr. Houston, of the Standard bank. The beast gave birth to twin colts last week. Both died.

The Odd-Fellows celebrated the anniversary of the institution of their order in America on the evening of the 26th by an oyster supper after "Lodge," Grand Master, Bro. Donogh, of Toronto, being the guest of the evening. A very enthusiastic greeting was given the distinguished visitor by our brethren and a pleasant and very enjoyable evening was spent. A number of visiting brethren were also present, but we did not notice any from Beaverton.

Judge Dartnell has come down somewhat severely on "Picturesque Canada." At a Sitting of the Division Court held last week at which several suits were being pressed by the Company to enforce payment. Judgment was given for defendants in six different suits. This affair appears to have been a perfect swindle and His Honor did well in carefully sifting the matter.

The new buildings on the main street are all well under way. A stranger dropping in here just now would come to the immediate conclusion that a boom had struck us. So it has and a very substantial boom at that.

All sorts of schemes are now afloat for the celebration of Her Majesty's Jubilee here. We are an intensely loyal people and such an occasion as this cannot possibly be allowed to pass without something being done to commemorate the event.

Another case of diptheria has developed, this time in the family of Mr. Richard Brandon. At time of writing his daughter Florence, was at the point of death.

Orillia.

The meeting we announced last week in behalf of the Bancroft, Ottawa and Irondale railway came off on Tuesday, not many of the citizens were there. A Mr. Pewsey and several companions from the eastern townships through which the railway is to pass were present to drum up the affair. About \$100,000 and as much more as possible is expected from this town and vicinity. Those present did not appear to be very enthusiastic in the matter especially when the bonus cropped up, and we anticipate considerable difficulty will be found in pushing it. The municipalities and government of this Province have been bled pretty freely by the railroad sharks and the prospects have got to be extremely tempting before the public care to bite now.

Since the town has decided to introduce the electric light a most interesting competition has sprung up among the various manufacturers of electric light plant. No less than three concerns are anxiously awaiting the job, while two of them have arranged a little excursion for the committee who have the matter in hand, to view the different systems in operation. This proposition cannot certainly be objected to, especially as the companions pay the bills.

The Protestant churches of the town propose holding a jubilee re-union celebration.

The Odd-Fellows of Orillia had a sermon preached to them in the Presbyterian church last Sunday afternoon. A large gathering of the brethren was present.

Balsover.

Judge Dean passed sentence last week on Wm. Young and Frank Brocklis the participants in the recent stabbing affair near here, the former was sent to Kingston for two years while Brocklis will be allowed to languish in the Central prison for six months. These parties have terrorized this section a long time but outraged justice has at last overtaken them and it is to be hoped the lesson will prove a wholesome one.

The people of Carden are about to enter suit against A. E. Stabback to compel him to pull down his dam. They will likely have their trouble for nothing, unless their leader, J. A. B. stretches out his hand to divide the waters as Moses did of old.

It is well that the writers of poetry under the Balsover heading are careful to name themselves, "Two well unknown Girls." Such an infliction on a long suffering public, it has not been the lot of the people of Balsover to suffer for a long time. Let us say to the poets, roman unknown, 'Twere better thus.

Fenelon Falls.

The lock gates are all about in position. The diver who has been engaged for some time has left for good. It is thought the works will be ready for use within a month.

Some young scoundrels undertook to hunt the fine deer in the town park with hounds last week. One fine buck was run to death and a fine doe came nearly sharing the same fate. The authorities threaten to shoot any dog found within their premises.

The ice shoved out two of the timber supports from the railway bridge above the falls. A new bridge is to be built shortly.

A tremendous body of ice has fallen over the falls this year but comparatively little damage has been done.

Argyle.

The following are the names of the pupils in S. S. No. 2 Eldon, who obtained "Honor Cards" for the month of April:—

Enjoy Life.

What a truly beautiful world we live in! Nature gives us grandeur of mountains, glens and oceans, and thousands of means of enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up disheartened, discouraged and worn out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof, that "Green's August Flower," will make them free from disease as when born. Dyspepsia and Liver Complaint are the direct causes of seventy-five per cent. of such maladies as Biliousness, Indigestion, Sick Headache, Costiveness, Nervous Prostration, Dizziness of the Head, Palpitation of the Heart, and other distressing symptoms. Three doses of "August Flower" will prove its wonderful effect. Sample bottles, 10 cents. Try it. If
