

Local Matters.

Beautiful moonlight nights.

Ice cream is all the rage in town.

Read our new advertisements this week.

Thermometer 85° in the shade yesterday.

Haying has commenced, showing a large crop.

New stock of Dry Goods, just arrived at Jas. A. Mitchell & Co.

Wild Strawberries are plentiful in the neighborhood of Cobocook.

The Orangemen of Mariposa district have decided to celebrate the 12th of July in Woodville.

A large number of Orangemen are expected in Woodville on the coming 12th, and a "big day" is expected.

The township of Eldon Court of Revision will be held in the Town Hall, Woodville, on Tuesday, July 22nd, at 10 o'clock a. m.

Bee.—The young people of the Presbyterian congregation had a "Strawberry picking bee," in connection with the festival, yesterday.

Communion.—A large number of people were in town last week attending the Communion services, held in the Presbyterian Church.

Strange.—A postal card passed through the office here the other day addressed to man in Eldon, but with nothing but the address written on it.

Service will be held in the Methodist Church, here, next and every alternate Sabbath at two o'clock in the afternoon. The intervening Sabbath service will be held as usual at 6.30 p. m.

Returned.—Mr. David Sidey, who some time ago went to Manitoba returned last Wednesday evening, looking hale and hearty. He seems well pleased with Manitoba and intends returning at an early date.

The Midland Railway have made some alterations in their time table. The following are the times of arrival and departure of trains for the season of 1879, at Woodville Junction:—Trains going north, 2:45, 1:50; Trains going south, 9:50, 3:35.

Warning.—Some mischievous person or persons are in the habit of tearing down posters, posted around the village almost as soon as put up. Any person who will give us information that will lead to the conviction of the parties will be rewarded. Beware, boys!

On Wednesday, the mixed train on the Toronto & Nipissing going south came to a stop in Clarke's cut owing to a break in a pipe in the locomotive. The passengers were compelled to wait the arrival of another engine from Uxbridge before continuing their journey.

Last Saturday Mr. Clifford, of Unionville, took possession of the "Queen's Hotel," in this village which he has leased from Mr. Andrew McPherson. Mr. Clifford is spoken of as a pushing and energetic young man, and is likely to receive a large share of public favor.

The most effective way yet discovered to kill potato bugs is to take the potato parings of the kitchen, sprinkle them with Paris green and place them between the rows in the garden. The bugs leave the vines to go for the parings, and are killed in great numbers.

The Crops.—The crops in this vicinity, are looking splendid; in fact they could not look better. Grain in low lands has suffered slightly from the continued rains in the early part of the season but altogether the prospects for the harvest, as at present defined are very favourable, and should they turn out good as anticipated we may safely look forward to a revival of trade and the beginning of the long expected good times.

Nuisance.—The slaughter house in connection with the butcher shop in the neighborhood of the Queen's is becoming an abominable nuisance to this vicinity, the smell emanating from its precincts are anything but pleasing and are such as to warrant the conclusion unless means are taken to suppress the nuisance immediately. Our police commissioners should look into the matter, and take steps to put a stop to it.

Concert.—The Concert held in Spencer Hall, on the evening of the 1st, by the Uxbridge choir, in behalf of the Methodist congregation of this place was so well and confidently say the best musical entertainment, ever given in Woodville, the anthems especially being perfectly rendered. The singing of Miss Bustin received well merited applause. Miss Bustin is gifted with a very sweet voice, which she has under perfect control, rendering her singing very soft and pleasing. The audience, owing to the torchlight procession was small but appreciative, but should the choir honor our village with another visit we are sure they would be greeted

Quite a number of visitors from a distance were in town on Tuesday.

The festival held here on the occasion of the induction of the Rev. Mr. Ross, proved a decided success. Rev. Mr. McNabb, of Beaverton, who has been Moderator of session, during our recent vacancy, acted as Chairman, and overjoyed by the harmonious settlement effected, conducted largely to the evening's entertainment by the happy manner in which he introduced the several speakers. Short, pithy addresses were delivered by several members of the Presbytery as well as by the Rev. Mr. Jewell, of the C. M. church, who heartily joined in welcoming Mr. Ross, as a co-worker in the service of the common master. The speeches were interspersed by appropriate music from the choir. Altogether a most pleasant and enjoyable evening was spent, and Mr. Ross expressed himself as more than pleased with the reception his new congregation accorded him.

Charivari.—One of those disgraceful affairs took place last Tuesday night in our village. On that day, Mr. Allan Lawson, had taken unto himself a better-half, and some one thinking it a good time for some fun, organized a charivari. But they went too far with their fun, and now it is probable our magistrates will be called on to settle the matter. An onlooker describes the carrying on of the drunken crowd (for we would be sorry to think that any young man in Woodville, in his sober senses would be capable of such an act,) as something akin to the infernal regions. They hooted and howled and finally burst open the door and entered, when the actions and language used to the inmates are described as something fearful. The ringleaders in this disgraceful affair are young men of whom better things are expected and who should certainly have known better, and were we to publish their names it would be much less than they deserve.

MARRIED.

At the Methodist parsonage, by the Rev. J. Washington M. A., on Tuesday, 1st of July, Mr. Alan Lawson, of Woodville to Miss Maria McGarr, of Cannington.

Names of delinquents will be removed as the amounts are paid. Others will be added from time to time.

WHAT THEY SAY OF IT! A FEW FACTS FOR THE PEOPLE.—There are but few preparations of medicines which have withstood the impartial judgement of the people for any great length of time. One of these is Dr. Thomas' Electric Oil. Read the following and be convinced:—Thomas Robinson, Farnham Centre, P. Q., writes, "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas' Electric Oil and since then have had no attack of it. I would recommend it to all."—J. H. Earl, Hotel Keeper West Shefford, P. Q., writes, "I have been troubled with liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas' Electric Oil, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried it on my horses in case of cuts, wounds, etc., and think it is equally as good for horse as for man."—A. Maybee, Merchant, Warkworth, writes, "I have sold some hundreds of bottles of Electric Oil and it is pronounced by the public, 'one of the best medicines they have ever used; it has done wonders in healing and relieving pain, sore throats, etc. and is worthy of the greatest confidence.'"—Joseph Rusan, Township Percy, writes, "I was persuaded to try Dr. Thomas' Electric Oil for a lame knee which troubled me for three or four years, and I never found anything like it for curing lameness. It is a great public benefit."

BEWARE OF IMITATIONS.—Ask for Dr. Thomas' Electric Oil. See that the signature of S. N. Thomas is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and take no other. Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

NOTE.—Electric—Selected and Electroized 115
