### A Gentle Visitor,

I! the balmy spring tide,  
Daughter of the sun;  
Down my father's "beam-slide"  
Laughingly do run.

Golden wavy tresses,  
Eyes of deepest blue;  
With my father's kisses,  
Earth I come to you.

Usher gentle showers,  
Come back singing birds,  
Spring up fragrant flowers,  
Skip forth bleating herds.

Steal out, happy lovers,  
Pipe out shepherd boy,  
Splash out streams and rivers,  
Dance out ships for joy.

Wave ye graceful branches,  
Sigh ye quivering leaves,  
Hold ye rugged beauties,  
Rural revelries.

Mellow lighted bowers,  
Cheerful sunny slopes,  
With your magic powers,  
Brighten faded hopes.

Blighted hearts! I may sunshine  
Penetrate your gloom,  
Setting forth the spring time,  
Shining 'yond the tomb.

I, the balmy spring tide,  
Daughter of the sun,  
Down my father's "beam slide"  
Laughingly do run.

Golden wavy tresses,  
Eyes of deepest blue,  
With my father's kisses,  
Earth-I come to you.

Three moons are my portion,  
April, May and June,  
Then I have vacation,  
Spring-time passes soon.

LEIGH STURGEON.

### OUR NEIGHBORS.

#### BRECHIN.

The laying of the corner stone of the new Methodist church here last Friday brought out quite a crowd. The interesting ceremony was performed by Mr. A. Tat, of Orillia. Beneath the stone was placed the usual newspapers, coins and records, after which the interesting service of the church was rendered, closing by the band playing "Nearer My God To Thee." At the close of the ceremony the audience adjourned to Mr. P. Ritchie's grove, Lake Shore, where dinner was served, after which addresses were delivered by a number of Rev. gentlemen who were present. Altogether a very pleasant, and for the church, profitable time was spent.

#### THORAH.

The spring crop, although rather later than usual looks well. Fall wheat, throughout the township generally, has been a failure; a favored few have a fair crop, but three-fourths of the entire input has been ploughed under. Farmers are now busy putting in their potatoes, turnips, etc., and as the ground is in excellent condition, the prospects for a good yield are favorable. The fishing craze has struck us strong as the tail end of a cyclone. Any farmer who don't get up at 2 o'clock at least three mornings in the week and with fishing rod and bait lie himself away to the mouth of the "Talbot" is away behind the times. Its beautiful to see the patience with which we hold out a 13 pound green balsam pole for hours, feeding the perch, while our teeth clatter like a planing mill and hunger gnaws fiercely at our vitals. If we get a couple of six inch black bass we go home resigned and console ourselves with the thought, that we'll get 'em next trip. The peddler and the tramp are let loose upon us once more and it keeps us bustling to prevent our larder from going into liquidation as these fellows have appetites like ditchers. We had almost forgotten their existence during the long winter months, when they were probably "sucking their paw" (or perhaps something stronger) when lo! they pounce upon us, strongly reinforced like a nest of hornets. To the farmer, we extend the hand of friendship, give him the old arm chair and the most comfortable nook, while we rummage around and scarp up all the eggs, sheepskins, etc., we can scrape together. If we are out of tobacco and the mosquitoes bad when the latter calls, we whistle up an imaginary bull dog and talk threateningly about getting down the blunderbuss, when he quietly levants. If we are in good humor we set up the bread and milk. We have usually a tramp or a peddler along every day. Keeps things lively and prevents life from getting monotonous.

### District Gleanings.

An attempt was made to burn the Forest House, Bobcaygeon, on the 19th of May.

It is understood that the Postmaster-General is considering the advisability of making the three cent postal rate cover letters of an ounce in weight, instead of half an ounce as at present.

The name of Rev. Dr. McTavish, of Lindsay, is spoken of in connection with the pastorate of the Central Presbyterian Church in Toronto.

Woodstock has four or five law suits on its hands. The town is in a fair way to learn that while there is a great deal of uncertainty about the law, there is none about the costs.

Capt. Mac. has got into bad repute with the Parry Sound people. The "Star" warns him that if caught there he will get a free ride and a change of wardrobe.

It is said the young man who took the situation of young Elsie, who was killed at Allandale, met with an accident last week and had to give place to another.

Mrs. Wilson, widow of the late George Wilson, killed by the snow plow accident near Severn Bridge, died on the 13th of last month after a short illness, resulting from inflammation of the lungs. The deceased leaves a family of four children three boys and one girl who are now left fatherless and motherless in so short a time.

### SURGEON GEN'L W. A. HAMMOND

says we can each prolong our life if we learn the secret thereof. **WHAT IS THIS SECRET?** If you soak a sponge in oil, the sponge will have in it all the peculiarities of the oil. So every organ in the body contains all the peculiarities of the blood. If the kidneys, the "only" blood purifiers, do not clean the blood of the waste of the system, then the various organs will give out and you will have **RHEUMATISM, MALARIA, HEADACHES, AGUE, CHILLS AND FEVER, IMPOTENCY, BLADDER DISEASES, LAME BACK, NEURALGIA, NERVOUSNESS, BAD EYES, STOMACH TROUBLES, BOILES, CARBUNCLES, Abscesses, Apoplexy, Paralysis, and in women, Female Troubles.** The secret of good health then lies in "keeping the kidneys well." If you don't, you can't cure any of the above diseases. They may not suspect it, but eight persons out of every ten have some form of kidney derangement. The only scientific blood purifier is the famous **WARNER'S SAFE CURE**, which not only cures kidney diseases, but the "majority of ailments," which really come from unsuspected kidney disease.

Mr. C. Wilmot of Newcastle, deposited 250,000 salmon trout in the Bay of Quinte, on Monday last, and took 800 fine black bass to the breeding beds at Newcastle. Their fry will be used to stock other waters.

A Hunt v. le tailoring house received an order the other day from a portly individual, measurement for a vest, breast 57 inches waist 60 inches, length 3 feet, size of armhole 30 inches. The vest will button around three ordinary sized men.

Holloway's Pills are strongly recommended to all persons who are much needed in power and condition whose stomachs are weak and whose nerves are shattered. The beneficial effects of these pills will be perceptible after a few days' trial, though a more extended course may be required to re-establish perfect health. Holloway's medicine acts on the organs of digestion and induces complete regularity in the stomach, liver, pancreas and kidneys. This treatment is both safe and certain in result, and is thoroughly consistent with observation, experience and common sense. The purification of the blood, the removal of all noxious matter from the secretions and the excitement of gentle action in the bowels, are the sources of the curative powers of Holloway's Pills.
