NEW ADVERTISEMENTS.

ADAM FOREPAUGH.—Circus.
 J. W. STEPHENSON.—Warning.
 MISS CAMPBELL.—To the Ladies.
 MCINTYRE & PRIOR.—Everything New.

Local Matters.

No service will be held in the Presbyterian Church next Sabbath morning, Rev. Mr. Ross being away to the general assembly.

You save 25 per cent. by getting your teas at Gunn Bros.

The Band are practising steadily for the R. C. Pic-nic at Beaverton, next Wednesday. We hope to see a good turn out from here.

Coal Oil! Coal Oil!! Coal Oil!!! at McIntyre & Prior's.

Dentistry.—One of the firm of Neelds & Emmons, of Lindsay, will be at the "Queen's" next Tuesday and Wednesday, to attend to troublesome teeth.

CASH PAID for butter at Gunn Bros. 1000 TUBS WANTED.

There will be no service in the Methodist Church next Sabbath, June 13th, owing to the absence of the Rev. Mr. Jewell at the Belleville Conference.

McIntyre & Prior are giving extra value in Sugars—11, 11½, and 12 lbs for \$1.

The Rev. J. L. Murray, M. A., occupied the pulpit of the Presbyterian Church morning and evening last Sabbath. The morning services were very solemn and impressive.

Another new stock of Boots & Shoes to open in a few days at McIntyre & Prior's Extra Value.

Dressmaking.—Miss Campbell, late of Lindsay and Cannington, has started Dressmaking business in the house next door north of the Town Hall and solicits the patronage of the ladies.

One of our young men went off yesterday for a trip south. Dame rumor hath that he intends to come back double. We hope they won't forget the printer when they are cutting the cake.

As usual nothing has yet been done towards getting up a celebration for Dominion Day. Always leave it to the last minute and then wonder why more people didn't come to witness the sports.

Petty Thieves.—There are one or more of those gentry carrying on a thriving business in our village at present, especially amongst the stables, the main object of their cribbing being hay and oats.

If you go to the circus next Thursday, be on the lookout for pick-pockets. While Forepaugh was showing at St. Catharines Mr. Henry Stull, of Gant-ham, was relieved of his pocket-book, containing between \$30 and \$40, on the circus grounds.

Are the Police Commissioners going to do anything this year? If so, it is time they were at it. Our sidewalks are getting worse and worse every day, and it's almost impossible to walk up street without falling into a hole or tripping over a loose board. They might at least fix the sidewalk on the main street.

New Butcher Shop.—Two of our young men, Meears. John Stephenson and Charles G. Campbell, have started in the meat line in the shop lately occupied by Mr. Rod. Campbell, two doors west of the "Northern Hotel." We are always glad to see our young men striking out for themselves, and we hope they will be well patronized.

He wasn't Lost.—On Saturday last, Conductor Lethbridge, took his little boy, John jr., to the city for a trip, and while his father entered the office at the station to report, master John joined the crowd and wandered his way into the city. On missing him his father was greatly alarmed, thinking he was lost, and immediately telephoned the police to be on the look out for him. After some time spent in fruitless search Johnnie was found at the hotel, where the train men stay when in the city, and on being remonstrated with for going off alone, said he knew where he was going and "wasn't a bit lost." However, he succeeded in giving his father a bad scare.

No 1 Syrup at McIntyre & Prior's.

Great Forepaugh's Show—The Toronto and Nipissing Railway will issue return tickets from all stations north from Uxbridge to Cobocok on Thursday morning, June 17th, good to return the same or next day. A special train will leave Uxbridge at 6:35 a. m., June 17th, connecting with Midland Railway for Lindsay, returning will leave Lindsay about 7:30 p. m. for Uxbridge and Cobocok.

Are you going to the Circus? This question has been on the tip of almost everybody's tongue since Forepaugh's bill poster was around last week and covered the fences with bills of "the greatest show on Earth." As will be seen by advertisement in another column, it will exhibit in Lindsay, on Thursday next, 17th inst., and comprises some of the most marvellous wonders ever heard of. Our exchanges say it is all the advertisements claim for it, so there is no fear of being "sold" if you go.

Accident.—On Monday evening, while playing in a yard on Queen Street at the rear of Mr. A. C. Campbell's residence, little Edgar Edwards fell from the fence and broke his right arm just above the wrist joint. He was taken home, and Dr. Clarke being called in pronounced the accident a bad one, both bones of his arm being broken clean off. The little fellow stood the pain of setting "like a brick," and will soon be able to play "cat" with the other boys. We hope his playmates will take warning by this accident and not be climbing over fences and along sheds in the reckless manner in which they are wont to do. Edgar is the second boy who has broken his arm from falling off sheds and fences in that neighborhood and the other lads will do well to give them a wide berth.

We wonder if parents are aware of the bad habits their boys are learning by being allowed to roam the streets at night, the most pernicious and filthy of which is chewing tobacco. One can hardly go anywhere on our streets but he meets with some lad or lads, even the very littlest, squirting tobacco juice through their teeth. Not only is this noticeable on the street, but we are sorry to say the boys are even guilty of chewing and spitting in our churches. Parents should make a determined effort to put a stop to this filthy habit. There are some lads in town who, to our own personal knowledge, chew more tobacco than a man could in a day, and as a consequence before many years go over their heads, they will be prematurely old and decrepit, the best years of their lives wasted, and all by the filthy, abominable practice of tobacco chewing.

TO THE LADIES! MISS CAMPBELL, DRESSMAKER.

Would announce to the ladies of Woodville and vicinity that she has started dress making next door to the Town Hall, where she will be glad to receive and promptly execute all orders entrusted to her, in the latest style.

A Mother's Duty.—Upon the mother revolves the responsibility of guarding her little ones against the fatal effects of those so iden and fatal diseases which often seem more like accidents than anything else, such as croup, acute sore throat, quinsy, etc. Then there are scalds and burns to be watched against and promptly treated, if their effects are not to remain life long blemishes. If you once come to know the value of Yellow Oil you will never feel safe without a bottle in the house. Price 25 cents.
