

Woodville Local News.

MARIPOSA Grangers will picnic at Cambray on the 22nd, (to-day).

The elections brought quite a number of strangers to town on Tuesday.

A HEAVY rainstorm occurred here on Saturday last. A perfect deluge fell for about an hour.

MANY of our villagers attended Lindsay last Thursday to hear the Hon. Edward Blake.

THE foundation for the new residence for the Midland station agent at Lorneville Junction is completed.

MR. KENNETH URE of Lorneville, started for the North-West yesterday morning.

A HUGE bon fire was lit on the Main street on Tuesday night, but we have not been able to discover its object.

UNTIL a late hour on Tuesday evening the telegraph office was besieged by anxious enquirers for election returns.

A SPECIAL train came from Toronto to the Junction on Tuesday last for the accommodation of voters wanting to vote in the country.

REV. MR. RICHARDSON removes to Baltimore, Ont., in the Cobourg district, for the ensuing year, and Rev. Mr. Francis Johnson takes his place here.

THE Victoria Road excursion on Thursday last must have been a decided success, judging from the large number on board the train when passing here.

THE excursion projected by the Eldon Agricultural Society had to be abandoned for the present, the Company being unable to furnish a train for the purpose.

MR. JNO. JAMIESON was in town during the week visiting his many friends; also Mr. E. J. Sidey, son of our old townsman, Mr. Jno. Sidey, now of Iowa.

WE never remember seeing such a profusion of apple blossoms as there is to be seen at present. If there is no drawback the yield of fruit will be large this season.—EX.

REV. MR. CURRIE, of Uptergrove, preached in the Presbyterian church on Sabbath last. Rev. Mr. Ross is absent at the General Assembly now in session at St. Johns, N. B.

THE Victoria County Court met in Lindsay last week. His Honor Judge Dean presiding. There was no criminal business, and His Honor received the usual pair of white kids.

THE Sutton Times says "it is greatly feared that the hay crop for this year is done for, with the exception of isolated patches of clover." We cannot say that such is the case in this neighbourhood. The grass looks well.

MR. A. C. CAMPBELL has erected a neat new fence before his residence. Mr. R. J. Harwood has given his blacksmiths' shop a coat of paint, adding much to its appearance. Mr. W. G. Stoddart has also been re-touching.

IT is intended, we learn, to gravel the town line between Mrs. Morrison's hill and the station. This is much needed. Since the Councils cut down the hill some two years ago, during wet weather, it has been a regular slough.

MR. JONES, the great bee-keeper of Beeton, Simcoe County, is around the country buying up all the hives he can secure. Mr. Jones is probably the greatest bee-keeper on the continent, having sold some \$25,000 worth of honey last season. Mr. Jones finds bee culture a most profitable business.

MR. VESNOR reiterates his statement respecting "a very stormy autumn, with early setting in of extreme severity and heavy snowfalls, reaching to the remote southern points. We are likely to experience one of the coldest periods in a long term of years, during the early part of 1882-83, but we will have the cold altogether, and the latter portion is likely to be mild and open with a very advanced spring."

RECENTLY in Toronto at 75 Yonge street, over 500 physicians and sufferers visited Dr. Souville, of Paris, and ex-aid surgeon of the French Army, using his wonderful instrument, the Spirometer, for the cure of catarrh, bronchitis, asthma, and all throat and lung diseases. The Doctor, or one of his surgeons from the International Throat and Lung Institute, 75 Yonge Street, Toronto, will be at the Eldon House, Woodville, Monday and Tuesday, June 26 and 27, and will have with him a supply of spirometers and medicines. Physicians and sufferers can try it free.

A WISE PRECAUTION.—During the summer and fall people are liable to sudden attacks of bowel complaint, and with no remedy or medical aid at hand, life may be in danger. There whose experience has given them wisdom, always keep Dr. Fowler's Extract of Wild Strawberry at hand for prompt relief, and a Physician is seldom required.

ZOPESA.

(FROM BRAZIL.)

The New Compound, its wonderful affinity to the Digestive Apparatus and the Liver, increasing the dissolving juices, relieving almost instantly the dreadful results of Dyspepsia, Indigestion, and the TORPID LIVER, makes Zopesa an every day necessity in every house.

It acts gently and speedily in Biliousness, Costiveness, Headache, Sick Headache, Distress after Eating, Wind on the Stomach, Heartburn, Pains in the Side and Back, Want of Appetite, Want of Energy, Low Spirits, Foul Stomach. It invigorates the Liver, carries off all surplus bile, regulates the Bowels, and gives tone to the whole system.

Cut this out and take it to your Druggist and get a 10 cent Sample, or a large bottle for 75 cents, and tell your neighbor about it.
