Thomas Myers, Bracebridge, writes: "Dr. Thomas' Electric Oil is the best medicine I sell. It always gives satisfaction, and in cases of coughs, colds, sore throat, &c., immediate relief has been received by those who use it."

The admission of civilians to all military barracks in Ireland is prohibited. Sentries have been doubled and night patrols quadrupled. The greatest precautions are taken against explosives being carried into military quarters.

THE HAIR OF SAD SIGHTS—the grey hairs of age being brought with sorrow to the grave is now we are glad to think becoming rarer every year as the use of Cingalese Hair Restorer become more general. By its use the scanty locks of age once more resume their former color and the hair becomes thick and luxuriant as ever; with its aid we can now defy the change of years, resting assured that no grey hair at any age will come to sadden. Sold by all druggists at 50 cents per bottle.

The Prince of Wales and Duke of Albany were present at the Hamilton Palace sales last Tuesday, and inspected the collection of porcelain. A pair of fine mandarin vases fetched 1,180 guineas; an oblong box, with foliage flowers in landscape and ornaments of silver and gilt, brought 1,317 guineas; and a black lacquer box which formerly belonged to Napoleon I. 700 guineas.

Nor the slightest affinity exists between the numberless cough mixtures with which the market is flooded and that successful preparation—Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda. It stands alone, distinct, is like itself, and nothing else. It embodies the best results of advanced pharmaceutical science. It accomplishes positive, decisive results, effectually relieving coughs (when the lungs are not tuberculous or hopelessly affected), colds, laryngitis, and diseases of a scrofulous origin. While it does not cure Consumption, it is the most reliable means of defence against that dreaded scourge. The invigorating properties of the hypophosphites reimburse the system debilitated by the constant wear and tear of a cough, while the paroxysms rapidly diminish in violence, in consequence of the soothing emollient action of the cod liver oil upon the inflamed lung membrane. The phosphorus, lime and soda in combination with it, are all natural components in the construction of the bodily edifice, which, in a state of decay, lacks a sufficiency of those elements. These the hypophosphites supply, increasing the nutritive properties of the blood, and building up and rehabilitating the tottering human structure with a degree of promptitude as astonishing as it is gratifying to the invalid. A perceptible gain in flesh as well as in strength is one of the consequences of using this standard preparation, which both time and experience have demonstrated to be fully worthy of the confidence reposed in it. Prepared by NORTHROP & LYMAN, Toronto, and sold by all druggists.
